Marshal Bazaine, who delivered the better half of the French Imperial army into the hands of the Prussians at Metz, has now been under arrest for some months and the progress of the court-martial has daily evolved overwhelming evidence against the General. It is now considered certain that he will be condemned to death. The dereliction of duty in his case is very evident; it remains only to be shown that he really did hold a traitorous correspondence with the Germans to insure his speedy execution. French military justice is supremely cruel and the new Republic is noted for its stern judgment against offenders.

Water Smelling.—The Lewistown Democrat says: About a year ago, Mr. D. M. Contour, of Mento twp., Mifflin county wishing to dig a well near where he intended to erect a house and barn, called upon a certain Mr. Johnson, who lives near Altoona, who had the reputation of a "water smeller," to locate his well. Accordingly Mr. J. came, and having gone through "the motions," located the well; but not in the place where Mr. C. wished it; and by not having strong faith in the "smelling" process, concluded not to dig at Mr. J's location, but dug where he wanted the well, although Mr. J. told him he would not get water there should he dig a hundred feet deep, but guaranteed water where he (J.) located the well, within 35 feet. After Mr. C. at a heavy expense had dug 40 feet, he abandoned the well, and commenced on the location of Mr. Johnson. He has just now finished the well, and has water at the depth of 33 feet. He is fully converted.

Mr. Johnson's modus operandi is as follows: He cuts from a peach limb a forked branch, the branches about 15 or 20 inches long, but the three or four inches. He takes one branch in each hand, holding his hands about a foot apart, the butt standing upright before him, and walks slowly and steadily over the ground. Presently the butt turns down towards the ground. He goes back a few steps, erects his branch again, and resumes his walk; and at the same place where it turned down, down it goes again. Here's the stream, certain—no fail. So much for the place. Now for the depth. He turns the branch up, tries to hold it, but down it comes. He stands and repeats the experiment until the branch refuses to turn down any more. He now multiplies the number of times it turned down by seven, and he has the depth of the well in feet.

LARGE SWEET POTATOES.—Frisby Stouffer, Esq. of Washington county, Md., who is represented as a model farmer, has been more than ordinarily successful this season in the cultivation of sweet potatoes. A friend informs us that he exhibited in his presence the other day a couple as a sample of his crop. One weighed five pounds and measured 16 1/2 inches in circumference, the other 4 pounds, measuring 19 1/2 inches in circumference.

YOUTHFUL TRAVELERS.—On Friday last there arrived at this place, five children named Hays, the oldest of the party a boy of 14 years and the youngest an infant of 18 months, who came along from Minneapolis, in Minnesota, in search of some relatives in this neighborhood. They were entirely destitute of money when they reached here, but brought with them a letter addressed to Jeremiah Kaiser whom they did not know and could not find. It seems from their story that their father died some months ago, and quite recently their mother followed him to the grave, leaving them destitute and without friends or relatives in the West, and they had made this long journey together in search of some of their mother's relatives. When they reached this place in their helpless condition some of our good citizens interested themselves in their behalf. Mrs. Col. Lull took them in charge and provided for their wants, and Sheriff Fletcher was active in bringing to their comfort. On Saturday morning Jeremiah Kaiser, to whom the letter they brought was addressed, came to town and took them with him to the home of his mother and their grandmother, which is a few miles from town on the Warm Spring road. Though entirely destitute and travel-stained they are all bright, intelligent and handsome children.—Repository.

R. R. SURVEYS.—Our town during last week had quite a visitation in the way of railroad engineers. The Baltimore & Ohio corps on Friday evening completed their line from Hagerstown to the East end of the Borough, which we understand is twelve miles long, and which they report favorably as regards grades, etc. On Saturday morning they commenced and about noon on Monday completed a second line from Antietam Junction to a point at or near the Mill of Mr. Samuel Frantz, on the Greencastle turnpike, about one mile West of town, but of which we have no particulars. The corps returned to Hagerstown on Monday evening. Mr. Gitt who was to have been here and continued the line to Cleversburg has been delayed for a few days when he will commence the work.

