Dr. P. FAHRNEY'S Celebrated

As a medicine for children, the Panacca is, in every way, calculated to take the place of the endless variety of drugs, which are annually sold for that purpose, and which are often very injurious. A medicine which possesses the qualities of a cathartic as well as a mild alterative, and which is eapable of arresting discase without the least injury to the child, is of incalculable value to every mother. As a cathartic, it is very encitive, yet it does not, if given in proper quantities, cause nausea or distress to the stomath or boweks. It is very pleasant to the taste, which is a very important feature as a medicine for children. As a presention of disease it is more calculated and the blood. In all scrofulous diseases, it is the most effective medicine ever offered to the public; and, if given recularly and perseveringly, those cruptive diseases so common to children may be entirely cradicated. mmon to children anny be entirely cindicated.

HALLS

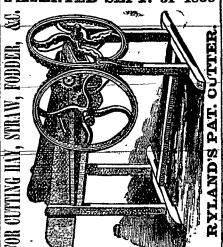

HALL'S HAIR

SRENEWER. Every year increases the popularity of this valuable Hair Preparation, which is due to merit We can assure our old alone. patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring Gray or Faded Hair to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all cruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In bardness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR-DRESSING ever ased, as it-requires fewer-applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

Sold by all Druggists and Dealers in Medicines. Price One Dollar.

Buckingham's Dye. FOR THE WHISKERS. As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in one preparation, which will quickly and effectually accomplishthis result. Aug. 24-1y. PATENTED SEPT. 31 1869

The merits of this machine consists in part, in the attachment of curved knives to the arms of the cutting-wheel, the shearing cut across the mouth-piece, the great power and directness of the blow, by which reble the volume of material is cut, with less power than is required by any other machine; those combined with its durability and simplicity of construction, command public attention. Nothing liable to get out of order, but what a boy could remedy with pocket wrench.

GEISER'S PATENT SELF-REGULATING GRAIN SEPARATOR

No implement more important to the farmer than a First-class Grain Thresher and Cleaner—for none pays him so well and so

The above cut shows the only Geiser Machine now built under the immediate eye of the old inventors themselves, with all the additional improvements made during the past 18 years, and now with

FIRST-CLASS WORKMEN & MATERIAL this Machite just stands high above all of this Machite just stands high above all of its class. As a thresher it is equal to the best, as a cleaner it is superior to any existing Machine. This is admitted by all honest competitors. Indeed it is the only Machine that really can, by one operation, thoroughly—thresh—and clean—grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a limb direct from the commands. ushel more than grain direct from any othbushel more than grain direct from any other machine, settles the question of its superiority as a cleaner over all others. Impartial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily understood and operated by those unskilled in machinery—more durable—threshing as much and yet cleaning better—with less power and more comfort to hands than any other machine in use—and besides all that is sold for less money according to capacity. These facts are according to capacity. These facts are further attested by the thousands of pur-chasers, some of whom have had them in use for the last 18 years. To supply tou wants of all, we now make 4 sizes; viz:— From a 2 Horse Railway or 3 Horse Lever Power, to a 10 Horse Lever Power, with prices ranging from \$190 to \$360, without power. We also make the latest impproved triple-geared Horse Powers, suitable for such size machine proving from \$200 to \$125. each size machine, ranging from \$90 to \$135, and all fully and fairly warranted. Ayer's Sarsaparilla

FOR PUBLEKING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its curus, many of which are truly marvellous. Inveterant cases, where the system seemed saturated with corruption, have been unified and cured by it. Scroftlous affections and disorders, which were agravated by the scrofulous contamination until hey were painfully afflicting, have been radically arred in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scroftlous poison is one of the most destruction of the country, that the public scarcely need to be informed of its virtues or uses.

Scroftlous poison is one of the most destruction of the control of the organism undermines the constitution, and invites the attack of enfeebling or fixed diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afficted with the following complaints generally find immediate relief, and, at length, cure, by the use of this Sarsaparilla is advisable, even when no active symptoms of disease. Also in the more concealed forms, as Dyspepsia, Dropsy, Heart Disease, Fits, Eptlepsy, Neuralgia, and the various Ucerous affections of its muscular and nervous systems.

Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduling these obstinate maladies by any medicine, will cure the complaint. Leucorrheae or Writtes, Uterine Uterations, and Female Diseases, are commonly soon relieved and ultimately cured by its purifying and invigorating effect
