CARSON'S STELLAR OIL!

THE alarming increase in the number of frightful accidents, resulting in terrible deaths and destruction of valuable property, caused by the indiscriminate use of oils, know under the name of Petroleum, prompts us to call your special attention to an article which will, wherever used, remove the cause of such accidents. We allude to CARSON'S STELLAR OIL FOR ILLUMINATING PURPOSES.

The proprietor of this oil has for several

The proprietor of this oil has for several years felt the necessity of providing for, and presenting to the public, as a substitute for the dangerous compounds which are sent broadcast over the country, an oil that is safe, brilliant, and entirely reliable. After a long series of laborious, and costly experiments, he has succeeded in providing, and offers to the public, such a substitute, in

HAIR

larity of this valuable Hair Proparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OF FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from felling out, as it stimulates and nourishes the hair-glands. By its use, the nair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR-DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

The merits of this machine consists in part, in the attachment of curved knives to the arms of the cutting-wheel, the shear-ing cut across the mouth-piece, the great power and directness of the blow, by which treble the volume of material is cut, with less power than is required by any other machine; those combined with its durability and simplicity of construction, command public attention. Nothing liable to get out of order, but what a boy could remedy with a pocket wrench.

this Machine just stands high above all of its class. As a thresher it is equal to the best, as a cleaner it is superior to any existing. This is admitted by all hondard for sale a large assortment of Stoves ing Machine. This is admitted by all honest competitors. Indeed it is the only Machine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority as a cleaner over all others. Imparriority as a cleaner over an others. Impar-tial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily understood and operated by those unskilled in machinery—more durable—threshing as much and yet cleaning better—with less power and more comfort to hands than any other machine in use-and besides all that is sold for less money according to capacity. These facts are further attested by the thousands of pur-chasers, some of whom have had them in use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz:—From a 2 Horse Railway or 3 Horse Lever Power, to a 10 Horse Lever Power, with prices ranging from \$190 to \$360, without power. We also make the latest impproved triple-geared Horse Powers, suitable for a large assortment of each size machine, ranging from \$90 to \$135, and all fully and fairly warranted. For further information send for circular and price list.

cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrohlous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or factal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable-occasion, rapidly develop into one or other of itshideous forms, either on the surface or among the vitals. In the latter, tubercles, may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by gruptions on the skin, or four decrations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons of flicted with the following complaints generally flud immediate relief, and, at length, cure, by the use of this SARSAPARILLA: St. Authorsy's Five, Rose or Erysipelas, Tetter, Salt Bheum, Scald Head, Ringworm, Sare Eyes, Sore Ears, and other cruptions or visible forms of Scrofulous disease. Also in the more concelled forms, as Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuvalgia, and the various Vicerous affections of the muscular and nervous systems.

Syphilis or Venercal and Mercurial Diseases are cured by it, though a long time is required for subdining these obstinate maladies by any medicine. But long-continued use of this medicine will cure the complaint. Leucon-haca or Whites, Vicerine Vicerations, and Fernale Diseases, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute directions for each case are found in our Almanac, supplied gratis. Rheumatism and Gout, when arising, as they often do, from the ranking poisons in the blood, yield quickly to it, as also Liver Complaints.
