^a Dr. P. FAHRNEY'S E Celebrated Blood Cleanser or Panacea.

As a medicine for children, the Panacca is, in overy way, calculated to take the place of the endless variety of drugs which are annually sold for that purpose, and which are often very fujurious. A medicine which possesses the qualities of a cathartic as well as a mild alterative, and which is capable of arresting disease without the least injury to the child, is of incalculable value to every mother. As a cathartic, it is very officetive, yet it does not, if given in proper quantities, cause mausea or distress to the atomach or bowles. It is very pleasant to the tasic, which is a very important feature as a medicine for children. As a presentie of disease it is unpiceodented, as it acts directly upon the digestive organs and the blood. In all scordors diseases, it is the interest of the property of the public; and, if always of the control of the

HALL'S ERENEWER.

Every year increases the popularity of this valuable Hair Preparation, which is due to morit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected prepara-tion for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In ballness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical Hair-Dressing ever ased, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the Bust Preparation for its intended purposes." NASHUA, N.H. Aug. 24-1y.

The merits of this machine consists in part, in the attachment of curved knives to the arms of the cutting-wheel, the shear-ing cut across the mouth-piece, the great power and directness of the blow, by which power and directness of the blow, by which treble the volume of material is cut, with less power than is required by any other machine; those combined with its durability and simplicity of construction, command public attention. GEISER'S PATENT SELF-REGULATIN GRAIN SEPARATOR

No implement more important to the farmer than a First-class Grain Thresher and Cleaner—for none pays him so well and so

speedily.

The above cut shows the only Geiser Ma chine now built under the immediate eye of the old inventors themselves, with all the additional improvements made during the past 18 years, and now with

FIRST-CLASS WORKMEN & MATERIAL this Machine just stands high above all of its class. As a thresher it is equal to the best, as a cleaner it is superior to any exist-ing Machine. This is admitted by all honest competitors. Indeed it is the only Machine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any others and the state of the s er machine, settles the question of its superiority as a cleaner over all others. Impartial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading tested, in competition with other leading machines, always agree that it is more simple—more easily understood and operated by those unskilled in machinery—more durable—threshing as much and yet cleaning better—with less power and more comfort to hands than any other machine in use—and besides all that is sold for less money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply the wants of all we now make 4 sizes viz use for the last 18 years. To supply tou wants of all, we now make 4 sizes, viz:—From a 2 Horse Railway or 3 Horse Lever Power, to a 10 Horse Lever Power, with prices ranging from \$190 to \$360, without power. We also make the latest impproved triple-geared Horse Powers, suitable for each size machine, ranging from \$90 to \$135, and all fully and fairly warranted. Ayer's Sarsaparilla. FOR PURIFYING THE BLOOD.

The reputation this ex-cellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous dis-ease, where the system seemed saturated with corruption, have been

Scroinlous affections and disorders, which were agravated by the scroinlous contamination until her were painfully afflicting, have been radically sured in sinch great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scroinlous polson is one of the most destructive enemies of our race. Often, this unseen and a night tenant of the organism undermines the consistution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, or some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liverpor it shows its presence by emptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this SARSAPARILLA's St. Anthony's Five, Rose or Erystpalas, Tetter, Satt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears, and other eruptions or visible forms of Scrofulous disease. Also in the more concealed forms, as Dyspensia, Dropsy, Heart Disease, Fits, Epilepsy, Neurolifia, and the various Everous affections of the muscular and nervous systems.

Syphilis or Venereal and Mercurial Diseases are curied by it, though a long time is required for subduing these obstanate maladies by any medicine. But long-continued use of this medicine will cure the complaint. Leucornhea or Whites, Uterine Ulcerations, and Fernato Diseases, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute directions for each case are found in our Almanac, supplied gratis. Rheumatism and Gout, when caused by accumulations of extraneous matters in t
