Keep the blood pure, and the health of the system will follow.

Grateful thousands proclaim Vinggar Bitters the most wonderful Invigorant that ever sustained the sinking system.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist: There is carrely an judividual upon the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. There are always more or less obstructions of the liver, a weakness and initiable state of the stomach, and great torpor of the Lowels, being clagged up with vituated accumpations. In their treatment, a purgative, exerting a powerful influence upon these various orgus, is essentially necessary. There is no cathartic for the purpose equal to Dr. J.
