CARSON'S STELLAR OIL

THE alarming increase in the number of frightful actidents, resulting it is terrible deaths and destruction of valuable property, caused by the indiscriminate use of oils, know under the name of Petroleum, prompts us to call your special attention to an article which will, wherever used, remove the cause of such accidents. We allude to CARSON'S STELLAR OIL FOR ILLUMI-

NATING PURPOSES.

The proprietor of this cillian for several years felt the necessity of providing for, and presenting to the public, as a substitute for the dangerous compounds which are sen broadcast over the country, an oil that is safe, brilliant, and entirely reliable. After a long series of laborious and costly experiments, he has succeeded in providing, and offers to the public, such a substitute, in

"CARSON'S STELLAR OIL" It should be used by every family becaus it is safe boyond a question. The primary purpose in the preparation of STELLAI. OIL has been to make it Perfectly Safe, thuinsuring the lives and property of those whuse it. Its present standard of SAFET1 and BRILLIANCY will always be maintain. ed, for upon this the proprietor depends for sustaining the high reputation the STEL-LAR OIL new enjoys.

To prevent the adulteration of this oil with

the explosive compounds now known under the name of kerosene, &c., &c., it is put up for family use in five-gallon cans, each can being sealed and stamped with the trademark of the proprietor; it cannot, therefore be tampered with between the manufacturer and consumer. Mone is genuine without this trade-mark.

It is the duty and interest of all dealer and customers of illuminating oil to use the STELAR OIL only, because it alone is known. be safe and reliable. It is for sale by Amberson, Benedict & Co., Waynesboro' Manon & Statler, Marion. E. B. Winger, Quincy. Gelwicks & Burkhart, Chambersburg. W. D. Dixon, St. Thomas. J. Hostetter & Co., Greencastle.

HALL'S RALLS WALKER VERETABLE SIGILIAN

Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the on-ly reliable and perfected preparation for restoring GRAY OF FADED Hair to its youthful color, makingit soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-gland . By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical Hain-Dressing ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes.

FOR THE WHISKERS. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents. Manufactured by R. P. HALL & CO.. NASHUA. N.H.

Aug. 24-1y. PATENTED SEPT. 21 1869

The merits of this machine consists in part, in the attachment of curved knives to the arms of the cutting-wheel, the shearing cut across the mouth-piece, the great power and directness of the blow, by which treble the volume of material is cut, with less power than is required by any other machine; those combined with its durability and simplicity of construction, command public attention. Nothing liable to get out of order, but what a boy could remedy with pocket wrench.

Persons in want of machines of this de-

scription will do well by calling upon or ad-dressing the undersigned. Good and responsible agents wanted to sell machines and

The above Machine is now on exhibition at the Wayne-boro' Manufacturing Company's Office. Persons interested should call and examine it, for it is what every farmer should have.

GEISER'S

PATENT SELF-REGULATING GRAIN, SEPARATOR,

No implement more important to the farmer than a First-class Grain Thresher and Cleaner—for none pays him so well and so speedily.

The above cut shows the only Geiser Ma

chine now built under the immediate eye of the old inventors themselves, with all the additional improvements made during the past 18 years, and now with FIRST-CLASS WORKMEN & MATERIAL this Machi^{*}.e just stands high above all of its class. As a thresher it is equal to the best, as a cleaner it is superior to any exist-ing Machine. This is admitted by all honest competitors. Indeed it is the only Machine that really can, by one operation thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents bushel more than grain direct from any othor machine, settles the question of its supe riority as a cleaner over all others. Impar tial judges at all the State and County Fair where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more sim-ple—more easily understood and operated by those unskilled in machinery—more du-rable—threshing as much and yet cleaning rable—threshing as much and yet cleaning better—with less power and more comfort to hands than any other machine in use—and besides all that is sold for less money according to capacity. These facts—are further attested by the thousands of purchasers, some of whom have had them it use for the last 18 years. To supply the work of all we now make 4 cites with

wants of all, we now make 4 sizes, viz:-From a 2 Horse Railway or 3 Horse Lever Power, to a 10 Horse Lever Power, with prices ranging from \$190 to \$360, without power. We also make the latest improved triple-geared Horse Powers, suitable for each size machine, ranging from \$90 to \$135 and all fully and fairly warranted. For further information send for givening and further information send for circular and price list.
