

Local News.

DUEL—Our town for the past week.

Easter Monday this year, April 1st.

The season for "tramps" is coming.

APPROACHING—the garden making season.

Now is the time to prune your grape vines.

DISSOLVED—The firm of Rouzer & Buhrman.

To-morrow (Friday) will be the first day of Spring.

GETTING HIGH—the railroad excitement.

Is it COMING—that promised wood and cornfodder.

Our Borough and Township election will be held Friday, March 15th.

"All-fools day" comes on Monday.

An early spring is predicted by the "oldest inhabitant."

The Emmitsburg Branch Railroad will be fully graded by the 1st April.

Attention is called to the valuable personal property for sale by Joseph Mid-dower and S. S. Bowdon.

THANKS—Hon. T. M. Mahon of the House will accept our thanks for valuable legislative documents.

Applications for hotel or restaurant licenses must be attended to on or before the 18th of March.

If you want to make the best investment in the world, insure your life in the Mutual Life of N. Y.

An eagle was recently brought down by a sportsman in Fulton county, which measured ten feet four inches from tip of wing to wing.

PRAYER MEETING—The Young Men's Christian Association Prayer Meeting will be held in the Reformed Lecture Room on Sunday next at 3 o'clock, P. M.

The Marylanders are very lenient towards one class of lecherous villains, a fine of ten dollars being the penalty for the crime of seduction and adultery.

TOWNSHIP MEETING—The Republicans of this Township will meet at the Town Hall on Saturday at 3 o'clock, P. M., to select candidates for the several township offices.

MORE ORE SPECIMENS—Our friend, Mr. A. S. Monn, has left with us several more fine specimens of iron ore recently taken from shafts sunk on his land in Quincy township. Persons interested in ore lands should call and examine them.

BURNING OF CHICAGO—Maurice Eyer of this place has the agency for the sale of a very interesting work recently issued, giving a thrilling account of the burning of Chicago, a perusal of which will amply compensate the reader for the price of the work.

DRY TIME—There is much complaint just now as to the scarcity of water. The cisterns generally are exhausted and many of the wells. On Church Street the wells are all dry. The same is said of other parts of the town. A "wet spell" would therefore be hailed with more than ordinary delight.

REVIVAL—We understand an interesting revival of religion has been in progress at the Waterloo School House, near Pikesville, for several weeks, under the auspices of the Church of God, which has resulted in the accomplishment of much good.

DEMOCRATIC MEETING—The Democrats of Waynesboro' and Washington Township are requested to meet in the Town Hall, on Saturday the 9th of March at 2 o'clock P. M., for the purpose of nominating a ticket to be voted upon at the ensuing spring election.

"What is it" was encountered on the public road, near the residence of Samuel Barr, by Mr. Henry Oaks, on Friday evening last. Its camping ground is therefore still confined to the Shady Grove region.

FIRE IN SOUTHAMPTON TOWNSHIP.—On last Sunday night, the barn on the farm of Alex. Duane in Southampton Township, about two miles from Shippensburg, in the occupancy of Mr. Steer, was consumed with its entire contents. Five horses and fifteen head of cattle were burned. The fire occurred about 8 o'clock in the evening. The supposition is that the barn was fired by some malicious scoundrel, as there is no accounting for it as an accident. There was no insurance on the property, according to our information.—Spirit.

UNITED BROTHERS CONFERENCE made the following appointments for Chambersburg District, for the coming year; J. C. Smith, P. E.; Chambersburg, W. T. Lower; Mechanicsburg, S. A. Mowers; Rocky Spring, P. Cori; Greencastle, J. T. Shaffer; Orstown, J. P. Anthony; Newville, J. H. Young; Big Spring, D. R. Burkholder; Alto Dale, L. A. Mickey; Mercersburg, J. S. Wentz; Path Valley, A. H. Rice; Carlisle, W. S. Wagner; Shippensburg, J. X. Quigley; York Springs, J. T. Bradford; Shippensburg, circuit, A. Lacey; bishop west Mississippi district, J. Dickson.

BRANCH MOVEMENT—BALTIMORE COMMITTEE.

