A House and Lot situated in Discounts in Machine commands from 2 to 3 cents a stress of this machine commands from 2 to 3 cents a stress workmen & MATERIAL this Machine, it is superior to any existing Machine. This is admitted by all honest competitors. Indeed it is the only Machine that really can, by one operation thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority as a cleaner over all others. Impar tial jndges at all the State and County Fairs where it—was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily understood and operated by those unskilled in machinery—more durable—threshing as much and yet cleaning better—with less power and more comfort to hands than any other machine in use—and besides all that is sold for less money according to constitut These facts are according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 13 years. To supply the use for the last 13 years. **HALL'S** YEGETABLÉ SICILIAN HAIR

E. ELDEN.

Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR-DRESSING ever used, as it requires fewer applica-tions, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the Best Preparation for its intended purposes."
