

Waynesboro Village Record.

Thursday, February 9, '72.

General Hancock declines to be the Democratic candidate for President.

Robert J. Brent, Esq., a prominent lawyer of Baltimore, died on Sunday.

The House at Harrisburg has passed a bill to prevent the selling or giving away of liquor on election days.

The number of deaths from small-pox in Philadelphia for the week ending Monday last were one hundred and fifty-eight.

A contemporary threatens to send a small-pox patient after his subscribers who are in arrears for their paper for more than a year.

Chief Justice Chase is buying up Rhode Island. He has already purchased five acres, and is keeping a sharp eye on the other fifteen.

The Georgia Republicans have appointed a full list of delegates to the National Convention at Philadelphia, and instructed them to vote for Grant.

The Supreme Court of Kansas suspended the execution of Dr. Medlicott, who was to have been hanged last Friday for poisoning Mr. Ruth, until the 22nd of March.

The enormous quantity of \$13,000,000 worth of dry goods were imported in New York during the month of January, being the largest importation on record, with one exception.

M. M. POMEROY, called "Briek," was recently sued for \$25,000 damages for breach of promise of marriage by Sadie Wilkinson, of New Haven, he having promised to marry her in 1866.

Pennsylvania has more post offices than any other State Union. The number of post offices in Pennsylvania is 2,893, and in New York, 2600. The whole army of postmaster in the United States amount to 30,045.

The residence of R. S. Pope, one and a half miles from Jerusalem, Va., was burned on the 20th ult. The mother and sister of Mr. Pope, while attempting to save their effects upstairs were burned to death.

The bill authorizing the people of Baltimore to take a vote upon the ordinance granting further aid to the amount of \$1,000,000 to the W. M. R. R. has passed both houses of the Legislature, and nothing now remains but to put it to a vote of the people.

On the 22d of day February it has been suggested that every man, woman and child in the land give one cent for the finishing of the national monument. This will make about four hundred thousand dollars, and the great work will be properly called the Nation's tribute to the Father of his country. So says an exchange.

A party of masked men visited the Jail at Richmond, Kentucky, on Friday, and took therefrom the wife murderer Stough, and hung him to a tree. The action of the mob meets with general approval from the people of Richmond as the circumstances attending the murder of Mrs. Stough were of the most revolting character.

SADLY AFFLICTED.—The Bloomfield Times says: "On Friday of last week a sad affliction befell the family of Robert Milligan, in Madison township, Perry county. On that night three of their children, the youngest aged about three years, died from scarlet fever. The deaths all occurred within fifteen minutes. It is one of the saddest cases we have had occasion to record. They have but one child left, and that is also ill with the fever."

The Sheriff of New York must be possessed of a sensitive heart. On Saturday he was handed warrants for the arrest of Ring parties indicted by the Grand Jury, but declined to receive the documents for the reason, as he said, that it would be an act of cruelty to drag the men from their families on Saturday and incarcerate them in jail over Sunday when they could readily find bail if left unmolested until Monday.

A terrible accident occurred on Thursday morning last, on the Lehigh Valley railroad, near Lockport. As the Buffalo express train was nearing that point a rail broke, precipitating the train over the embankment about thirty feet high, wrecking the cars, which were set on fire by the sparks.

Four of the passengers were instantly killed, and four more died from their injuries, and some eighteen others a more or less wounded.

While the English press is howling over the Alabama claims, and predicting all manner of foolish results, the Government at Washington has no fears that the Geneva arbitration will fail in its objects. The English press appear to forget that in commissioning the British Commissioners Queen Victoria pledged her royal word that whatever her Commissioners agreed to should be acknowledged and regarded in the fullest manner and that she would never suffer in whole or in part any person whomsoever to infringe the same or act contrary thereto as far as lay in her power.

CHANCE FOR A TAILOR.—An unmarried man wishing to engage in the Tailoring business will find a good opening at Mt. Hope, 4 miles North of this place.—Shop, boarding, &c. can be had on reasonable terms.

A LARGE LOCUST TREE.—A large and valuable Locust tree on the farm of Mr. Seth Dickey, known as the "McCauley Farm," situated in Peters Township, was recently cut by Mr. Jonas Keefer and P. E. Clemons. It produced one hundred and two good sound posts, while six or seven more were destroyed in falling the tree.—Who can beat it?—Mer. Journal.

ANOTHER R. R. MOVEMENT.—Another move for a Railroad has been started up in our town within the past week among some of our leading citizens, including, it is said, the heads of our manufacturing establishments. The proposition is, we believe, to construct a Branch road to connect with the Western Maryland road near Monterey. A committee left on Tuesday for Baltimore to seek aid in that direction. We understand the line would be about ten miles long and the cost not less than \$200,000, so that without assistance from some outside quarter it would be futile to attempt such an undertaking.

