

Waynesboro Village Record.

Thursday, Aug. 18, '72.

Gold closed in New York on Saturday at 115.

New Yorkers make business good in 7,500 bar-rooms.

Seven hundred subscribers in one small town in Ohio last week "cut" the N. Y. Tribune.

Hon. Stanley Matthews, temporary Chairman of the Cincinnati Convention, has declared for Grant and Wilson.

The machine shop of the Harrisburg (Pa.) Car Works was burged on Saturday night. Loss \$50,000; insured for \$45,000. Four firemen were injured.

All doubts about correspondent Stanley having found Dr. Livingstone will now be set at rest, the Doctor having furnished the New York Herald with a long account of his travels in Africa.

Alderman McMullen, of Philadelphia, still survives, the shot of Maria not having yet proven fatal. Maria has not yet been arrested. A reward of \$2,500 is offered for him.

Col. Philip Rafferty, President of a Manufacturing Company at Patterson, New Jersey, died last week, leaving nearly a half million dollars and a policy on his life of \$40,000, to his wife and five children. Forty years ago he came to Patterson a poor boy, and went to work at 75 cents per week.

W. L. Vessels, a highly respected colored man, and an able political speaker, was shot and killed while addressing a Republican meeting at Newtown, Essex county, Virginia, on the 20th ult. A rifleman who was standing in the crowd deliberately fired three shots from a revolver and Mr. Vessels fell dead on the platform.

A joint political discussion took place at Salem, Va. on Saturday last between Gen. Mosby and Gen. Hunton, the former for Grant and the latter for Greeley. A Dr. Withers was stung by something said by Mosby and sent him a challenge which was accepted. Both parties were placed under arrest, but it is said they will go to Bladensburg to fight it out nevertheless.

The following States and Territories hold their elections before November: North Carolina, August 1; Kentucky, Montana and Utah, Aug. 5; New Mexico, Sept. 1; California, Sept. 2; Vermont, Sept. 3; Maine, Sept. 9; Colorado, Tex. Sept. 10; Dakota, Indiana, Iowa, Nebraska, Ohio, Pennsylvania and District of Columbia, Oct. 8; South Carolina, Oct. 10; West Virginia, Oct. 24. Twenty States hold their State election at the same time as the Presidential, which saves much trouble.

The Baltimore American says: Gerritt Smith has requested the President to pardon Hezekiah Porter, S. G. Brown and David Collins, Ku-Klux prisoners, confined at Albany. He asks pardon for the first on the score of ill-health; for the second, because he is nearly sixty years of age, and plead guilty under bad advice; and for the third because his past character has been irreproachable, and he was the victim of circumstances. The President has Mr. Smith's request under consideration. We remember the testimony against each of these men, and with the exception of Porter none were engaged in any malignant case of ku-kluxing. Squire Brown is a man of more than average intelligence and ought to have known better than to attend the meetings of these outlaws. We hope the President will pardon these three, and such others as did not personally assist in the whippings, rapes and murders.

AN INCIDENT.—On one of the recent New York excursions for poor children a little pale-faced, hatted boy was noticed, who carried his ticket tightly clasped in his hand all the day. He found in the grove a small fruit basket, which he quickly filled with earth, and then planted in it one of the wild weeds which there abounded. Many times during the day he carried his little basket to the spring, and filling his hand with water, dashed it upon the plant. Poor child! he longed to carry back to his miserable home a bit of the freshness he had scarcely tasted himself.

The Machine shops of the Erie Railroad Company, at Jersey city, were destroyed by fire on Wednesday morning of last week. Loss supposed to be \$1,000,000. Several men were killed by the falling of the walls. Twenty-four first class Engines were destroyed. The men at work in the buildings lose their entire kits of tools. Six hundred workmen are thrown out of employment. Spontaneous combustion was the cause of the fire.

A good story is told of a candidate before a county convention in Ohio. He was out of action, and stopping at a house on Harris Prairie, asked the lady who came to the door if her husband was at home. She replied in the negative.—The candidate expressed regret, as he wanted to secure his vote for the coming convention. "O, if that's all," returned the old lady, "you needn't give yourself any uneasiness; he'll vote for you. There was seven candidates along here this morning, before he left home, and he promised to vote for every one of them."

Local News.

Fruit peddlers are in town daily.

Still crowded—the Mountain Houses.

Peaches promise to be plenty in this region.

Apples are sold in Carlisle at four cents a peck.

A comet is predicted for the 12th of August.

The peach crop of Adams county was never better.

All the wells in Smithburg except one are dry.

Grave—a home of rest where ends life's weary day.

The first twenty years take the most room in our memory.

Love—a morning sunbeam whose memory glides the day.

Katy did and Katy didn't is again heard to break the stillness of the twilight hours.

Emergency preparation—Wickey's Cholera Medicine, manufactured by Mort or Hoover.

The publication of the Cleversburg Broad Axe has been temporarily suspended.

