

Waynesboro Village Record.

Thursday, June 20, '72.

The Rev. Dr. Huston has been presented by the Grand Jury of the Criminal Court of Baltimore for adultery.

Victoria Woodhull, in a letter some three columns in length, accepts the nomination of the Apollo Hall Convention for the Presidency.

On Friday twenty-four car loads of strawberries were shipped over the Delaware Railroad to New York, and seven car loads to Philadelphia.

Hon. Henry Wilson, Republican candidate for Vice President, comes of what might be termed "common origin," having in youth followed the business of a practical shoemaker and farmer.

A Spanish steamship while lying at Marselles on Saturday exploded her boiler, and in an instant thereafter forty-four passengers and eleven of the officers and crew were hurled into eternity.

On Wednesday a week the Cincinnati platform was endorsed and the ticket urged upon the acceptance of the National Convention by the Democratic State Convention in South Carolina, Indiana, Missouri and Vermont.

The Springfield (Ill) Register says that one fifth more corn will be raised in Illinois this year than ever before; that "wheat, rye and barley looked well, and that grass is unprecedentedly promising; that the fruit prospect is equally cheering."

It is asserted that when Horace Greeley was asked to milk a cow, down in Texas, he immediately procured the assistance of six men, and threw the cow down, turned her over on her back with her legs in the air, and then he tried to milk her with a clothes pin.

The Jury in the case of the State vs. Joseph Davis, tried at Westminster, charged with the murder of Abraham Lynn, after being out twenty-four hours failed to agree upon a verdict and were discharged by the Court. There must of necessity be another trial. It is said that the jury stood four for conviction and eight for acquittal.

Reports from over one hundred districts in Missouri, Kansas, Illinois, Iowa and Nebraska state that a large amount of wheat has been plowed up by the farmers, and what grain has been left standing will yield only from one-third to a half crop. It is also stated that the crop of old wheat on hand in the districts alluded to is very small. It appears to be a conceded fact that the wheat crop throughout the country this season is a failure.

The Pennsylvania State Temperance Convention assembled at Altoona on Friday and adopted a platform in which the suppression by law or traffic in liquor is asked for. It also recognizes the duty of protecting American industry, favors the right of suffrage to women, and equality of labor with capital. After the platform had been adopted the Convention, as their choice for Governor of the State, nominated S. B. Chase, Right Worthy Grand Templar of North America, and formerly a member of the Pennsylvania Legislature. A full State ticket was also nominated.

The Geneva Board of Arbitration met at Geneva on Saturday last, but nothing of special moment was done, summaries of proofs and arguments in support of the case of England and this country were submitted, after which the Court adjourned until Monday afternoon. A London special to a New York daily states that prior to the meeting of the Arbitrators the American representatives received important despatches from Washington, and it was believed at Geneva that England's difficulties in regard to the Arbitration are insurmountable, and that the Geneva Tribunal will not accede to the English declaration of abeyance. The citizens of Geneva, in honor of the distinguished gentlemen composing the Board of arbitration, on Saturday gaily decorated the city with flags.

John Rose, a Canadian convicted of rape on a girl 11 years old, at Buffalo, New York, has been sentenced to twenty years imprisonment. Judge Barrows, in passing sentence, regretted that he could not sentence him to death.

Mrs. Sherman, who is accused of having murdered, by poison, her husband and children—eight persons in all—and who has been on trial at New Haven, Conn., on one of the indictments, was found guilty of "murder in the second degree," and sentenced to State's Prison for life.

Mr. Joseph H. Scranton, of Scranton, Pa., died in Baden-Baden, Germany, June 18th, at the age of fifty-eight years. Mr. Scranton was the founder and patron of the town bearing his name, and it was said that his keenness for light, energy and executive ability that it has become to be the third city in Pennsylvania. He was traveling in Europe for his health.

A lady cannot wear anything this season that will not be called stylish, provided it has ruffles enough to make her look like a demoralized baby, and is bunched together sufficiently to look as if she were wearing her whole wardrobe at once.

