As a medicine for children, the Panacca is, in every way calculated to take the place of the endless variety of drugs which are annually sold for that purpose, and which are often every injurious. A medicine which possesses the qualities of a cathardle as well as a mild alterative, and which is of a cathardle as well as a mild alterative, and which is capable of arresting disease without the leak-dajury-to-the child, is of incalculable value to every mother. As a cathardle, it is very elective, yet it does not, if given in proper quantities, cause nansea or distress to the stomether by the state of the state, which is a very important feature as a medicine for children. As a preventire of disease, it is unprecedented, as it acts directly upon the digestive organs and the blood. In all scrothologis disease, it is the most effective medicine ever others, to the public; and, if given regularly and persevering;, those cruptive diseases to common to children may be entirely cradicated.

HALL'S VEGETABLE SICILIAN HAIR

Every year increases the popularity of this valuable Hair Preparation, which is due to merit We can assure our old alone. patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all cruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in will create a new growth, except in extreme old age. It is the most economical HARL-DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. The merits of this machine consists in part, in the attachment of curved knives to the arms of the cutting-wheel, the shearing cut across the mouth-piece, the great power and directness of the blow, by which treble the volume of material is cut, with less power than is required by any other machine; those combined with its durability and simplicity of construction, command public attention. GEISER'S PATENT SELF-REGULATIN GRAIN SEPARATOR

No implement more important to the farmer than a First-class Grain Thresher and Cleaner—for none pays him so well and so speedily.

speedily.

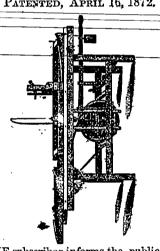

The above cut shows the only Geiser Machine now built under the immediate eye of the old inventors themselves, with all the additional improvements made during the

past 18 years, and now with
FIRST-CLASS WORKMEN & MATERIAL this Machine just stands high above all of its class. As a thresher it is equal to the best, as a cleaner it is superior to any existbest, as a cleaner it is superior to any exist-ing Machine. This is admitted by all hon-est competitors. Indeed it is the only Ma-chine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority as a cleaner over all others. Impartial judges at all the State and County Fhirs where it was thoroughly and practically where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily understood and operated by those unskilled in machinery—more durable—threshing as much and yet cleaning better—with less power and more comfort to hands than any other machine in use—and besides all that is sold for less money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply 'tou wants of all, we now make 4 sizes, viz:—From a 2 Horse Railway or 3 Horse Lever Power, to a 10 Horse Lever Power, with prices ranging from \$190 to \$360, without power. We also make the latest impproved triple-geared Horse Powers, suitable for each size machine, ranging from \$90 to \$135, each size machine, ranging from \$90 to \$135, and all fully and fairly warranted.
