

THE ATLANTIC STEAMSHIP DISASTER.

The daily papers have been laden with thrilling accounts and incidents of the wreck of the steamship Atlantic, on the 1st inst., while attempting to make her way into Halifax harbor.

Fish were swimming in and out feasting upon the dead bodies. Limbs are strewn around, having been broken from the bodies by the combined action of the waters, which, when agitated, drive against ugly pieces of the broken hull that here project.

The correspondent then went to the companion way of the steeage cabins, and found a hundred or more bodies lying in an immense heap, looking as if alive, with arms dislocated, eyes staring wildly, faces grinning, and moving backward and forward with the under current.

The correspondent then went to the companion way of the steeage, where the men passengers were by themselves. Bodies of strong men, old and young, were huddled together on the stairway, with distended nostrils, gaping mouths, staring glassy eyes, giving some conception of the terror which seized them as they vainly struggled to gain the deck.

From another part of the vessel a view was obtained of the sleeping apartment, where piled up in heaps on the port side, were numbers of bodies of men, with bed clothing strewn among them.

Down.—During the high wind which prevailed on Sunday morning last the large sign over the Co. of Messrs. Amerson, Benedict, & Co. suddenly fell with a crash. It was a fortunate circumstance that it fell when no one was in front of the store as serious if not fatal consequences might have been the result.

DAILY NEWS REVIVED.—The Hagerstown Daily News, the publication of which was suspended some weeks since, reappeared on Monday enlarged and otherwise much improved in appearance. The former publisher, Mr. M. E. Fechtig has associated with him in the business Mr. G. H. Nock. It is altogether a spicy and entertaining little sheet, and we wish the publishers success, of which—judging from the number before us—they are eminently deserving.

THE HOLY BIBLE—How to understand it.

It has been our privilege to examine Dr. Hitchcock's new and complete analysis of the Bible and we wish to call the attention of our readers to it. It is a classification of the verses of the Bible by subject, which enables one to compare scripture with scripture and interpret the dark passages by those that are obvious. Whatever facilitates the study of God's word in this way, illustrating one portion of it by another, must be regarded as an important help in arriving at a knowledge of the truth, as each subject spoken of in the scriptures is arranged under its appropriate head, it presents to the eye and mind of the reader the great truths of the Bible in strictly logical order, so that a child can refer to any passage or subject with astonishing rapidity and there tell a parent or teacher all relating to it; thus if the reader wishes to know all the Bible says on the subjects, namely: Repentance, Faith, Justification, Baptism, the death of the Body, the last Judgment, or any other subject in the Bible, he can turn to them at once and there find what might require weeks to ascertain with the common Bible.

This work also contains Cruden's invaluable Concordance, Pronouncing and Interpreting Dictionary, a Dictionary of Religious Denominations in the world, and a history of the Bible. In short it is the best Biblical work ever printed in the English language. With it one can not be ignorant of holy writ. This work may be properly denominated a commentary wholly Biblical.

The authorized agent for the work is now in Waynesboro' and will soon call upon our citizens and give them an opportunity to examine the work and we think when once examined you will say as did we—"bring us a copy." The following testimonials from our clergymen speak for themselves:

I cheerfully recommend Hitchcock's new and complete analysis of the Holy Bible as a work of great merit and invaluable aid to the study and understanding of the word of God. C. L. KEEDY, Waynesboro', April 9, 1873.

I heartily concur with the above recommendation of Hitchcock's analysis of the Bible, and no one securing a copy will ever have cause to regret it. H. H. W. HUBBARD, Pastor Trinity Reformed Church, April 10th, 1873. Waynesboro', Pa.

The analysis of the Bible by Dr. Hitchcock is regarded as the best of the kind ever published. I have had it for several years, and consider it a valuable help to the study of the scriptures. J. DONAHUE, Pastor of the M. E. Church, Waynesboro', Pa.

I believe Dr. Hitchcock's analysis of the Bible to be a book of great value to every student of the Bible, and also one calculated to excite increase of interest in the holy volume, because of the classification of its contents, rendering reference to any desired subject convenient. The concordance, tables, &c. attached add greatly to the value of the book, which is one I can freely commend to the attention of the public. ROBT. F. McCLEAN, Pastor Presbyterian Church, April 14th, 1873. Waynesboro', Pa.

A WORD MORE.—We said a word or two in favor of manufacturers. To property holders we would endeavor to direct their attention to the subject. And we believe the strongest kind of argument will be found in the subjoined extract from the Richmond (Ind.) Times: [Richmond is one of the great manufacturing towns of the West.]

As one of the evidences of the coming impetus to the prosperity of Richmond, we will state that there are no houses to rent in the city, and wherever a move is contemplated there is a cloud of applicants for the vacated house. One real estate agent informs us that he has on file sixteen applicants, and not one vacant house in prospect. Builders and those having a little spare capital would do well to bear this condition of things in mind as a sure and profitable investment. Many desirous of locating here are obliged to go away disappointed, from the impossibility of getting a house to move into. There are many instances of persons residing at other points who have standing applications for houses, who will locate here as soon as residences can be procured. Hurry up more houses, and let the tide of migration flow in.

HARRISBURG AND POTOMAC RAILROAD.—Referring to the Harrisburg and Potomac railroad the Newville Star says: "Nearly all the farms along the line have advanced in price and some enormously so. Some of these have been raised in value on account of the convenience of ore banks, others strictly on an agricultural basis. Some of the farms have gone up 300 per cent; others 150 per cent. One of these farms, which a few years since was bought for \$2,900, sold the other day for 9,000, and we are told by one who is thoroughly conversant with the price of land along the line that nearly all that were held at \$75 now bring \$150 per acre. This is very gratifying to the many farmers along the line who subscribed amounts which they could barely meet even in prosperous times, and are not the least discouraged by the financial stringency which will ruin some and frighten many who have money in nonpaying investments.—It is computed that this rise in lands will pay the entire amount subscribed along the line.