NEW GOODS.—Our neighbor Reid is on hand with another full supply of groceries, Queensware, Glassware, &c. See advt.

PRESS FOR SALE.—We offer for sale very low a second-hand Washington Press, old style, but works as well as the latest improved.

Mr. F. W. Shingfield, a native of this borough, has been recently promoted to the position of a conductor on the Philadelphia and Erie railroad.

FEED CUTTER.—The attention of farmers and others is called to the advertisement of the Thompson Feed Cutter in to day's paper.

SUDDEN DEATH.—An aged lady, Mrs. Scott, on Monday fell from her chair in this place, and almost instantly expired of Heart Disease.

On the occasion of strewing flowers on the graves of the rebel soldiers at Strasburg, Va., W. G. Campbell, son of Rev. J. F. Campbell, delivered an oration.

It will be seen by reference to their advertisement in to-day's paper that Messrs. Crilly & Ervin have now on hand a fine stock of groceries, glass, queensware and other goods in their line of business.

MAD DOG.—A dog belonging to Mr. John Johnston, of this vicinity, was taken with hydrophobia the other day, but fortunately dispatched before making his escape from the premises.

The noted elephant Romeo, the largest in America, and supposed to have been one hundred years old, died in Chicago recently. He was on exhibition here several years ago. See first page for interesting particulars.

Mr. T. J. Cunningham has placed us under obligations to him for an Ice Cream treat. Mr. C. has fitted up handsomely for the accommodation of ladies and gentlemen the room one door West of the Barber Shop.

CURIOUSITY.—Mr. Napoleon Beard the other day exhibited to us a potatoe from an aperture in the side of which was growing three young potatoes, one was about the size of a hazel nut and perfectly formed.

"MAN OR MOUSE."—To bring the "iron horse" to town, instead of contention, we must have harmony; in place of selfishness, more liberality and less whining about "short crops" and "hard times." Don't shirk duty and show the "white feather" from behind bolstered pretenses.

ABSENT.—Rev. C. L. Keely, Pastor of the Lutheran Church of this place, on Tuesday morning left with his family for several weeks visit to friends in the State of Iowa. Rev. Mr. Lepley of Hagerstown, will occupy his pulpit next Sunday, morning and evening.

The Young Men's Christian Association meets regularly every Tuesday evening for Prayer Meeting at their room, Beavers Hall, which is handsomely furnished. Both old and young are cordially invited to attend. Parents should urge upon youth the importance of attending these meetings.

THE FESTIVAL.—The Strawberry and Ice Cream Festival opened in the Town Hall on the evening of the 6th inst., by the ladies connected with the Lutheran Church was closed on Monday evening the 10th. We understand it proved successful beyond expectations, the proceeds amply rewarding the "fair ones" for time and services. The Hall was handsomely festooned with flowers and evergreens for the occasion.

Our Devil takes it as evidence that the ladies were well patronized because the customary "fragments" did not reach a round.

STRUCK.—On Friday afternoon last Mr. Jacob Hoover, of Willow Grove Mill, was considerably stunned by a stroke of lightning, which struck a pear tree in his yard. A lady near by was also prostrated by the shock.

On Friday morning last Mrs. Wm. Armstrong of Chambersburg was found dead in her bed. She was aged 74 years and had been in good health.

We want some beginning and if we could get Frick & Bowman here, we doubt not that mill works and other industrial enterprises could be shown to be better paying property than bonds with coupons attached.

We extract the above from an editorial on the industrial interests of Hagerstown in the last Mail. If our railroad Committee and citizens do not speedily awake to the importance of harmonizing and securing an early Branch connection with the W. M. R. R. Messrs. Frick & Bowman will certainly transfer the business of their extensive shops to Hagerstown or some other point more favorable to their business interests, which would doubtless be followed by the loss to this community of the other Manufacturing Companies. Nothing short of railroad facilities can retain these manufacturing establishments longer perhaps than a year or so at best. Wisdom therefore would dictate for the promotion of both town and country interests that we strike hands for the most direct connection with the W. M. R. R., a connection that can be had cheapest and most speedily, laying all other contemplated projects aside. It is a fact that our business men can freight from Philadelphia via Baltimore and the W. M. R. R. cheaper than they can over the Penna. Central. What more do they want?

