ROASTED ALIVE!
 The following record of one day's accidents, all from the same cause, viz: the use of inferior Coal Oil, is taken from the Philadelphia Ledger of a recent date:
 "The alarm of fire, last evening, at 7 o'clock, was caused by the burning of the dwelling, corner of 14th and Poplar, resulting from the explosion of a coal oil lamp."
 "About 7 o'clock, yesterday morning, a coal oil lamp in the hands of Sarah Alexander, who lives on Cowslip St. near 16th—She was severely burned."
 "Margaret Coligan, residing in the rear of 618 South st., was burned by the explosion of a coal oil lamp. Her husband, while attempting to extinguish the flame, was also severely burned. Two of the above named victims have since died of their injuries."
 All such fearful accidents, resulting in death and the destruction of valuable property, may be avoided by using "CARSON'S STEEL-LAMP OIL," which is known to be a perfectly safe and reliable illuminator. It is for sale by
 Amberson, Benedict & Co., Waynesboro; Christian Good, Quincy.

ANTIETAM
SASH AND DOOR FACTORY!

 Ringgold, May 11, '71. W. STEWART.

PATENTED SEPT. 21 1869
RYLAND'S PAT. CUTTER.

The merits of this machine consists in part, in the attachment of curved knives to the arms of the cutting-wheel, the shearing cut across the mouth-piece, the great power and directness of the blow, which treble the volume of material is cut, with less power than is required by any other machine; these combined with its durability and simplicity of construction, command public attention. Nothing liable to get out of order, but what a boy could remedy with a pocket wrench.
 Persons in want of machines of this description will do well by calling upon or addressing the undersigned. Good and responsible agents wanted to sell machines and territory.
 The above Machine is now on exhibition at the Waynesboro Manufacturing Company's Office. Persons interested should call and examine it, for it is what every farmer should have.

 April 27, 1871. J. W. M. & CO.

GEISER'S PATENT SELF-REGULATING GRAIN SEPARATOR
CLEANER, BIGGER AND POWERS!

No implement more important to the farmer than a First-Class Grain Thrasher and Cleaner—For none pays him so well and so speedily.
 The above cut shows the only Geiser Machine now built under the immediate eye of the old inventors themselves, with all the additional improvements made during the past 18 years, and now with
FIRST-CLASS WORKMEN & MATERIAL
 this Machine just stands high above all of its class. As a thrasher it is equal to the best, as a cleaner it is superior to any existing Machine. This is admitted by all honest competitors. Indeed it is the only Machine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority as a cleaner over all others. Impartial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily understood and operated by those unskilled in machinery—more durable—threshing as much and yet cleaning better—with less power and more comfort to hands than any other machine in use—and besides all that is sold for less money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz:—From 2 Horse, Railway or 3 Horse Lever Power, to a 10 Horse Lever Power, with prices ranging from \$150 to \$300, without power. We also make the latest improved triple-gear Horse Powers, suitable for each size machine, ranging from \$200 to \$350, and all fully and fairly warranted. For further information send for circular and price list.

ALL KINDS OF COUNTRY PRODUCE BOUGHT AND SOLD.
 June 29, 1871. **STOVER & WOLFF.**
CARSON'S STELLAR OIL!
THE alarming increase in the number of frightful accidents, resulting in terrible deaths and destruction of valuable property, caused by the indiscriminate use of oil, know under the name of Petroleum, prompts us to call your special attention to an article which will, wherever used, remove the cause of such accidents. We allude to **CARSON'S STELLAR OIL FOR ILLUMINATING PURPOSES.**
 The proprietor of this oil has for several years felt the necessity of providing for, and presenting to the public, a safe and reliable substitute for the dangerous compounds which are sent broadcast over the country, an oil that is safe, brilliant, and entirely reliable. After a long series of laborious and costly experiments, he has succeeded in producing, and offers to the public, such a substitute, in **"CARSON'S STELLAR OIL"**
 It should be used by every family because it is safe beyond a question. The primary purpose in the preparation of **STELLAR OIL** has been to make it perfectly safe, thus insuring the lives and property of those who use it. Its present standard of safety and brilliancy will always be maintained, for upon this the proprietor depends for sustaining the high reputation: the **STELLAR OIL** new enjoys.
 To prevent the adulteration of this oil with the explosive compounds now known under the name of kerosene, &c. &c., it is put up for family use in five-gallon cans, each can being sealed and stamped with the trademark of the proprietor; it cannot, therefore, be tampered with between the manufacturer and consumer. None is genuine without this trademark.
 It is the duty and interest of all dealers and customers of illuminating oil to use the **STELLAR OIL**, only, because it alone is known to be safe and reliable. It is for sale by
