ROASTED ALIVE!
The following record of one day's accidents, all from the same cause, viz: the use of inferior Coal Oil, is taken from the Philadelphia Ledger of recent date:
"The alarm of fire, last evening, at 7 o'clock, was caused by the burning of the dwelling, corner of 16th and Poplar, resulting from the exposure of a coal oil lamp. Mrs. Hersh, occupying the second story of the dwelling had retired to her department, a few moments before the discovery of the fire. On entering her room, she was found lying on the floor, wrapped in flames."
"About 7 o'clock yesterday morning, a coal oil lamp in the hands of Alexander, who lives on Cowslip St. near 18th, was severely burned."
"Margaret Coligan, residing in the rear of 25 South St., was burned by the exposure of a coal oil lamp. Her husband, while attempting to extinguish the flame, was also severely burned. Two of the above named victims have since died of their injuries."
All such fearful accidents, resulting from the use of inferior Coal Oil, may be avoided by using "CARSON'S STELLAR OIL," which is known to be a perfectly safe and reliable illuminator. It is for sale by
Amberson, Benedict & Co., Waynesboro; Christian Good, Quincy. [Feb 2-1871.]

PATENTED SEPT. 21 1869
FOR CUTTING HAY, STRAW, FODDER, &c.
The merits of this machine consists in part, in the attachment of curved knives to the arms of the cutting-wheel, the shearing cut across the mouth-piece, the great power and directness of the blow, by which treble the volume of material is cut, with less power than is required by any other machine; those combined with its durability and simplicity of construction, command public attention. Nothing liable to get out of order, but what a boy could readily fix with a pocket wrench.
Persons in want of machines of this description will do well by calling upon or addressing the undersigned. Good and responsible agents wanted to sell machines and territory.
The above Machine is now on exhibition at the Waynesboro Manufacturing Company's Office. Persons interested should call and examine it, for it is what every farmer should have.

CARSON'S STELLAR OIL!
THE alarming increase in the number of frightful accidents, resulting in terrible deaths and destruction of valuable property, caused by the indiscriminate use of oil, known under the name of Petroleum, prompts us to call your special attention to an article which will, wherever used, remove the cause of such accidents. We allude to **CARSON'S STELLAR OIL FOR ILLUMINATING PURPOSES.**
The proprietor of this oil has for several years felt the necessity of providing for, and presenting to the public, as a substitute for the dangerous compounds which are sent broadcast over the country, an oil that is safe, brilliant, and entirely reliable. After a long series of laborious and costly experiments, he has succeeded in providing, and offers to the public, such a substitute, in "**CARSON'S STELLAR OIL**."
It should be used by every family because it is safe beyond a question. The primary purpose in the preparation of **STELLAR OIL** has been to make it perfectly safe, thus insuring the lives and property of those who use it. Its present standard of **SAFETY** and **BRIGHTNESS** will always be maintained, for the proprietor responds to the sustaining the high reputation the **STELLAR OIL** new enjoys.
To prevent the adulteration of this oil with the explosive compounds now known under the name of Kerosene, &c., it is put up for family use in five-gallon cans, each can being sealed and stamped with the trademark of the proprietor; it cannot, therefore, be tampered with by any unscrupulous and consumer. None is genuine without this trade-mark.
It is the duty and interest of all dealers and customers of illuminating oil to use the **STELLAR OIL** only, because it alone is known to be safe and reliable. It is for sale by
Amberson, Benedict & Co., Waynesboro; Manon & Stalter, Marion.

**HALL'S
HAIR
RENEWER.**
Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is superior to any other hair dressing; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR-DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

**GEISER'S
PATENT SELF-REGULATING
GRAIN SEPARATOR**
CLEANER, BAGGER AND POWERS!
No implement more important to the farmer than a First-Class Grain Thresher and Cleaner—for none pays him so well and so speedily.
The above cut shows the only Geiser Machine now built under the immediate eye of the old inventors themselves, with all the additional improvements made during the past 16 years, and now with
FIRST-CLASS WORKMEN & MATERIAL!
this Machine just stands high above all of its class. As a thresher it is equal to the best, as a cleaner it is superior to any existing Machine. This is admitted by all honest competitors. Indeed it is the only Machine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority as a cleaner over all others. Impartial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily understood—and operated by those unskilled in machinery—more durable than any other, and yet cleaning better—with less power and more comfort to hands than any other machine in use—and besides all that it sold for less money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz:—From a 2 to a 10 Horse Lever Power, to a 10 Horse Lever Power, with prices ranging from \$190 to \$380, without power. We also make the latest improved triple-gear Horse Powers, suitable for such purposes, ranging from \$20 to \$35, and all fully and fairly warranted. For further information send for circular and price list.

NEW GOODS
CAN BE HEARD AT THE STORE OF
W. M. A. REID.
I have just bought in the East a choice stock of goods. A full supply of
**COFFEES, TEAS,
RICE, WHITE SUGARS,**
(Coffee, cracked loaf and pulverized.)
P. R. and N. O. Molasses and Syrups, Dried Fruit, Sugar-Cured Hams, Smoked Beef, &c.
In the way of Pure Spices and baking articles generally, and favoring articles, &c., the quality stands unsurpassed. Do not forget to call at our 10 cent and lever sugars. I am prepared to keep with the market.
CHEESE—The very best quality on hand winter and summer.

CRACKERS OF ALL KINDS!
I get my goods fresh from the factory of James Mason and Co. Have many different kinds. The newest thing out is the "Imperial."
FRESH AND SALTED FISH.
The Fish department we keep up full, and will play second fiddle to none. All thro' the proper season we get spring fish, iced and fresh. We sell sound fish and sell them right that is the reason we sell them fast. Customers wanting one shad or 100 wanted with the same alacrity.—Housekeepers wanting to lay in a supply for the summer should buy very soon.
MACKERAL.
I now have in store and for sale a choice lot of Mackerel in whole bills, halves and quarters, at about one-half the price per lb. of bacon. There is nothing else so cheap in the provision line as Mackerel. Make a note of this.
GLASSWARE.—Look at the globes, tumblers, sets, small dishes, &c.
QUEENWARE.—Granite ware of the very best make imported in ten sets and by the dozen and half dozen. Also a large stock of common Teas and dishes.
NOTIONS AND SUNDRIES.—Baskets, brushes, soaps, clothes pins, pocket books, essences, Barlow's blue, chewing tobacco and segars, &c.
I ask the public to call and examine.—Will always try to make the prices suit cash buyers.
April 20, 1871. W. A. REID.