The Committee appointed by the Corn and Flour Exchange to visit this place to make observations and inquire into the expediency of the city assisting to the building of a Branch Railroad to connect our town with the Western Maryland Railroad, reached here on Thursday evening last. A deputation of citizens met them at the Blue Ridge Summit and brought them down in private conveyances. The following are the names of the gentlemen: William S. Young, Esq., President of the Corn and Flour Exchange; Jno. R. Cox, Esq., Chairman of the Visiting Committee; Messrs. James Warden, Francis White, Michael Duffy, Joshua Walker, Henry Duval, Joseph S. Meiszel, Chas. W. Slagle, Jacob H. Forney, F. K. Carey, Henry Seim, Wm. Conn, M. A. Miller and Geo. N. McKensie, members of the committee; W. F. Wheatly, Secretary of the Corn and Flour Exchange; John T. Rigney, Esq., Master of Transportation of the Western Maryland Railroad; Chas. B. Manning, Chief Engineer of the Union Railroad; W. W. Taylor, Esq., Captain Robert Irvin; Geo. M. Boke, Esq., late President of the Western Maryland Railroad; Geo. Robinson, Esq.; A. E. Smyrek, Esq.; E. T. Hynson, Esq.; Robert Hooper, Esq., Secretary and Treasury of the Western Maryland Railroad.

A public meeting was held at the Odd Fellows' Hall in the evening. We were not present but learn that all possible information in reference to the amount of freight, &c. which would likely be conveyed by rail from this region was given the Committee. Two routes were proposed, one to make the connection on the Summit, near Monterey, the other in the direction of Smithburg. The President of the Corn and Flour Exchange, Mr. Young, advised that the proposed routes be run and said that when they were furnished with the length of the lines and estimated cost of construction Baltimore would respond favorably. According to a correspondent of the American, who accompanied the Committee, the gentlemen were favorably impressed with the importance of connecting this section with the W. M. R. R. We subjoin the closing paragraphs of the correspondence, of which we would be pleased to give a more extended synopsis did our space permit: Mr. John Phillips, Cashier of the First National Bank of Waynesboro', read a statement showing the production of the section of country which the proposed road would benefit, and the amount of freight that might be expected. There are fourteen mills in the vicinity of the town that ship yearly 110,000 barrels of flour; 1,000 fat cattle are annually sold, 2,000 fat hogs, and 400 horses; 1,000 tons of hay; many bushels of oats, rye, corn, &c. also 3,000 tons of machinery. Waynesboro' has five stores whose annual sales of general merchandise amount to \$110,000; seven other stores whose aggregate annual sales are over \$140,000; four stores in the immediate vicinity sell \$35,000 worth of goods; one patent medicine factory sells proprietary medicine to the amount of \$30,000; one tannery sells \$30,000 three carriage shops sell \$25,000; and the annual sales of three machine shops amount to \$250,000. These establishments use 3,000,000 feet of lumber, which costs \$75,000.

The committee were much impressed with Mr. Phillips' exhibit of the production and consumption of this rich, industrious and prosperous community. On Friday morning they visited the fine machine shops of the Geiser Manufacturing Company and Messrs. Frick & Bowman. Of this latter establishment more particular mention will be made hereafter. The same procession of carriages that brought them to the summit, and at 2 P. M., they left for home. The committee is unanimous in the opinion that immediate action should be taken, and that Baltimore should forthwith contribute from \$75,000 to \$100,000 to secure the building of the branch. The trade of Waynesboro' is too rich a prize to be lost by delay. A meeting will be held at the Corn and Flour Exchange on Tuesday next, at which some definite plan of action will be decided on.

To the above items there are other products to add, such as grain, produce, hay, marketing, &c. &c. It is estimated that from 40,000 to 50,000 tons of freight would be supplied at this point annually.

We are not advised, but presume our Committee will at once make the necessary arrangements to determine the adoption of a line by survey, which will of course be the shortest and most practicable. That this should be the decision is but reasonable; hence there should be no room for division or wrangling as to the merits of the proposed routes. Should Baltimore conclude to give the project the aid expected, in order to success their must be no division, but unity of purpose and action among our own citizens. If, through this assistance, an outlet can be secured in that direction, it will be the duty of all to contribute liberally and cheerfully to obtain it. This once secured the Harrisburg & Potomac Road, will speedily follow, affording an inlet for our coal, lumber, iron, &c. &c. A most reliable citizen remarked in our hearing yesterday that as soon as sufficient stock subscriptions were obtained to secure connection with the W. M. R. R., he would subscribe as much, one thousand dollars for the other, and for which he believed subscriptions would be more easily obtained. We trust this view of the matter may prove correct and that the time may not be very far distant when we shall have railroad communication with both Baltimore and Harrisburg.

D. V. Ahl, Esq., President of the Harrisburg and Potomac Railroad, John

Moore, Esq., of Cumberland Co., and Nusam, Esq., of Carlisle, were present at the meeting on Thursday evening.

Mr. A. took no part in the proceedings, but during his stay gave our citizens the most encouraging assurances as to the progress of the work on the line of his road East of the mountain. Firmly persuaded, as already intimated, that securing the one will secure the other, we would urge upon our citizens the importance of harmony and perseverance to the accomplishment of so desirable an end.

