ROASTED ALIVE!

The following record of one day's accidents, all from the same cause, viz: the use of inferior Coal Oil, is taken from the Philadelphia *Ledger* of a recent date:

"The alarm of fire, last evening, at 7 o'clock, was caused by the burning of the dwelling, corner of 16th and Poplar, resulting from the explosion of a coal oil lamp.—Mrs. Hersh, occupying the second story of the dwelling had retired to her department, a few moments before the discovery of the fire. On entering her room, she was found lying on the floor, wrapped in flames."

"About 7 o'clock yesterday morning, a coal oil lamp in the hands of Sarah Alexander, who lives on Cowslip St. near 16th.—She was severely burned.

"Margaret Colligan, residing in the rear of 618 South st., was burned by the explosion of a coal oil lamp. Her husband, while attempting to extinguish the flame, was also severely burned. Two of the above named victims have since died of their injuries."

All such fearful accidents, resulting in death and the destruction of valuable property, may be avoided by using "*CARSON'S STELLAR OIL*," which is known to be a perfectly safe and reliable illuminator. It is for sale by

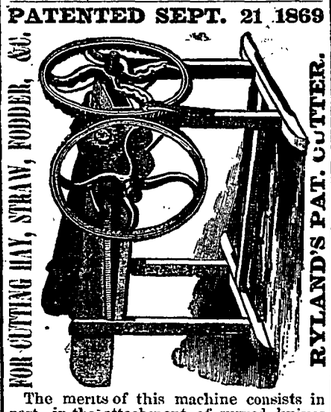
PATENTED SEPT. 21 1869



The merits of this machine consists in part, in the attachment of curved knives to the arms of the cutting-wheel, the shearing cut across the mouth-piece, the great power and directness of the blow, by which treble the volume of material is cut, with less power than is required by any other machine; those combined with its durability and simplicity of construction, command public attention. Nothing liable to get out of order, but what a boy could remedy with a pocket wrench.

Persons in want of machines of this description will do well by calling upon or addressing the undersigned. Good and responsible agents wanted to sell machines and territory.

The above Machine is now on exhibition at the Waynesboro' Manufacturing Company's Office. Persons interested should call and examine it, for it is what every farmer should have. H. C. GILBERT,

GEISER'S

PATENT SELF-REGULATING

GRAIN SEPARATOR

CLEANER, BAGGER AND POWERS!

No implement more important to the farmer than a First-class Grain Thresher and Cleaner—for none pays him so well and so speedily.

The above cut shows the only Geiser Machine now built under the immediate eye of the old inventors themselves, with all the additional improvements made during the past 18 years, and now with

FIRST-CLASS WORKMEN & MATERIAL

this Machine just stands high above all of its class. As a thresher it is equal to the best, as a cleaner it is superior to any existing Machine. This is admitted by all honest competitors. Indeed it is the only Machine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority as a cleaner over all others. Impartial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily understood and operated by those unskilled in machinery—more durable—threshing as much and yet cleaning better—with less power and more comfort to hands than any other machine in use—and besides all that is sold for less money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz:—From a 2 Horse Railway or 3 Horse Lever Power, to a 10 Horse Lever Power, with prices ranging from $190 to $360, without power. We also make the latest improved triple-geared Horse Powers, suitable for each size machine, ranging from $90 to $135, and all fully and fairly warranted. For further information send for circular and price list.
