ROASTED ALIVE!

The following record of one day's accidents all from the same cause, viz: the use of in ferior Coal Oil, is taken from the Philadel phia Ledger of a recent date:

"The alarm of fire, last evening, at 7 o'clock, was caused by the burning of the dwelling, corner of 16th and Poplar, resulting from the explosion of a coal oil lamp.— Mrs. Hersh, occupying the second story of the dwelling had retired to her department a few moments before the discovery of the fire. On entering her room, she was found lying on the floor, wrapped in flames."

> GEISER'S PATENT SELF-REGULATING GRAIN SEPARATOR

CLEANER, BAGGER AND POWERS

No implement more important to the farmer than a First-class Grain Thresher and Cleaner-for none pays him so well and so

The above cut shows the only Geiser Ma chine now built under the immediate eye of the old inventors themselves, with all the additional improvements made during the

past 18 years, and now with FIRST-CLASS WORKMEN & MATERIAL this Machine just stands high above all of its class. As a thresher it is equal to the best, as a cleaner it is superior to any existing Machine. This is admitted by all honest competitors. Indeed it is the only Machine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from each other. this machine commands from 2 to 3 cents a bushel more than grain direct from any oth-er machine, settles the question of its supe-riority as a cleaner over all others. Impar-tial judges at all the State and County Pairs thal judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily understood and operated by those unskilled in machinery—more durable—threshing as much and yet cleaning better—with less power and more comfort to hand then any other machine in was to hands than any other machine in use-and besides all that is sold for less money and besides all that is sold for less money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz:—From a 2 Horse Railway or 3 Horse Lever Power, to a 10 Horse Lever Power, with prices ranging from \$190 to \$360, without power. We also make the latest impproved triple-geared Horse Powers, suitable for each size machine, ranging from \$50 to \$335. each size machine, ranging from \$30 to \$135, and all fully and fairly warranted. THE alarming increase in the number of frightful accidents, resulting in terrible deaths and destruction of valuable property, chused by the indiscriminate use of oils, know under the name of Petroleum, prompts us to call your special attention to an article which will, wherever used, remove the cause

which will, wherever used, remove the cause of such accidents. We allude to CARSON'S STELLAR OIL FOR ILLUMINATING PURPOSES.

The proprietor of this oil has for several years felt the necessity of providing for, and presenting to the public, as a substitute for the dangerous compounds which are sent broadcast over the country, an oil that is safe, brilliant, and entirely reliable. After a long series of laborious and costly experiments, he has succeeded in providing, and offers to the public, such a substitute, in

this trade-mark.

It is the duty and interest of all dealers and customers of illuminating oil to use the STELAR OIL only, because it alone is known to be safe and reliable. It is for sale by Amberson, Benedict & Co., Waynesbord, Manon & Statler, Marion.