Maj. M. W. Boyne, in the employ of parties connected with the W. M. R. R. also completed a line a little less than six and a half miles to this place on Saturday. His starting point was at or near Welty's mill on the W. M. R. R. The steepest grade on this line is eighty feet, much of which is quite light. Maj. Boyne is an experienced engineer and was very careful in making the survey, so that his estimates, which we expect to lay before our readers next week, can be relied upon.

We learn that Ex-Mayor Chapman on Saturday finished his line from the Summit upon which he had been engaged for several weeks. Its length is said to be about ten miles with heavy grades.

BASS FISH.—Last week Dr. I. N. Snively, Rev. D. F. Good and D. M. Detrich, Esq., purchased at the Potomac a lot of Black Bass and have stocked that part of the Antietam flowing through their lands. If these gentlemen succeed, as they doubtless will, in getting that stream stocked with this favorite species of fish in the course of a few years, the benefit will be a public one. The public are therefore cautioned against disturbing them. A law passed by the Legislature of this State makes such persons guilty of trespass and liable to a penalty of \$5 for the first offence, \$10 for the second, and \$20 for the third and each and every subsequent offence, and on non-payment of such penalty the defendant to be committed to the jail of the county for a period of not less than five days. This is the letter of the law in regard to the matter, and we give it for the protection of the fish and that persons may not involve themselves in trouble ignorantly.

S. S. PIC-NIC.—The Sunday School which meets at the Union School House, held a very pleasant picnic on last Saturday in the beautiful grove which encircles the school house. The attendance of the people in the neighborhood was very general. Our old friend Mr. Henry Oaks is superintendent of the school, and he may well feel proud of it, for it numbers one hundred members, all interested in this good cause.

Rev. W. H. Hibshman and Lew. W. Detrich Esq. made some very appropriate remarks which were very well received. The Brass Band from State Line was present and played some beautiful airs. The Band has improved very much.

WASH. COUNTY FARMS FOR SALE.—We call special attention to the large sale of real estate by David Wiles, Esq. Trustee of the estate of Jacob Shockey, of the Ringgold District, in Washington county, Md., dec'd, to be found in to-day's paper. The farms to be offered are pleasantly and advantageously situated and among the most productive in that section of the county. Persons on the lookout for desirable homesteads would do well to make a tour of observation to this estate previous to the day of sale.

The Secretary of the estate of Mary-land gives notice that application has been made for the pardon of John C. Harbaugh, convicted at July Term of Wash. Co. Court of an assault with intent to kill, and sentenced to the Penitentiary for three years. The case was to have been taken up for final decision yesterday, 25th.

The waters are up.

YOUNGSTOWN, OHIO.—We are in receipt of a well written letter from a former citizen, V. R., Esq. from Youngstown, Ohio, which we would gladly publish, but its length and the crowded state of our advertising columns, prevents us doing so. The letter states that Richard Brown of that city, a native of Waynesboro' or vicinity, has been nominated for Congress by the Democrats and Liberal Republicans. Among the improvements added to the city during the past season is a handsome private residence by Mr. John S. Besore, formerly of this place.

THE NEXT FAIR.—The next Fair of the Frederick County Agricultural Society, will be held on the Fair Grounds, at Frederick City, Md., beginning October 15th and continuing four days. It will doubtless, be the most interesting ever held by that very successful Association, now so favorably known. That the Frederick County Exhibition possesses unusual attractiveness is evident by the immense attendance of visitors who annually through the grounds. Gen. Wade Hampton delivers the annual address.

The Echo states that Mr. Frederick Foreman, residing near Upton, has just finished thrashing his wheat crop, which yielded by weight 1050 bushels. The portion taken from 40 acres averaged 22 1/2 bushels to the acre.

B. F. MYERS TO JNO. STEWART, ESQ.

Berford, Pa., Sept. 19, 1872.

