HALL'S  
VEGETABLE SOAP  
HAIR  
RENEWER.

Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR-DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. HAYES, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."  
Sold at all Druggists and Dealers in Medicines.  
Price One Dollar.

Buckingham's Dye.  
FOR THE WHISKERS.  
As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in a special preparation, which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty-Cents.  
Manufactured by R. P. HALL & CO.,  
NASHUA, N.H.  
Aug. 24—17.

PATENTED SEPT. 21 1869  
FOR CUTTING HAY, STRAW, POODR, &c.  
RYLAND S. PALMISTEY.

The merits of this machine consists in part, in the attachment of curved knives to the arms of the cutting-wheel, the shearing across the mouth-piece, the great power and directness of the blow, by which the volume of material is cut, with less power than is required by any other machine; those combined with its durability and simplicity of construction, command the attention. Nothing like to get out of order, but what a boy could remedy with a pocket wrench.  
Persons in want of machines of this description will do well by calling upon or addressing the undersigned. Good and reliable agents wanted to sell machines and territory.  
The above Machine is now on exhibition at the Waynesboro' Manufacturing Company's Office. Persons interested should call and examine it, for it is what every farmer should have. H. C. GILBERT,

JOHN FORD in returning thanks to the public for their patronage, announces that he has removed his shop to the Basement of Walker's Building, (and not leaving town as is the belief of many) where he intends carrying on the BOOT AND SHOE BUSINESS as usual.  
All persons knowing themselves indebted to me will please call and settle their accounts immediately, for I pay cash for my stock and must have my money. Don't want to see the face of that unwelcome visitor, the Deputy from Fort Fetscher, providing about my shop seeking whom he may devour, &c.

GEISER'S  
PATENT SELF-REGULATING  
GRAIN SEPARATOR  
CLEANER, BAGGER AND POWERS!

No implement more important to the farmer than a First-class Grain Thresher and Cleaner—for none pays him so well and so speedily.  
The above cut shows the only Geiser Machine now built under the immediate eye of the old inventors themselves, with all the additional improvements made during the past 18 years, and now with  
FIRST-CLASS WORKMEN & MATERIAL this Machine is just stands high above all of its class. As a Thresher it is equal to the best, as a cleaner it is superior to any existing Machine. This is admitted by all honest competitors. Indeed it is the only Machine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority as a cleaner over all others. Impartial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily understood and operated by those unskilled in machinery—more durable—threshing as much and yet cleaning better—with less power and more comfort to hands than any other machine in use—and besides all that is sold for less money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz:—From a 2-Horse Railway or 3-Horse Lever Power, to a 10-Horse Lever Power, with prices ranging from \$150 to \$360, without number. We also make the latest improved triple-curved Horse Power, suitable for the size machine, ranging from \$90 to \$135, and all fully and fairly warranted. For further information send for circular and price list.

Dr. P. FAHRNEY'S  
Celebrated  
Blood Purifier or Panacea.  
As a medicine for children, the Panacea is, in every way, calculated to take the place of the milk of a mother which is annually sold for that purpose, and which is often very injurious. A medicine which possesses the qualities of a milk as well as a mild cathartic, and which is capable of arresting disease without the least injury to the child, is of incalculable value to every mother. As a cathartic, it is very active, yet it does not irritate the bowels, and it is a most valuable medicine for children. As a purgative of the bowels, it is very pleasant to use, and it is a most valuable medicine for children. Ayer's Cherry Pectoral  
For Diseases of the Throat and Lungs—such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.  
Probably never before in the whole history of medicine, has any thing won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the nations of men, it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to mild forms of Bronchitis and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and is indeed as all are sometimes subject to colds and coughs, all should be provided with this medicine. Consumption is thought incurable, still great numbers of cases where the disease has been long standing, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its action, that it has been called the "King of Remedies," that the most obstinate of them yield to it. When nothing else can reach the lungs, the Cherry Pectoral will subside and disappear. It is a most valuable medicine, and is especially adapted to the treatment of all diseases of the lungs and throat. It is a most valuable medicine, and is especially adapted to the treatment of all diseases of the lungs and throat.