MR. VERNON LITERARY SOCIETY.—This Society held its first session in Waynesboro' on the evening of the 22d inst. It is deemed expedient to make few statements to those who may feel interested. The Society was organized at the Mt. Vernon school-house near this place in October, 1871. A number of young men from town and the Mt. Vernon community, originated the idea of a Society for mutual benefit, in literary research and mental exercise on the important subjects of Education and business. The object was to organize a society similar to the Literary Societies in our colleges and Normal schools by which we would secure at home the same advantages of mutual improvement. The Constitution and By-laws of the Society were compiled from the Constitution and By-laws of our State Normal School at Millersville, Pa. The Society has its Rules of order and Regulations which place every member under ample moral and social restrictions. The Society has proved to be a success, and we have evidence to convince us that much discipline and benefit have been derived.

We wish it distinctly understood that this Society is not an ordinary, old-time "Debating Society." The Society is governed by a Cabinet consisting of President, Vice President, Recording and corresponding Secretaries, and Treasurer, who are regularly elected for a term of four weeks.

A faithful discharge of the duties belonging to these offices qualify young men for the same duties in business life. In the order of Exercises are, Miscellaneous business, consisting of Reports of Committees &c., Unfinished business, Oration, Essays, Poems, Exercises in Reading, Discussion of merits of important questions, in which the speakers may investigate both sides of the subject. Speakers are not allowed to use unbecoming language or deceptive argument. We aim at a higher standpoint than the mere idea of "victory." Our motto is "Educate the mind," and we are gratified to say our endeavors have not been fruitless. The Society has also a regularly appointed Critic whose duty it is to notice and report at the close of the session, all misdemeanors, errors, impropriety, and offer suggestions.

In conclusion, we say, we believe the Mt. V. L. Society is a moral, useful, well-regulated organization for the educational benefit of the Young Men of our town and country, and worthy of encouragement.

Feb. 27, 1872. M.

COUNTY PRINTING.—The public printing of Franklin county cost last year \$2,436.16, while that of Cumberland county cost \$1,209.00—a difference of \$1,227.26. The printing of Cumberland county is distributed amongst all its papers, while that of Franklin county is confined to those published in Chambersburg. If the "Ring" should succeed in getting the "Legal Advertising act" passed, then papers away from the county seats will have a "hard road to travel." Yet when some of these papers protest against the centralization of the legal printing, some of the editors of the "big blanket sheets" get their feathers up, grow red in the face, and cry: "Why these suburban papers have no circulation, no influence, and why should they get what properly belongs to us?" It is an old saying "the more a man has the more he wants," and it is with these self-constituted influential journals, which the figures enumerated above will fully verify.—Echo

A CLERICAL VILLAIN.—The Baltimore papers contain astounding revelations recently brought to light in reference to the Rev. L. D. Huston, lately pastor of one of the most fashionable Methodist Churches in the city. The accounts allege that he has "accomplished the ruin of a number of young ladies, members of his flock," and to have "fed the city, leaving his wife and family behind him. The brutal wretch is said to be a man over fifty years of age, and belonged to Methodist Church South, with which the M. E. Church North has no connection.

LARGE TREE.—A correspondent sends us the following: "Mr. Henry R. Winger of this county, cut down a tree on his farm, a few days ago, which was 27½ years old. It was hauled to Ebersole & McKee's saw-mill, where the sap-rings or grain were counted, there being as above stated, 27½."—Pub. Opinion.

TEA AND COFFEE.—Tea and coffee will now, in all probability, be placed upon the free list. In the House a motion to suspend the rules, take from the Committee of the whole the bill repealing the duty on these articles and pass it, was carried by the immense majority of 155 to 38—more than four to one. The Senate will doubtless concur, and there is every prospect, therefore, that tea and coffee, which constitute almost the only luxuries of the poor, will shortly be made free.—The duty on coffee is now three cents a pound, and that on tea fifteen cents a

BUSINESS LOCALS.

The stock of School Books, has been replenished at the Town Hall Store.

FOR RENT—Three Rooms. Enquire at this office.

Gents, the finest segar in town is to be had at the Town Hall Store.

BEAVER & JACOBS. Feb. 22, 1872.

TO FARMERS AND OTHERS! SADDLES AND HARNESS!

THE subscriber announces to his old customers and the public generally, that he is now offering for sale an unusually large stock of Saddles and Harness, embracing all styles and prices. He has not only exercised great care in the selection of his material but has had his work made by first-class workmen. His Saddles have been manufactured by Mr. JOHN W. JAMISON, of Baltimore, from whom there is perhaps not a better mechanic in the State, and whose workmanship has stood the test of nearly thirty years in this section of Franklin County.

Persons in want of any article in his line are requested to call at the well-known stand, one door west of the Bowden House and examine his stock.

</
