HALIS OF THE PERSON PERSON PAIR
RENEWER, Every year increases the popularity of this valuable Hair Preparation, which is due to merit We can assure our old alone. patrons that it is kept fully up to

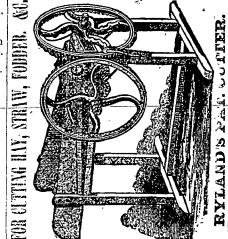

its high standard; and it is the only reliable and perfected prepara-tion for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It ramoves all eruptions and dandruff, and, by its tonic proper-ties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme eld age. It is the most sconomical Ham-Dressing ever ased, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachuceits, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it

Buckingham's Dye. FOR THE WHISKERS. As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in one preparation, which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents. Manufactured by R. P. HALL & CO. NASHUA, N.H.

Aug. 24-1y. PATENTED SEPT. 21 1839

The merits of this machine consists in part, in the attachment of curved knives to the arms of the cutting-wheel, the shear ing cut across the mouth-piece, the great power and directness of the blow, by which reble the volume of material is cut, with less power than is required by any other machine; those combined with its durability and simplicity of construction, command public attention. Nothing liable to get out of order, but what a boy could remedy with pocket wrench.

GEISER'S PATENT ELF-REGULATING GRAIN SEPARATOR

No implement more important to the farmer than a First-class Grain Thresher and Cleaner—for none pays him so well and so

speedily.
The above cut shows the only Geiser Ma-. chine now built under the immediate eye of the old inventors themselves, with all the additional improvements made during the past 18 years, and now with

this Machine just stands high above all of its class. As a thresher it is equal to the best, as a cleaner it is superior to any exist-ing Machine. This is admitted by all honest competitors. Indeed it is the only Machine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority as a cleaner over all others. Impar-tial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more sim-ple—more easily understood and operated by those unskilled in machinery—more du-rable—threshing as much and yet cleaning rable—threshing as much and yet cleaning better—with less power and more comfort to hands than any other machine in use—and besides all that is sold for less moley according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply the most set all we now make 4 sizes vize. use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz:—
From a 2 Horse Railway or 3 Horse Lever Power, to a 10 Horse Lever Power, with prices ranging from \$190 to \$360, without power. We also make the latest improved triple-geared Horse Powers, suitable for each size machine, ranging from \$90 to \$135, and all fully and fairly warranted.
