ROASTED ALIVE!

The following record of one day's accidents, all from the same cause, viz: the use of inferior Coal Oil, is taken from the Philadelphia Ledger of a recent date:
"The alarm of fire, last evening, at 7 o'clock, was caused by the burning of the dwelling, corner of 16th and Poplar, resulting from the explosion of a coal oil lamp."
"About 7 o'clock yesterday morning, a coal oil lamp in the hands of Sarah Alexander, who lives on Cowslip St. near 10th—She was severely burned."
"Margaret Collier, residing in the rear of 615 South St., was burned by the explosion of a coal oil lamp. Her husband, while attempting to extinguish the flame, was also severely burned. Two of the above named victims have since died of their injuries."
All such fearful accidents, resulting in death and the destruction of valuable property, may be avoided by using "CARSON'S STELLAR OIL," which is known to be a perfectly safe and reliable illuminator. It is sold by
Amberson, Benedict & Co., Waynesboro; Christian Good, Quincey. [Feb 2-1871.]

PATENTED SEPT. 21 1838
FOR CUTTING RAY, STRAW, FUR, &c.

The machine of this machine consists in part, in the attachment of curved knives to the arms of the cutting-wheel, the shearing cut across the mouth-piece, the great power and directness of the blow, by which the volume of material is cut, with less power than is required by any other machine; these combined with its durability and simplicity of construction, command public attention. Nothing liable to get out of order, but what a boy could remedy with a pocket wrench.
Persons in want of machines of this description will do well by calling upon or addressing the undersigned. Good and responsible agents wanted to sell machines and territory.
The above Machine is now on exhibition at the Waynesboro' Manufacturing Company's Office. Persons interested should call and examine it, for it is what every farmer should have.

HALL'S
HAIR
RENEWER.
Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can show our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADEN HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-follicles. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical Hair-Dressing ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."
Sold by all Druggists and Dealers in Medicines.
Price One Dollar.

Buckingham's Dye.
FOR THE WHISKERS.
This Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in one preparation, which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents.
Manufactured by F. P. HALL & CO., NASHUA, N.H.

CARSON'S STELLAR OIL!
The alarming increase in the number of frightful accidents, resulting in terrible deaths and destruction of valuable property, caused by the indiscriminate use of oil known under the name of Petroleum, prompts us to call your attention to a substitute which will, wherever used, remove the cause of such accidents. We allude to **CARSON'S STELLAR OIL FOR ILLUMINATING PURPOSES.**
The proprietor of this oil has for several years felt the necessity of providing for, and presenting to the public, as a substitute for the dangerous compounds which are so abundantly used in the country, an oil that is safe, brilliant, and entirely reliable. After a long series of laborious and costly experiments, he has succeeded in providing, and offering to the public, such a substitute, in "**CARSON'S STELLAR OIL**"
It should be used by every family because it is safe beyond a question. The primary purpose in the preparation of **STELLAR OIL** has been to make it perfectly safe, thus insuring the lives and property of those who use it. Its present standard of **SAFETY**, and **BRIGHTNESS** will always be maintained, for upon these points it is impossible to sustain the high reputation the **STELLAR OIL** now enjoys.
To prevent the adulteration of this oil with the explosive compounds now known and under the name of **Leak-proof**, &c., it is put up for family use in five-gallon cans, each can being sealed and stamped with the trademark of the proprietor; it cannot, therefore, be tampered with between the manufacturer and consumer. None is genuine without this trademark.
It is the duty and interest of all dealers and customers of illuminating oil to use the **STELLAR OIL** only, because it alone is known to be safe and reliable. It is for sale by

GEISER'S
PATENT SELF-REGULATING
GRAIN SEPARATOR
CLEANER, BAGGER AND BOWERS!

No implement more important to the farmer, as a class, is superior to this Cleaner—for none pays him so well and so speedily.
The above cut shows the only Geiser Machine now built under the immediate eye of the inventor himself, with all the additional improvements made during the past 18 years, and now with
FIRST-CLASS WORKMEN & MATERIAL this Machine just stands high above all of its class. As a thrasher it is equal to the best, as a cleaner it is superior to any existing Machine. This is admitted by all honest competitors. Indeed it is the only Machine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority as a cleaner-over-all-machine. Impartial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily understood and operated according to the directions—more durable—threshing as much and yet cleaning better—with less power and more comfort—so hands than any other machine in use—and besides all that is sold for less money and at a lower price. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply the wants of all who now make 4 sizes, viz: From 2 Horse Power, or 3 Horse Lever Power, to a 10 Horse Lever Power, with prices ranging from \$190 to \$300, without power. We also make the latest improved triple-gear 10 Horse Power, suitable for a large assortment of
