

Waynesboro' Village Record.

Thursday, September 21, '71.

PRESS FOR SALE.—We still have for sale the Washington Press upon which the Record was printed previous to its enlargement. Price, \$100.

R. R. MEETING.—An important Railroad Meeting will be held at the Town Hall on Saturday next at 2 o'clock, P. M. We announced a couple of weeks since that it had been mutually agreed upon by the friends of the different lines in contemplation to solicit subscriptions for a Railroad to this place, a committee elected by a majority of the subscribers to make choice of Road &c. A considerable sum has already been subscribed and the work goes on. At this meeting this committee will be selected and other important business transacted. Those favorable to Miramar, South Mountain, Gettysburg, W. M. Branch, or even a road from Marion to the W. M. R. R., should all attend. The meeting is to be held in the interest of neither, but simply to perfect arrangements for carrying out the plan proposed, to secure railroad facilities as soon as possible, the committee thus selected to have the power to confer and negotiate with any company which will guarantee a road upon the most advantageous terms. In view of the great sacrifices made by our citizens annually, of both town and country, for want of a road, there should not only be a full attendance, but all who have not yet subscribed should do so at once, and not wait to be importuned upon the subject for weeks or months as has been the case with some heretofore. It is useless to plead this or that excuse and thereby expect to get a road and be enriched at the expense of others. Don't be narrow-minded. A Railroad is something which will mutually and permanently benefit all. Therefore all should promptly lend a helping hand.

Fruit cans are in demand. ABOUT PLAYED.—The ice cream season. Our county fair is approaching. NOT FAR OFF.—The election. ADVANCING.—The price of wheat. Yesterday was Ember Day. The days and nights will be equal on Saturday. Look out for the "equinox." Cool mornings and evenings are upon us. The days are growing perceptibly shorter at both ends. Our State and County election occurs Tuesday, October 10th. Grapes are unusually abundant this season. Sprinkle lime in your gutters and whitewash your damp cellars. Our merchants are fixing up for the fall trade. Watermelons in Baltimore sell at a penny apiece. Read Real Estate advertisements as they appear from week to week in the Record. Smith of the Town Hall Store is now East making his fall selections. New goods in a few days. Boerner of the firm Boerner & Wynant will return from the city in a few days with a stock of new piece goods, ready made clothing, &c.

Circulation of Record since its new outfit ranks it among the best advertising mediums in the county. The pews of some of our churches ought to rest on pivots, so that the occupants can see who comes in without straining their necks. CHANGED.—Mr. John Johnston it will be seen has changed the day of the sale of his tract of land from the 10th to the 11th day of October. Our Pikesville friend and patron, Mr. THOS. BRINGMAN, has placed us under obligations to him for a present of a basket of very fine peaches. BREW HOUSE.—It will be seen by reference to our advertising columns that the Brew House property, one of the finest improvements in our town, will be sold at public sale on the 4th day of October. TOURNAMENT.—We are requested to announce that a grand tournament and "hoop" will come off in the grove of Mr. David Blank, adjoining the Leitersburg turnpike, on the 30th inst. Riding will commence at 9 o'clock, A. M. Imitations of Hall's Vegetable Sicilian Hair Renewer are being thrust upon the market in great numbers; do not be deceived by them but demand Hall's.

A PECULIAR SECT.—In Millin, Juniata and Snyder counties, this State, (says the Harrisburg Telegraph) are large numbers of a singular sect called Omish.—These people somewhat resemble the Dunkers in their religious belief; but their customs include many peculiarities characteristic of themselves alone. They exceed the Quakers in their efforts to attain simplicity of dress. The men fasten their attire with hooks and eyes, and look upon buttons as an abomination in the sight of the gody. The Omish girls wear a blue cotton dress, the waist of which comes just below the armpits while their heads are covered with close fitting white skull caps, which give their faces a ghastly appearance. They have no poor; scoffers say that it is because when one of their number becomes poor they turn him out of the society; but that is a slander, for they are not only thrifty but charitable, never refusing to entertain a stranger without money and without price. They forewear all things that partake of worldly vanity, practice the right of baptism, immersion, and celebrate the last supper in mutton broth.

