THE alarming increase in the number of frightful accidents, resulting in terrible deaths and destruction of valuable property, caused by the indiscriminate use of oils, know under the name of Petroleum, prompts us to call your special attention to an article which will, wherever used, remove the cause of such accidents. We allude to CARSON'S STELLAR OIL FOR ILLUMI-

broadcast over the country, an oil that is safe, brilliant, and entirely reliable. After a long series of laborious and costly experiments, he has succeeded in providing, and offers to the public, such a substitute, in

It should be used by every family because it is safe boyond a question. The primary purpose in the preparation of STELLAR OIL has been to make it Perfectly Safe, thus insuring the lives and property of those who use it. Its present standard of SAFETY and BRILLIANCY will always be maintained, for upon this the proprietor depends for sustaining the high reputation the STEL-LAR OIL new enjoys.

To prevent the adulteration of this oil with

the explosive compounds now known under the name of kerosene, &c., &c., it is put up for family use in five-gallon cans, each can being sealed and stamped with the trademark of the proprietor; it cannot, therefore, be tampered with between the manufacturer and consumer. Mone is genuine without

past 18 years, and now with FIRST-CLASS WORKMEN & MATERIAL this Machine just stands high above all of its class. As a thresher it is equal to the best, as a cleaner it is superior to any exist-ing Machine. This is admitted by all honest competitors. Indeed it is the only Machine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a head-like that grain direct from the same of the bushel more than grain direct from any oth-er machine, settles the question of its supeer machine, settles the question of its superiority as a cleaner over all others. Impartial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily understood and operated by those unskilled in machinery—more durable—threshing as much and yet cleaning better—with less power and more comfort to heads then any other machine in use. to hands than any other machine in use-and besides all that is sold for less money and besides all that is sold for less money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz:—From a 2 Horse Railway or 3 Horse Lever Power, to a 10 Horse Lever Power, with prices ranging from \$190 to \$360, without power. We also make the latest imporved triple-geared Horse Powers, suitable for a large assortment of triple-geared Horse Powers, suitable for each size machine, ranging from \$90 to \$135, and all fully and fairly warranted.
