GEISER'S
PATENT SELF-REGULATING
GRAIN SEPARATOR
CLEANER, BAGGER AND POWERS!

No implement more important to the
farmer than a First-class Grain Thresher and
Cleaner—for none pays him so well and so
speedily.
The above cut shows the only Geiser Ma-
chine now built under the immediate eye
of the old inventors themselves, with all the
additional improvements made during the
past 18 years, and now with
FIRST-CLASS WORKMEN & MATERIAL
this Mach'ne just stands high above all of
its class. As a thresher it is equal to the
best, as a cleaner it is superior to any exist-
ing Machine. This is admitted by all honest
competitors. Indeed it is the only Ma-
chine that really can, by one operation,
thoroughly thresh and clean grain fit for
market. But the fact that grain direct from
this machine commands from 2 to 3 cents a
bushel more than grain direct from any other
machine, settles the question of its superi-
ority as a cleaner over all others. Impar-
tial judges at all the State and County Fairs
where it was thoroughly and practically
tested, in competition with other leading
machines, all agree that it is more sim-
ple—more easily understood and operated
by those unskilled in machinery—more du-
rable—threshing as much and yet cleaning
better—with less power and more comfort
to hands than any other machine in use,
and besides all that is sold for less money
according to capacity. These facts are
further attested by the thousands of pur-
chasers, some of whom have had them in
use for the last 18 years. To supply the
wants of all, we now make 4 sizes, viz:—
From a 2 Horse Railway or 3 Horse Lever
Power, to a 10 Horse Lever Power, with
prices ranging from \$180 to \$800, without
power. We also make the latest improved
triple-geared Horse Powers, suitable for
each size machine, ranging from \$90 to \$135,
and all fully and fairly warranted. For
further information send for circular and
price list.