The Frederick County Agricultural Society hold their next Fair at Frederick, Md., on the 10th, 11th, 12th, and 13th of October. For attractiveness and general success the Fairs of this Society during the past three years have perhaps been unequalled, as evinced by the immense attendance of visitors. Arrangements are being made to render the coming Exhibition still more attractive. The grounds have been enlarged, and the track extended to a half mile. Hon. Horace Greeley will deliver the annual address. We acknowledge the receipt of the usual "complimentary."

CHARGED WITH CRIME.—The Cincinnati Commercial of Sept. 6, gives an account of the arrest of Rev. Wm. McElwee, pastor of the Presbyterian Church at Bowling Green, Ky., and Principal of a Select School at that place, charged with the seduction of a young lady, Miss Lambert, one of his pupils. He was committed to jail, but was subsequently discharged, on some legal technicality. A party of lynchers, dissatisfied with the turn the case had taken, forced Mr. McElwee to leave, under threats of taking the case in hand themselves. McElwee was formerly pastor of the United Presbyterian Church at Gettysburg, enjoyed the reputation there, says the Star, of a devoted, working Christian minister. Visitors generally have taken leave of the Mountain Houses, Beautiful View Springs, Monterey and Clermont. During the season each has been liberally patronized, much more so than formerly. The fact that the cars of the W. M. R. R. will run within a short distance of Monterey and Clermont makes it probable that these three delightful summer retreats will be still more generally frequented next season.

FATAL ACCIDENT.—On Sunday afternoon last a lad, son of Wm. Flocker, of Pikesville, aged about 12 years, fell from a Chestnut tree, breaking his arm in two places and fracturing his skull so seriously that death ensued the same evening.—It seems the unfortunate little one accompanied his father to the residence of his grand-father, at the Mountain, Mr. Matthias Nicholas, where the accident occurred with the result as above stated. THE WHY.—The following brief poem, a contribution to a Western exchange, is equally well "calculated" for other latitudes: I knew a woman, pale and slight, With heart in hopeless mood, Who often toils throughout the night To earn her husband's food.

FAIR.—The Fourteenth Annual Exhibition of the Agricultural and Mechanical Association of Washington county, Md., will be held on the 10th, 11th, 12th and 13th days of October. The Secretary, P. B. Witmore, will accept our thanks for a season ticket. DISGRACEFUL.—On Tuesday last a melee was witnessed on Main Street between an intoxicated Irish woman and a simple-minded citizen. The woman we understand, was knocked down and otherwise roughly used, to the disgrace of those who were eye witnesses to the brutal and uncalled for assault. On Sunday evening last the new Lutheran Church was crowded to hear the promised discourse on the subject of Temperance by the Pastor, Rev. C. L. Keedy.—The speaker was mild but forcible in his remarks, his discourse being calculated to make good impressions. CHICKENS KILLED.—The rats a few nights since made a raid upon the poultry yard of our venerable townsman, Mr. JAMES RICHMOND, killing forty-one young chickens. We understand Mr. R. has since been avenging the loss of his chickens by trapping the voracious quadrupeds. MEAN MAN.—The one who returned the Record this week after receiving it regularly since the 29th of last June. As a "sponge" he matches the man with the "big feet." We withheld his name for the sake of his family.

The work of grading and excavating on the Western Maryland Railroad, will positively be completed by the 22d of this month—all the way to Hagerstown. The track is already laid to within half a mile of Monterey Springs, and is being pushed forward as rapidly as it can be. So says the Williamsport Pilot.

An English writer has been engaged in estimating the amount of gold in the world in bulk. He says it could be melted in a lump—be contained in a cellar twenty-four feet square by sixteen feet in depth. A small lump, indeed to cause so much crime and misery.

Ringgold, Sep. 21, '71.

LOVE.—Last week we gave an opinion on fashion as one of the three powers some one said ruled the world. We now invite your attention to love, and while we do not want to wound the feelings of our Bachelor friends and customers we must nevertheless say that the man who does not love woman is of as little account in this world as the man who does not love a new fashionable Hat. Love should rule us in many particulars, and especially in crowning ourselves with a becoming Hat, just such an ornament as Upgradeff the Hatter can select to suit your style, shape and business, and don't forget to look at their handsome Shirts, Shirt Fronts, Ties, Stockings, Suspenders, Collars, Cuffs, Canes, Umbrellas, Hand-Trunks, Traveling and Shopping Satchels, Buggy Spreads, Robes, &c. Particularly their Gloves, at their Hat and Fur Factory, opposite Washington House, Hagerstown Md.

