GRAND GIFT CONCERT

Resposed to December 7, 1872.

THE Second Grand Gift Concert in aid of the Public Library of Kentucky, announced for September 28, has been postponed to December 7, 1872, because the accumulation of orders the few days before the drawing made it physically impossible to fill them without delay of days' delay, and a short postponement, inevitable, it was determined to defer it to a time that would make a full drawing sure by the sale of all the tickets.

The money necessary to pay in full all the offered gifts is now upon deposit in the Farmers and Drivers' Bank, as will be seen by the following certificate of the Cashier:

FARMERS AND DRIVERS' BANK,
LOUISVILLE, KY., Sept 28, 1872.

This is to certify that there is now on deposit in this bank over half a million of dollars to the credit of the Gift Concert fund, \$500,000 of which is held by this bank as Treasurer of the Public Library of Kentucky to pay off all gifts to be awarded at the drawing on December 7, 1872.

1,000 PRIZES, amounting to \$500,000

will be awarded, the highest prizes being \$100,000, \$50,000, \$25,000, and down in regular gradation to \$100, which is the lowest.

The drawing will positively and unequivocally take place December 7. Agents are peremptorily required to close sales and make returns November 23, in order to give ample time for the final arrangements. Orders for tickets or applications for circulars should be addressed to

GEISER'S PATENT SELF-REGULATING GRAIN SEPARATOR CLEANER, BAGGER AND POWERS!

No implement more important to the farmer than a First-class Grain Thresher and Cleaner—for none pays him so well so speedily. The above cut shows the only Geiser Machine ever built under the immediate eye of the old inventors themselves, with all the additional improvements made during the past 18 years, and now with FIRST-CLASS WORKMEN & MATERIAL this Machine just stands high above all of its class. As a Thresher it is equal to the best—its capacity is superior to any existing Machine. This is admitted by all honest competitors. Indeed it is the only Machine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority as a cleaner over all others. Impartial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily understood and operated than those constructed by such and yet cleaning better—with less power and more comfort to hands than any other machine in use—and besides all this, it is sold for less money further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply the wants of all, we now make a size of 2½ horse power, to 2 Horse Power, with 19 Horse Lever Power, with prices ranging from \$190 to \$300, without power. We also make the latest improved triple-gear Horse Powers, suitable for all sizes of farms, and ranging from \$90 to \$135, and all fully and fairly warranted. For further information send for circular and price list.