As roasting ears are now in season farmers should look out for "frauds" by the boys.

Preaching.—Rev. J. W. Wightman will preach in the Presbyterian Church in this place on Sabbath next.

Would it not be well to set out a few posts in front of our churches for young men to lean against while waiting for their sisters.

The Record is the best advertising medium in this section. Almost everybody has subscribed for it, and those who have not, borrow it of their neighbor.

CAMP MEETING.—The District Camp Meeting at Oakville, Cumberland county, commenced yesterday morning and will close on Friday of next week. Our town is represented by a number of families.

THE FESTIVAL.—The Festival by the ladies of the M. E. Church was closed at the Town Hall on Tuesday evening. We understand it was well attended and that the ladies were liberally patronized.

NORTH CAROLINA.—The first State election, that of North Carolina, for Governor, &c. was held on the 1st inst. The first returns gave the State to the Democrats by upwards of 10,000 majority which occasions great rejoicing in different parts of the country. But the latest advices reverse the result, giving the Republicans a majority 1000 or more in the State.

DECEASED.—We are pained to announce the death of Franklin, eldest son of Mr. George Frick, which occurred at the residence of his father in this place yesterday morning, of typhoid fever. He was a most exemplary young man, aged about twenty-one years. We understand a second son, 18 or 19 years old, is also prostrated with the same disease. Our citizens generally sympathize with the distressed friends of the deceased.

FISHING EXCURSION.—Messrs. Samuel J. Lidy, John Stoner, John Harbaugh (of Henry) and Napoleon Beard, of this place, visited Frederick county, Md. on the 2d inst. on a fishing excursion. During the night they caught in Owen's creek near Mechanicstown, thirty-five Eels, four large Turkeys, besides a large lot of other fishes, and on their return the next day shot a Coon, a large Hawk, etc. The parties express themselves as highly pleased with their visit having enjoyed a good time in general.

KILLED BY LIGHTNING.—Mr. Hiram Snider of this Borough had a valuable horse killed by a stroke of lightning during the thunder storm on Monday evening. The animal was in an open pasture lot at the time. Mr. S.'s loss is said to be about \$250.

During the same storm the barn on the premises of Mr. John Price, Jr., near the Toll-gate, on the Greencastle turnpike, was struck by lightning and a valuable cow killed. Fortunately no special damage to the building was done.

FINE RAINS.—During the latter part of last week this section was visited with several refreshing rain showers. But on Monday evening last the finest rain or succession of showers for a long time fell here. The storm set in about 6 o'clock and continued almost without intermission until half past 10, nearly five hours, flooding the streets and thoroughly soaking the parched earth. The growing corn, potatoes and pasture fields have of course been much improved thereby. We can now, we think, safely predict an extra corn crop for the coming fall, which will in a measure relieve our people of the financial depression caused by the short wheat harvest.

GREAT STORM.—A great storm passed over a portion of this county on Thursday afternoon last. The Public Opinion reports considerable damage in Chambersburg and vicinity. The smoke stack at the paper mill of J. Heyser & Son, was blown down and the property otherwise damaged to the amount of \$1500 or \$2,000. The Nichols monument in Cedar Grove Cemetery was also blown down. A frame building in course of erection on West King Street, by Mr. J. B. Stewart was leveled to the ground. Loss about \$500. The roof of Kurtz & Wertz's Brewery was blown off and about one-third of the front wall demolished. Loss about \$500. In the country trees were uprooted, barns and other buildings uncovered, fruit and forest trees destroyed.

TRANSFERS OF REAL ESTATE.—The following transfers of real estate were filed for record in the office of H. T. Snyder, Register and Recorder of Franklin county, during the last week: John Harbaugh to Daniel Lechroon, 128-10 perches of land, in Washington township, for \$3.

John Walker to Ellen R. Geiser, a lot of ground in Waynesboro, for \$2,500. Peter C. Heller to Benjamin C. Ross, 160 acres and 123 perches of land, for \$6,431.25.

DEATH AT WORK.—During the past week four residents of our town departed this life, viz:—On Tuesday the 23d, Mrs. Lynch, consort of Mr. Blackstone Lynch; on Wednesday the 24th, Mr. Samuel Bloom, long a well known and highly respectable citizen; on the same day, Mrs. Cramer, consort of the late John Cramer, Sr., and on Friday, Mrs. Boward, consort of the late Jacob Boward, Sr., both these latter ladies having attained the advanced age of eighty years and upwards. Truly, our old people are leaving us, and we are rapidly following in their footsteps.—Herald.

MR. RECORDED.—What will we do in the event of a fire since Mr. Leeds purchased the New Market Engine and has thoroughly repaired it. A few small boys have shown us that it is a first-class Engine, just what our town needs, and if not too late let the Council buy it back from Mr. Leeds. In saying this I only repeat the expressed sentiments of

MANY CITIZENS.