John Stewart, Esq., Chambersburg, Pa. DEAR SIR: I am informed by a gentleman who was present at a political meeting at Mercersburg, the other day, at which you delivered an address, that in the course of your remarks you declared that I am "an open and avowed Free Trader," and that you had authority for this statement from my own lips. Believing that you misunderstand my position on the tariff question, and that you are too fair-minded a man to misrepresent a political opponent with malice prepense, I respectfully beg leave to correct your statement.

I presume you referred to the course of the Harrisburg Patriot, some time since, on the subject of the tariff, or something that may have appeared in print attributed to my authorship. However this may be, I ask you and all others who regard the tariff question as an issue in this canvass, to judge me by my record in Congress, rather than by newspaper articles or words uttered in the heat of a political contest. The record shows that I voted against reducing the duty on pig iron, and that on every proposition looking in that direction I acted with the remainder of the Pennsylvania delegation. On all articles of home manufacture, I invariably voted with the majority of the delegation, led on the tariff question, by Messrs. Randall and Kelly. I did so, not because I believe that "protection" is panacea for all the ills attending the manufacturing interests, but because I know the sentiment of the people of the district to be favorable to protective duties on articles of home production, and as one who believes in the democratic theory of government, I felt bound faithfully to represent that sentiment. I voted for no measure which infringed at "Free Trade," unless the resolution passed by the House of Representatives in the Spring of 1871, placing salt, coal, tea and coffee on the free list, for which many protectionists voted, may be so regarded. In the re-adjustment of the tariff in May and June last, I voted for 75 cents per ton on coal, though President Grant in his last annual message recommended a low duty on that article, and Mr. Secretary Boutwell suggested in his report, a reduction to 50 cents per ton. By this record I ask to be judged, and if you, and those who think with you on the tariff question, choose to condemn me, you and they also must condemn W. D. Kelley, U. S. Senator, and in fact the whole Pennsylvania delegation in Congress. Republicans as well as Democrats, shall do in the future as I have done in the past, and as long as it may be my privilege to represent the people of the Sixteenth Congress district in the national legislature, I shall endeavor to rest their will and to legislate for their interests, on tariff as well as on every other public question. With much respect I am Yours truly,

Yours truly, B. F. MYERS. Sept 26-2t

BORDER DAMAGE CLAIMS. The following correspondence speaks for itself: GREENCASTLE, August 22d, 1872.

W. S. STENGER, Esq. Sir: You are a candidate for the Legislature this fall, for Franklin county, and as we are deeply interested in the "Border Damage Claims" we desire to know from you, what you will undertake to do for us, in this particular, if elected. For some unaccountable reason, our member, at the last session, allowed our rights to slumber in silence. Are you going to act in the same way? We respectfully request you to let us know your views, whether you will be faithful to our interests.

Yours &c. C. W. Rhodes, John Goetz, Geo. W. Garling, B. M. Powell, B. Frank Wainger, J. R. Smith, John Garman, J. E. Crunkleton, L. H. Hankell, M. S. Kunkel, J. B. Crowell.

CHAMBERSBURG, Sept. 2nd A. D., 1872. Gentlemen:—I have always held, and never hesitated to express, the opinion that the State of Pennsylvania is, in duty and honor, bound to make good the losses sustained by the people of the border counties during the late war. I have always thought too, that instead of the claimants for these losses being sent to the National Government, that its members should be convinced that justice and equity are on the side of these claimants, and to convince them of this fact, constant agitation of the subject is absolutely necessary.

I can only say, in answer to the inquiry in your letter, that if I shall be chosen at the October election to represent Franklin county in the next Assembly, while I shall endeavor to pay due attention to the interests of all her people, I will esteem it my great pleasure and a high esteem it my first duty to press, in every honorable way for the payment of the Border Damage Claims.

Yours truly W. S. STENGER. To Messrs. C. W. Rhodes, John Goetz, Geo. W. Garling, and others. Sept 12-4t
