HALL'S VEGETABLE GILKIN HAIR RENEWER.

Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical Hair-Dressing ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. HAYES, M.D., State Assayer of Massachusetts, says: "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purpose."

Sold by all Druggists and Dealers in Medicines. Price One Dollar.

Buckingham's Dye FOR THE WHISKERS.

We allude to

CARSON'S STELLAR OIL FOR ILLUMINATING PURPOSES.
The proprietor of this oil has for several years felt the necessity of providing for, and presenting to the public, as a substitute for the dangerous compounds which are sent broadcast over the country, an oil that is safe, brilliant, and entirely reliable. After a long series of laborious and costly experiments, he has succeeded in providing, and offers to the public, such a substitute, in

"CARSON'S STELLAR OIL"
It should be used by every family because it is safe beyond a question. The primary purpose in the preparation of STELLAR OIL has been to make it perfectly safe, thus insuring the lives and property of those who use it. Its present standard of SAFETY and BRILLIANCE is always maintained for upon this the proprietor depends for sustaining the high reputation of the STELLAR OIL new enjoys.

To prevent the adulteration of this oil with the explosive compounds now known under the name of kerosene, &c., it is put up for family use in five-gallon cans, each can being sealed and stamped with the trademark of the proprietor; it cannot, therefore, be tampered with between the manufacturer and consumer. None is genuine without this trademark.