It is a little strange to our mind that such a movement should have been inaugurated at this time, when the Harrisburg and Potomac Railroad company are pushing the work of grading their road in this direction with commendable zeal and perseverance. We may be wrong in our view of the matter, but we think the completion of the latter line would afford us all needed freight facilities, besides developing a vast extent of valuable ore lands, much of which lies in close proximity to our town, and to secure which not more perhaps than sixty to seventy thousand dollars would be required of our town and township in stock subscriptions. If our moneyed men however take an adverse view of the matter, be it so. We are anxious that our town should have a railroad inlet and outlet from some quarter, and wish to offer no special dictation to those upon whom the responsibility, pecuniary and otherwise, must devolve. But whether we get a road between here and Monterey or not, the completion of the other in our opinion is only a matter of time, and the time not far distant when its line will be completed from river to river, a time too to which the extortionists of the Cumberland Valley road may well look with forebodings of ill. A short time we presume will determine the result of this last movement.

RECEIPTS.—The following is a list of receipts for subscription for the month of January:

Table listing names and amounts for January receipts, including Isaac H. Shoemaker, John O. Hoover, John Summers, H. K. Gaff, Wm. Young, D. B. Russell, Alm. Mickley, Henry Soeks, Jacob Summers, Dr. J. B. Hamilton, C. Beaver, B. F. Stewart, Cyrus Garver, Lewis Morganthall, Daniel Oller, J. S. Good, Solomon Stamy, Mrs. W. Benschhoff, Joseph Mentzer, Jacob Lohman, M. D. Burkett, Wm. Smith, Wm. Adams, Jos. M. Hess, Samuel Stover, Dr. J. A. Royer, D. H. Mentzer, Geiser & Rinehart, S. B. Rinehart, Mrs. Jacob Carbett, David F. Stoner, John W. Good, Geo. Lackens, Jacob Bassler, James M. Stoops, M. A. Gordon, D. B. Rosh, E. J. Bonbrake, D. M. Detrich, John L. Newcomer, Peter Rouzer, A. S. Oller, John L. Metcalf, Jacob E. Price, James Robinson, Alm. R. Kohler, Henry Gaver, Wm. Startzman.

GOOD FOR QUINCY.—It seems that one among the many enterprises that will be started and completed on the line of the Harrisburg and Potomac Railroad is a large Rolling Mill in the village of Quincy. Already a company is partially formed to carry out the project. It has at its lead men of action and business energy like W. B. Raby, Esq., Edmond Brown, and others. Their purpose is to build a large establishment to manufacture extensively all kinds of bar and other iron.

This is certainly a move in the right direction, for no better locality than Quincy could be selected for either a Rolling Mill or Furnace, or both, as ore in that region abounds in inexhaustible quantities. We heartily wish our enterprising friends success in this commendable undertaking.

TEPPER.—A subscriber requested us to publish a cure for Tepper. Not having any receipt at hand, we should be glad to publish any well-tested cure that may be sent to us.—Gettysburg Star.

The following is vouchered for as a sovereign remedy: Heat a fireshovel red hot, put upon it a dozen or more grains of corn, press with a smoothing iron. Two applications of the oil which adheres to the smoothing iron, well rubbed on the diseased parts, will effect a cure.

SCHOOL.—Mrs. J. A. FUNK will commence a select school, Monday, Feb. 19th, in Mr. J. Miller's hall.

GROUND HOG DAY.—Friday last was Ground Hog Day. Many suppose that if this little animal comes out and sees his shadow, he returns for six weeks longer, and will continue. If, on the other hand, it is cloudy that he cannot see his shadow, it is considered indicative of mild weather the remainder of the winter. If this theory be correct cold snaps are yet in store for us.

AN ACCIDENT.—Mr. A. E. Waynant met with an accident on Thursday last which might have proved a serious one.—His horse took fright at a pile of ice at the bridge on the turnpike East of town upsetting his wagon, throwing him out breaking one of his sewing machines, one wheel of the vehicle passing over his head. Fortunately he escaped without serious injuries. The turnpike company are liable for damages in such cases and we advise the party who has supervision of the road to have the nuisance removed.

SADDLES.—We direct special attention to the advertisement of Wm. P. WEAGLEY, in to-day's paper, Mr. JAMISON of Baltimore, who is an extra workman of long experience, has put him up an assortment of saddles which are perhaps unsurpassed in this or adjoining counties.

Mr. Wm. Weagly, principal of the public school at Cavetown, Washington county, was found dead in his bed on Thursday morning of last week, having retired in his usual health.—He was about 33 years of age, and leaves a wife and three children.

The average age of farmers is 65 years, while that of printers is but 33, which shows the necessity of prompt payments to the latter, so that they may have the pleasure of handling their own money during their short sojourn on this sublunary sphere.

TO BE ENLARGED.—We understand Messrs. Frick & Bowman purpose the enlargement of their extensive Machine Shops in this place during next summer and the employment of a larger force of hands.

