HALL'S GEISER'S PATENT ELF-REGULATING VEGETABLE SICILIAN GRAIN SEPARATOR HAIR

Every year increases the popu-

larity of this valuable Hair Prep-

aration, which is due to merit

patrons that it is kept fully up to

its high standard; and it is the on-

ly reliable and perfected prepara-

tion for restoring GRAY OR FADED HAIR to its youthful color, making

it soft, lustrous, and silken. The

scalp, by its use, becomes white and

clean. It removes all eruptions and

dandruff, and, by its tonic proper-

ties, prevents the hair from falling

out, as it stimulates and nourishes

the hair-glands. By its use, the nair grows thicker and stronger.

In baldness, it restores the capillary

glands to their normal vigor, and

will create a new growth, except in

extreme old age. It is the most

economical Hair-Dressing ever

used, as it requires fewer applica-

tions, and gives the hair a splendid,

glossy appearance. A. A. Hayes,

CLEANER. BAGGER AND POWERS

No implement more important to the farmer than a First-class Grain Thresher and Cleaner—for ·none pays him so well and so

The above cut shows the only Geiser Machine now built under the immediate eve of the old inventors themselves, with all the additional improvements made during the past 18 years, and now with FIRST-CLASS WORKMEN & MATERIAL

this Machine just stands high above all of its class. As a thresher it is equal to the best, as a cleaner it is superior to any existing Machine. This is admitted by all hon-est competitors. Indeed it is the only Machine that really can, by one operation, and for sale a and Tinware. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any oth er machine, settles the question of its supe riority as a cleaner over all others. Impar tial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily understood and operated by those unskilled in machinery—more durable—threshing as much and yet cleaning better—with less power and more comfort TUBS. to hands than any other machine in use— and besides all that is sold for less money according to capacity. These facts are further attested by the thousands of pur-chasers, some of whom have had them in use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz:-From a 2 Horse Railway or 3 Horse Lever Power, to a 10 Horse Lever Power, with prices ranging from \$190 to \$360, without power. We also make the latest impproved power. We also make the latest important triple-geared Horse Powers, suitable for each size machine, ranging-from \$90 to \$135, and all fully and fairly warranted. Ayer's Cathartic Pills. For all the purposes of a Laxative

For all the purposes of a Laxative Medicine.

Perhasnoone medicine its ouniversally required by everybody as a catherto, nor was ever any before so universally required by every locular and the severy country and every country and among all classes, as this mild but efficient purpative PIL. The obvious reason is, that its a more reliable and far more effectual remedy than any other. Those who have bot, know that it cures their neighbors and friends; and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel nor any deleterious drug, they may be taken with safety by anybody. Their sugar-coating preserves them ever fresh, and makes them pleasant to take, while being purely vegetable, no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into health, action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complicits, which these Pulls rapidly cure:—

For Byspepsia or Indigestion, Listlessges, Languor and Loss of Appetite, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For Liver Complaint and its various symmons, Bilious Elections, Sill Headiche, Silck Heading. For Liver Complaint and its various symmons, Bilious for each case, to correct the diseased action or remove the obstructions which cause it.

For Ilyentery or Dissrrbeca, but-on-mild dose is generally required.

diseased action or remove the obstructions which cause it.

For Idysentery or Hisrrheea, but-one-mild dose is generally required.

For Rheumatism, Gout, Gravel, Palpitation of the Reart, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For Brepay and Bropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression a large dose should be taken as it produces the desired effect by synapathy.

taken as it produces the desired enert by Sympathy.

As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowles into healthy action, restores the appacitie, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.