By promptness and concert of action the wished-for result can easily be attained and these enterprising capitalists remain among us and be encouraged to increase the capacity of their respective establishments for business, which would still further enhance our business prosperity. Pursue an opposite course and drive them elsewhere for protection in competition with other mechanics, and empty houses and business depression will be among the results sure to follow.

We have nothing official on the subject from our Committee, but hear it said that a Company is to be organized under the charter granted for a connection with the W. M. R. R. In this we will be a couple months behind time, but the old saying, "it is never too late to do good," we hope may be realized in this instance, and that we may be enabled not later than next week to give some assurance as to the future of so important an enterprise by announcing a beginning of the work, or a move in that direction.

TROUBLES IN REFORMED CHURCH.—The following Committee—Rev. M. Kieffer, D. D., Greenastle; Rev. Jno. H. Peters, Huntingdon; Elder Jacob Heysler, Chambersburg; Elder Mr. Schneeb, Mercersburg—convened in the Reformed Church at 9 o'clock on Tuesday morning. The chairman stated that the first duty of the Committee was to try to effect a reconciliation between the Pastor and the parties in the congregation apposed to his ministerial course. We learn that at the last meeting of the Classis, the Pastor, Rev. W. H. H. Hishman, was charged with preaching heresy. The contest grows out of differences of opinion on the "Mercersburg Theology." The committee is still in session at the time of making up our paper (Wednesday noon).

DEAD.—John Nickens, a colored man from Upperville, East Virginia, who had been in the employ of Dr. I. N. Snively, died in this place of Rheumatism of the Heart, on Monday last. He was a civil and industrious young man, aged about 22 years. The Dr. with the few colored people in our town accompanied his remains to Greenastle where they were interred in the colored burying ground with appropriate ceremonies. Rev. Mr. Richardson officiating.

NARROW ESCAPE.—A boy in the employ of Mr. Jacob Keckler of this vicinity, named Billy Unger, aged about sixteen years, the other day made a most miraculous escape from instant death. It appears Mr. K. had large saw log on a wagon which he was hauling to Walter's Saw Mill. The boy was on the log in the act of drawing the rollers when the wagon was suddenly overturned throwing both under it, but strange to say young Unger escaped with but a slight bruise on one of his legs. His escape from being instantly crushed to death would seem to have been providential.

WHITE RATS.—Our friend, Mr. Harry Walter, of Antietam Junction, the other day exhibited in this place a novel sight, three white rats, nearly half grown. They were found, it seems in their nest beneath the foundation of an old building with a couple of the common species. A couple of large ones were seen by members of the family, and one old one was caught by one of his cats. They are perfectly white with red eyes. Of course Mr. W. will preserve them as live rat curiosities.

MOUNTAIN LAND FOR SALE.—Persons wishing to view the lots of mountain land devised by the administrators of A. Barr, dec'd. which will be sold in Waynesboro' on Saturday, June 22d, 1872, will be met at Monterey Springs at 1 o'clock, P. M. next Thursday, June 20th, by one of the administrators, who will show them over the lots. If the day should prove inclement the following day at the same hour.

A little son of Mr. C. H. Whitmore, living near Greenastle, fell into a bucket of hot lye on the 4th inst., and was scalded to death.

The Frederick (Md.) Examiner reports the prospects fair for a good wheat crop in that county the coming harvest.

BARN BURN.—The alarm of fire, on Monday night, was caused by the burning of a barn belonging to Simon Bitner, in Southampton township. The News of Saturday says: "The horses and cattle, fortunately had been turned into pasture, consequently they escaped destruction, but Mr. B's other losses are quite heavy. The building destroyed was large and commodious, and, we understand, nearly new. Also, a wagon shed, gears, harness, two reapers, four wire hay rakes, a mower, threshing machine, farm wagon, buggy, \$2000 worth of reaper castings, 200 bushels of corn, and 200 bushels of oats.