TERMS to be made known on day sale.

DENTISTRY.—Why is it that we see so many hideous-looking sets of artificial teeth wherever we go, seeming like so many ghosts? 1st. Because the teeth are neglected until too badly diseased to be preserved by filling. 2d. That the unskilled Dentist, by means of his cheap operations, induces so many to employ him. A. K. Branisholtz will endeavor to perform all operations in the most skillful manner. But no inducements offered to patients by low priced operations.

The New York municipal middle grows deeper, and the confusion of affairs increases. Connolly has placed Andrew H. Green in charge of the Comptroller's office, and the citizens' committee of seventy have been allowed access to the books and accounts. Hall appointed General McClellan Comptroller, but he declined to enter the fight, Connolly refusing to yield to the Mayor. The latter has issued orders to all the Departments to refuse to recognize Connolly or Green as Comptroller, and as the Paymasters will not accept their orders the laborers on the city works will not be paid and all operations will be stopped. The conflict is not yet near its end, and a resort to physical force is not an improbable result.

An exchange says the funeral of Alice Bewley, the unfortunate young woman whose body was found in the trunk in New York, took place Friday a week from the residence of her mother, in Patterson.—All of Patterson turned out to hear tribute to the memory of one who was generally beloved by her associates. The throng was so dense that scarcely room could be obtained for the cortege to move. The ladies decked the coffin with numerous fragrant wreaths, and the bottom of the hearse was covered eight inches deep with floral offerings by Pattersonians of both sexes.

Major Hall thought some of the Tammany accounts "perhaps exorbitant." For instance there was one little bill of 7,500 for thermometers. The dealer from whom they were purchased state that the city paid for the aforesaid thermometers just \$158, leaving the ring the handsome profit of \$7,342 on the lot.

Maine held her State election on Monday a week. The Republicans elected their State ticket by about 10,000 majority, and a large majority of both branches of the Legislature. Perhaps republicanism was elected governor over Kimball, Democrat.

A special dispatch from Denver says the election in New Mexico on Monday resulted in a republican victory. The republicans elected their delegate to congress and will have a majority in the Legislature.

The election in Colorado Tuesday went republican by an increased majority.—The Legislature is almost unanimously republican.

Robert Bonner makes another offer of \$100,000 for the horse which will beat his horse Dexter's time made one year ago.

In 1860 Kansas City had a population of 4,000; in 1870 it had run up to 40,000. The value of real estate had increased in proportion.

A twelve-year-old boy in Cincinnati stole a trunk full of his sister's clothing and 700 of his papa's money and "dug out" with his sweetheart, aged eleven.

Dr. O. A. Strecker, of Richmond, Va., an old and well-known citizen, near 70 years of age, has been indicted by the grand jury on a charge of procuring abortion.

The water in the Potomac river is lower than it has been for twenty years.

NERVOUS DISEASE.—How many thousands of the most refined ladies of the land are slaves to nervous diseases in various forms—trembling, twitching, and jerking of the nerves, headache, hysterics, sudden outbursts of temper, on trivial occasions, peevishness, a feeling of desperation, despondency or fear, &c. In any unhealthy condition of the nervous system, Briggs' Alleviator has absolute control over the nerves, creating a radical change and positive cure. Sold by F. FOURTEMAN and druggists generally.

PLEAS.—Look at those features and see the agony depicted in the face. It cannot be helped while the trouble remains.—This suffering from piles is of a very aggravated description. You cannot walk with any comfort; you cannot ride in peace; you cannot sit with ease, and the suffering when attending to nature is almost unbearable, and causes such feeling of dread that it is put off at great sacrifice to health and comfort, in many instances increasing the difficulty to an alarming extent. Use Dr. Briggs' Pile Remedies according to directions to cure internal, external, itching or bleeding piles. They are mild and reliable, and warranted as represented.

Sold by Druggists. CORNS, Bunions, Ingrowing Nails and their attendant ills, have been, in years gone by, and will be in years to come, a source of much discomfort and unhappiness to those who are annoyed with them. By persistent efforts and untiring perseverance, Dr. J. Briggs gave the suffering humanity his remedies—Alleviator and Curative. The popularity which they have gained, and the entire satisfaction derived from their use, is well known and can be attested by all classes who have suffered with Corns, Bunions, Ingrowing Nails, Chilblains, Frosted or Blistered Feet, &c.—Sold by druggists.
