THE alarming increase in the number of frightful accidents, resulting in terrible deaths and destruction of valuable property, caused by the indiscriminate use of oils, know under the name of Petroleum, prompts us to call your special attention to an article which will, wherever used, remove the cause of such accidents. We allude to CARSON'S STELLAR OIL FOR ILLUMI-

NATING PURPOSES. The proprietor of this oil has for severa years felt the necessity of providing for, and presenting to the public, as a substitute for the dangerous compounds which are sent broadcast over the country, an oil that is safe, brilliant, and entirely reliable. After a long series of laborious and costly experi-ments, he has succeeded in providing, and offers to the public, such a substitute, in

"CARSON'S STELLAR OIL" t should be used by every family because t should be used by every tamily because it is safe boyond a question. The primary purpose in the preparation of STELLAR OIL has been to make it Perfectly Safe, thus insuring the lives and property of those who use it. Its present standard of SAFETY and BRILLIANCY will always be maintained for upon this the proprietor depends for ed, for upon this the proprietor depends for sustaining the high reputation the STEL-

LAR OIL new enjoys.

To prevent the adulteration of this oil with the explosive compounds now known under the name of kerosene, &c., &c., it is put up for family use in five-gallon cans, each can being sealed and stamped with the trade-mark of the proprietor; it cannot, therefore, be tampered with between the manufacturer and consumer. More is genuine without and consumer. Mone is genuine without

this trade-mark. It is the duty and, interest of all dealer and customers of illuminating oil to use the STELAR OIL only, because it alone is known to be safe and reliable. It is for sale by Amberson, Benedict & Co., Waynesboro'. Manon & Statler, Marion. E. B. Winger, Quincy. Gelwicks & Burkhart, Chambersburg.

HAIR

Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY or FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR-DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes." Sold by all Druggists and Dealers in Medicines.

The merits of this machine consists in part, in the attachment of curved knives to the arms of the cutting-wheel, the shearing cut across the mouth-piece, the great power and directness of the blow, by which treble the volume of material is cut, with less power than is required by any other machine; those combined with its durability and simplicity of construction, command public attention. CLEANER, BAGGER AND POWERS

No implement more important to the farmer than a First-class Grain Thresher and Cleaner-for none pays him so well and so

The above cut shows the only Geiser Machine now built under the immediate eye of the old inventors themselves, with all the dditional improvements made during the past 18 years, and now with

FIRST-CLASS WORKMEN & MATERIAL this Machine just stands high above all of its class. As a thresher it is equal to the best, as a cleaner it is superior to any exist-ing Machine. This is admitted by all honest competitors. Indeed it is the only Ma-chine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority as a cleaner over all others. Impar tial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more sim-ple—more easily understood and operated by those unskilled in machinery—more durable—threshing as much and yet cleaning better—with less power and more comfort to hands than any other machine in use and besides all that is sold for less money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in chasers, some of whom have had them in use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz:—From a 2 Horse Railway or 3 Horse Lever Power, to a 10 Horse Lever Power, with prices ranging from \$190 to \$360, without power. We also make the latest impproved triple-geared Horse Powers, suitable for each size machine, ranging from \$90 to \$135, and all fully and fairly warranted. corruption, have been purified and cured by it. Servindious affections and disorders, which were agreed to the informed of its virtues or users.

Scroftlous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fixed diseases, without exciting a suspicion of its presence. Again, it seems to breed infection inroughout the body, and then, on some favorable occasion, rapidly develop into one or other of its bideous forms, either on the surface or among the vitals. In the latter, tubercless may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even them no active symptoms of disease appear. Persons afficted with the following complaints generally find immediate relief, and, at length, cure, by the use of this SARSAPARILLA: 8s. Anthony's Fire, Rose or Erysipelas, Tetter, Satt Rheum, Seald Head, Ringurons, Sore Eyes, Sore Ears, and other cruptions or visible forms of Serofutous disease. Also in the more concealed forms, as Dyspepsia, Drongs, Heart Disease, Fits, Epilepsy, Neuralpia, and the various Uccrous affections of nemuscular and nervous systems.

Syphilis or Veneral and Mercurial Diseases are cured by it, though a long time is required for subduing these obstante mandels by any medicine. But long-continued use of this medicine will cure the complaint. Leucorrheae or Whites, Uterine Ulcerations, and Female Diseases, are commonly soon releved and ultimately cured by its purifying and invigorating effect.