Many people take newspapers, but few preserve them, yet the most interesting reading imaginable is an old file of newspapers. It brings up the very age, with all its bustle and every day affairs, and makes its genius and its spirit more than the most labored description of the historian. Who can take a paper dated half a century ago, without the thought that almost every name there printed is cut upon the tombstone at the head of an epitaph. It is easy to preserve newspapers, and they will repay the trouble, for like that of wine their value increases with their years.

IDLENESS.—Idleness is the nurse of all vices. It moves so slowly that they all overtake it. The Germans and Italians say proverbially that "Idleness is the devil's pillow." Some affect to excuse this hydra-headed habit by asking what harm can a person do when he does nothing. The reply is ready and plain. He who is passive in allowing decay, is himself a destroyer. While standing still and refusing to help, he obstructs the movements of others. We are told in Holy writ, "By much slothfulness the building decayeth, and through the idleness of the hands the house droppeth through." And again, it is said, "I went by the field of the slothful, and by the vineyard of the void of understanding, and lo it was all grown over with thorns, and nettles had covered the face thereof, and the stone wall thereof was broken down." The words of Cato the elder are, in the proverb, "that one who does nothing learns to do evil." Idleness has been described to be a moral leprosy which soon eats its way into the heart, and corrodes our happiness while it undermines our health.

The Phenological Journal for August, maintains its high place among our leading monthlies. Its articles on Hon. Geo. I. Post; the Republican Nominees for President and Vice-President, and Fisher Ames, whose portraits are given, are readable sketches of eminent public men. We find also, Social Science, or what do we mean by Love? Expression; Diseases of the Skin; Prison Reform; What are comets? Effects of the mind upon the body; Have you a character? The Pre-Adamites Again; Character and Success, eminently worthy the consideration of the general reader. There is also a good deal of interesting miscellaneous matter. Price for the No. 30 cents; for a year \$5.00. SAMUEL R. WELLS, Publisher, 389 Broadway, New York.

THE NORMAL SCHOOL.—In answer to the Chambersburg Opinion, and numerous inquirers from other sources, as to when the State Normal School at Shippensburg will commence its sessions, we would say, that we have, within a day or two, "interviewed" a Trustee of the corporation, who gave it as his opinion that, under existing circumstances, the sessions will not commence before April, 1873. The contract for the completion of the building called for the 1st of November, 1872, which agreement will be complied with. The heating gas and water pipes are all in the building, and the plastering and carpenter work is pushed forward vigorously. We can assure all interested in the State Normal School at Shippensburg, that the first session will not commence later than April 1, 1873. Will the papers in the district make a note of this.—Shippensburg News.

ALMOST A WHOLE FAMILY DESTROYED BY DYPHTHERIA.—Mr. John Kurtz is well to do farmer, living in West Perry township, Snyder county. Not two weeks since he had an interesting family consisting of himself, wife, four daughters and three sons. To-day it consists of himself, wife, a son and infant daughter—all of the rest of the family being called off to the land from whence no traveler ever returns by that terrible disease—diphtheria. His wife was the first to take the disease, then a son aged about 10 years, then followed all the members of his family together with himself. On last Thursday his son Jacob, aged 6 years, died at 2 o'clock P. M.; his daughter Annie, aged 4 years, at 5 P. M. and his son Samuel at 7 P. M., and on Friday they were buried in one grave. On Sunday evening at 7 o'clock his daughter Kate, aged 15 years, died; on Monday morning, at 2 o'clock his daughter Barbara, aged 16 years, departed to the Spirit land, and were both buried on Tuesday. Thus in less than a week has Mr. Kurtz been bereft of five—and his family almost broken up by death. Truly, this is a great bereavement, and one which calls forth the sympathy of every one. The infant daughter is not expected to recover.—Juniata Democrat.

Lost.—A black cloth coat was lost between this place and Hagerstown on Tuesday last. The finder will be rewarded by returning it to this office.

The nights are nearly an hour longer.

AN AWFUL WARNING.—The Lancaster Intelligencer is responsible for the following: A few days ago a woman in Columbia was "jawing" her children, the neighbors, a hired girl and everybody in general, when her husband entered and interposed a mild word. She opened her mouth for an angry reply, a spasm contracted her cheek, her lower jaw fell, and she could neither speak or shut her mouth, but remained in that condition; her tongue hung out, and her eyes nearly started out of their sockets. She had dislocated her jawbone in her violent effort to make a stinging reply to her husband. A surgeon was called, who reduced the dislocation, bound up her head, and prescribed a quiet diet. The old man is now enjoying the quietest time he has had in forty years.

To the Christian whose life has been full of care that would not lift itself, and on whom chilling rains of sorrow have fallen at intervals through many years, death with its sudden blast and storm, is but the clearing up shower; and just behind it are the songs of angels, and the serenity and glory of heaven.

On the 29th ult., in Letterkenny township, MARY HUDSON, in her 76th year. Near Greencastle on the 27th ult., CARIE, daughter of James Hicks, aged 1 year, 2 months and 7 days.
