tis class. As a thresher it is equal to the best, as a cleaner it is superior to any existing Machine, This is admitted by all honest competitors. Indeed it is the only Ma-

chine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a

bushel more than grain direct from any oth-

er machine, settles the question of its superiority as a cleaner over all others. Impartial judges at all the State and County Fairs

where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more sim-

ple—more easily understood and operated by those unskilled in machinery—more du-rable—threshing as much and yet cleaning better—with less power and more comfort

to hands than any other machine in use-and besides all that is sold for less money

according to capacity. These facts are further attested by the thousands of pur-