In a notice of the terrible accident on the Lehigh Valley road on Thursday, the Norristown Daily Herald says: "The frequent occurrence of accidents of this kind during intensely cold weather is not surprising, as the iron rails are liable to be misplaced by contraction if by nothing else, whilst the car wheels and other equipments are also put to a very severe test. Extreme cold, like extreme heat, causes traveling by rail so dangerous an operation that persons who have no urgent business, if wise, will remain at their homes." The advice is good.—There is too much danger attendant upon railroad traveling to indulge in it for pleasure or pastime. Those who are not compelled by urgency of business, or other pressing cause, had better give the cars a wide berth. There is quite as much safety at home as on the railroad, if not a little more.

A shocking railway accident occurred on the Allegheny Valley railroad, on the 29th As the Venango accommodation was going West, it ran off the track at the Burning Well Station, just below Foster and plunged down an embankment into the river, a height of some thirty or forty feet. The train consisted of two cars, one engine and tender. There were twenty-one passengers aboard, and of these all but two were injured, more or less seriously, and some of them fatally. Among those who were killed was "Oil Tom Kin", who was widely known throughout the oil regions.

BUSINESS LOCALS.

TO OUR PATRONS.—In addition to our usual expenses during last year this office incurred a heavy indebtedness in the procurement of a new press and material, the bulk of which indebtedness falls upon us next spring, and the object of our present writing is to bring this fact clearly before patrons in arrears, either to large or small amounts. For the outlay we ask nothing but prompt payment of what is due, the subscription and advertising rates remaining the same as before the enlargement. We therefore intend this as an earnest appeal for payment on the part of ALL in arrears. It would be difficult for us in the midst of a throng season to draw off the accounts of individual subscribers living in distant parts of the country. They have an idea as to the amount of their indebtedness and can enclose the money, a check or P. O. order through the mail; where doubts exist as to the amount they can give us the benefit of them by sending enough, which will be properly placed to their credit. This notice, or their failure to comply with it, will tell us who our "dead heads" are.

GARDEN SEEDS.—Fresh assortment of Garden Seeds at Reid's Grocery.

PEAS.—German Peas and Lentils, and Canned Peas and Corn, at Reid's Grocery.

SCHOOL.—Mrs. J. A. FUNK will commence a select school, Monday, Feb. 19th, in Mr. J. Miller's hall.

FOR RENT.—A store room nearly 50 ft. deep, with open front and show windows, in the business part of Main St. Also several pleasant rooms and private houses for rent. Enquire at this office.

The new railroad to Waynesboro' with the following named officers at its head, is now a certainty: President, D. Geiser; Treasury, John Phillips; Gen. Supt., Dr. E. A. Hering; Conductor & Breaksman, L. S. Forney; Engineer, J. J. Miller. The first train will arrive with a special load of Chromes, Pens, Ink, Paper, Valentines and everything pertaining to the Photographical trade, consigned L. C. Brackbill. His cheap goods made it necessary to have the Depot at his store to enable him to keep goods constantly on hand.

LIVERY FOR SALE.—The subscriber offers at private sale his extensive Livery in Waynesboro', consisting of horses, vehicles, &c. W. H. FUNK.

CALL AND SETTLE.—Being anxious to close up all outstanding accounts between this date and the first day of April next, I request my patrons indebted, without respect to persons, to call and settle their accounts, as I have money to make up by that time. JACOB REININGER.

FOR RENT OR SALE.—The subscriber offers for rent or sale a two story brick house and lot of ground, pleasantly situated on West Main street, Waynesboro'. The house is in good repair and has all necessary conveniences. feb. 8-1f FRANKLIN WEAGLEY.

The Wilson New Steel Underfeed Shuttle Sewing Machine is the best in the world. Warranted 5 years, and sold \$15 to \$25 cheaper than any other first class machine. A trial will prove the Wilson to be all that is claimed for it. A. E. WAYNANT, agent.

No family can afford to be without a Wilson Shuttle Sewing Machine. The price is only \$45; does all kinds of light and heavy work and is so simple that a child can use it. The Wilson uses the latest and best attachments, one of which will do nine different kinds of work without change. Don't buy until you see it. A. E. WAYNANT, agent.

NEW STORE AND NEW GOODS.—We would respectfully announce to the citizens of Waynesboro' and vicinity that we have opened in the room recently fitted up in the New Building of Mr. Adam Forney, 3 doors East of the P. O., a full and complete assortment of goods usually sold by Grocers and Produce Dealers, which we will sell at fair prices for cash. Fresh Butter can be had daily; Fresh Fish and Oysters on Friday and Saturday of each week. Dressed Poultry every Saturday. Call and see us. WALTER & BONBRAKE.

FOR SALE.—A second-hand Sewing Machine—the Parker—price \$12. Enquire of the Printer.

FRESH FISH.—Call at Reid's Grocery on Friday.
