CARSON'S STELLAR OIL

THE alarming increase in the number of frightful accidents, resulting in terrible deaths and destruction of valuable property, caused by the indiscriminate use of oils, know under the name of Petroleum, prompts us to call your special attention to an article which will, wherever used, remove the cause of such accidents. We allude to CARSON'S STELLAR OIL FOR ILLUMI-

NATING PURPOSES.

The proprietor of this oil has for several years felt the necessity of providing for, and presenting to the public, as a substitute for the dangerous compounds which are sent procedest over the country, an oil that is broadcast over the country, an oil that is safe, brilliant, and entirely reliable. After a long series of laborious and costly experi-ments, he has succeeded in providing, and offers to the public, such a substitute, in "CARSON'S STELLAR OIL"

It should be used by every family because it is safe boyond a question. The primary purpose in the preparation of STELLAR OIL has been to make it Perfectly Safe, thus insuring the lives and property of those who use it. Its present standard of SAFETY and BRILLIANCY will always be maintained, for upon this the proprietor depends for sustaining the high reputation the STELLAR OIL new enjoys. LAR OIL new enjoys.
To prevent the adulteration of this oil with

the explosive compounds now known under the name of kerosene, &c., &c., it is put up for family use in inve-gallon cans, each can being sealed and stamped with the trademark of the proprietor; it cannot, therefore, be tampered with between the manufacturer and consumer. Mone is genuine without

this trade-mark.
It is the duty and interest of all dealers and customers of illuminating oil to use the STELAR OIL only, because it alone is known to be safe and reliable. It is for sale by Amberson, Benedict & Co., Waynesboro'. Manon & Statler, Marion. E. B. Winger, Quincy. Gelwicks & Burkhart, Chambersburg.

HALL'S HAIRE VEGETABLE SICILIAN HAIR

Every year increases the popularity of this valuable Hair Preparation, which is due to merit We can assure our old alone. patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED Hair to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all cruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR-DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it

farmer than a First-class Grain Thresher and Cleaner—for none pays him so well and so The above cut shows the only Geiser Ma-

chine now built under the immediate eye of the old inventors themselves, with all the

additional improvements made during the past 18 years, and now with FIRST-CLASS WORKMEN & MATERIAL this Machine just stands high above all of its class. As a thresher it is equal to the best, as a cleaner it is superior to any exist-ing Machine. This is admitted by all honest competitors. Indeed it is the only Machine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents bushel more than grain direct from any other machine, settles the question of its superiority as a cleaner over all others. Impar-tial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more sim-ple—more easily understood and operated y those unskilled ih machinery—n able—threshing as much and yet cleaning better—with less power and more comfort to hands than any other machine in use—and besides all that is sold for less money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply the use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz:— From a 2 Horse Railway or 3 Horse Lever Power, to a 10 Horse Lever Power, with prices ranging from \$190 to \$360, without power. We also make the latest impproved triple-geared Horse Powers, suitable for each size machine, ranging from \$90 to \$135, and all fully and fairly warranted.