His loss is not far short of \$7000, on which there is an insurance, in the C. V. Farmer's Insurance Company, of \$1600. In regard to the origin of the fire, there is but one conclusion, and that is, it was the work of an incendiary. Mr. B. is already on the track of the suspected individual.—Opinion.

From the Baltimore American.

THE HUSTON VERDICT.—The efforts making by the defenders of Rev. Dr. Huston to convey the impression that the Committee were unanimous in their declaration that the charges had not been proved is only of a piece with the misrepresentations of the testimony daily sent abroad by them during the progress of the trial. The following card appeared in the Sun on Monday last signed by the clerical counsel of the accused:

"NOTICE.—We hereby certify that the acquittal of Rev. L. D. Huston was unanimous—the verdict signed by every member of the Committee. Any statement to the contrary, from any source, is false.

"S. S. ROSZEL,
"F. H. RICHEY,
"Counsel for Dr. Huston."

The fact that the verdict was signed by every member of the Committee is thus used to mislead the people with the conviction that the vote for acquittal on the several specifications was unanimous.—The Church rules required the minority to sign with the majority. In ordinary investigating committees the minority and majority each make a separate report; but by the singular rules of this Church, said to have been framed by Dr. Huston when a member of the General Conference, the minority are compelled to stultify themselves. That Rev. Drs. Whisner and Carson did maintain that the guilt of the accused was proven no one will dare to deny; still, it will be seen by the certificates they have signed, they were compelled to stultify themselves, and to appear before the world as maintaining the innocence of the man whom they conscientiously believed to be guilty. The following is the certificate as published, and it will be seen that the last names are those of Messrs. Carson and Whisner.

"The undersigned, being a committee appointed by Rev. Samuel Rodgers, Presiding Elder of East Baltimore District, to investigate a charge of immorality, with specifications, against Rev. L. D. Huston, D. D., having prayerfully, patiently and deliberately considered said charge and specifications, with the evidence in their support, do render as our verdict that the charge of immorality is not sustained, as no one of the specifications has been sustained.

"NELSON HEAD,
"L. H. GREENSHAW,
"J. N. SPANGLER,
"HOS. E. CA' SON,
"P. H. WHISNER."

It is a novel proceeding, but it will be seen from the wording of the certificate that they say "the charge of immorality is not sustained," meaning, we suppose, by the majority of the Committee.

The Baltimore American publishes the statement of one of the victims of Dr. Huston. It is lengthy, minute, and of such a character that it seems impossible that it could have been written or imagined if not actually experienced. If a tithing of it is true it is most damning evidence—sufficient not only to exile him from the ministry, but to banish him from society, friends, and family.

The plea used by a majority of the committee was that Huston must be acquitted to save the Church. Another question might be put to this majority in turn, (viz) are they fit characters now to be admitted promiscuously into families after having turned loose such a moral leper on society.—Washington Chronicle.

At a regular meeting of the Waynesboro' Lodge, No. 219, I. O. O. F., held Tuesday evening, June 18, 1872, the following resolutions were presented and adopted:

Resolved, That as an Odd Fellow, we cherish his memory as one who in practice exemplified that Love which purifies the heart, that Friendship that was firm and ardent and unabating in its attachments, and that Truth which in all its offices is reliable.

Resolved, That on the tablets of our memories shall be engraved characters indicating his tried integrity, his genial disposition and his relentless hope of everlasting happiness in and through the practice of a religious faith.

Resolved, That we sincerely condole with the widow and orphans of the dec'd., and invoke God who is the widow's and orphan's God to watch over and protect them, and impart to them whatever of fortitude humanity may possess under trying afflictions to bear up against their sad bereavement.

Resolved, That as a tribute of respect to the memory of our departed Brother, who was faithful and true in all the relations of life, that the Lodge be draped in mourning for the space of thirty days, and the members requested to wear the ordinary mourning badge for the same time.

Resolved, That a copy of these resolutions be sent to the widow of the deceased, and a copy furnished the Village Record for publication.

Fraternally Yours,
W. F. HORNER,
H. C. GILBERT,
Geo. B. RESSER,