The Legislature of Illinois has had a sensation, by the introduction of a bill providing for the punishment of habitual wife-whippers by publicly whipping the offenders upon the bare back. Wife-whipping was extensively practiced in Illinois.

COMMUNICATED.

PREBYTERIAN S. S. ANNIVERSARY.

The Sunday School connected with the Presbyterian church of this place completed the ninth year of its existence as a separate school last week, and the occasion was marked by a celebration on Sabbath evening last in the church, which was completely crowded by an attentive congregation. The exercises began by singing "Happy Greeting to All" and prayer and reading of appropriate passages of Scripture by the Superintendent of the School, W. S. Amerson, Esq. A hymn entitled, "Jesus is my King" was then sung. Following this was a brief history of the School prepared and read by the Superintendent who has so well filled that position from the organization of the School. It was stated that the first session was held on the 10th of April, 1864, in the Old Union Church, there being present 3 officers, 10 teachers and 27 scholars. At the close of the first year, the number on the roll had increased to 95. The hindrances resulting from a joint occupation of the old church building were rehearsed. These were over-ruled for good, contributing largely to the movement which resulted in the erection of a separate church edifice. On the 6th of September, 1868, the school met for the first time in the new Presbyterian church, and thenceforward increased in numbers and interest. The present roll was reported as having the names of 4 officers, 8 male and 6 female teachers and 46 male and 69 female scholars, 133 in all, the average attendance for the last six months, during which a careful record has been kept, being 80. The officers, all the teachers and many of the scholars have been very regular in their attendance. In the winter of 1869, 14 of the scholars were made the subjects of grace during a precious revival and were added to the church. Since that, other scholars have from time to time professed Christ. Nearly all the baptized youth of the church are connected with the school, and quite a good proportion of the congregation, in addition to others.—Two years ago, a liberal friend presented Bibles and Testaments to the teachers and scholars, as New Year gifts, to the number of 92. The prize or reward system was tried for a short time, but proved a failure, and now there are no methods employed to awaken and sustain interest in the school or its exercises but those which appeal to a higher motive. A library of 832 volumes has been gathered. In closing the report, recognition was made of God's good hand in guiding and prospering the school through all its vicissitudes. A very beautiful piece was then sung by eleven little girls, who standing in a line, with song, each raised to view a letter of the Saviour's command "Feed my Lambs," closing with a chant. Next was read the report of the Treasurer Joseph Price, Esq. The collection for the first year amounted to \$6,54. From year to year, as a rule they have been increasing, and for the last year were \$117.51, and for the last month \$14.06, the whole amount for the nine years being \$701.55. Monthly collections for Foreign Missions are now taken up. Over fifty dollars were contributed for the sufferers by the fires in the Northwest, and fifty dollars to the support of a ward at the National Homestead for Soldiers, Orphans at Gettysburg. Following this report was the recitation of selections from that portion of the Shorter Catechism showing what the Scriptures teach concerning God. The hymn beginning

"Who is He in yonder stall, At whose feet the shepherds fall?" was then sung. The Rev. Mr. Richardson, of Greencastle, next addressed the children briefly. The concealed pitfalls and snares for the young in the world, were earnestly set forth together with the gracious deliverance from them offered by the Good Shepherd. "Let the Master In" was sung by the school, after which the Pastor of the church, Rev. R. F. McClean made a few remarks, drawing cheer from the school's past history and urging to renewed diligence and faithfulness in the future. A collection was taken up, after which the school sang, "Whiter than Snow" and prayer was again offered.

A tastefully arranged group of well executed photographs of the officers, teachers and pastor, in a large and handsome oval frame was presented on behalf of the members and friends of the school to the faithful Superintendent, devoted friend and generous benefactor of the school, W. S. Amerson, Esq., as a testimonial of their appreciation of his character and services. The picture was the work of Mr. L. C. Brackbill, and reflects much credit on our town artist. The exercises were closed by the singing of the grand "Coronation" hymn by the entire congregation, and the benediction. The music throughout the services was under the leadership of Mrs. Josephine A. Funk, at the organ, and the Sunday School choir, which has so well served the school, the members of which had so cheerfully taken much time and trouble in the preparation of this part of the exercises, which added so much to the interest of the occasion.

A man and his wife, in Elmira, had a talking match the other day for the championship. At the expiration of the eighth hour the husband fell on the floor completely exhausted. The wife stooped long enough in her garrulous career to bend over the fallen man and remark:—"Poor fellow! he appears to have been overcome or something before I have got fairly started." She won the belt.

THE MODOC MASSACRE!

MURDER OF GEN. CANBY & OTHERS.

SAN FRANCISCO, April 12.—A courier has arrived from the Lava Beds and reports that Major General Canby and Dr. Thomas were murdered by the Modocs yesterday while holding a peace conference.

LAVA BED CAMP, April 11, via UREKA, April 12.—Yesterday afternoon five Indians and four squaws came into our camp and were made presents of clothing and provisions by the Peace Commissioners, and a message was sent out by the Commissioners, asking for a talk this morning at a point about a mile from our picket line. Later in the evening Bogus Charlie came in and told the picket that he could take his gun, that he, Charlie, did not intend to go back any more. The picket brought him in and took him to the tent of General Canby, where Charlie left his gun and remained at the tent of Frank Riddle during the night. This morning Boston Charlie came in and told the Commission that Captain Jack and five other Indians would meet the Commission outside our lines. Boston Charlie and Bogus Charlie then mounted horses and started for the Lava Bed.

About an hour after their departure General Canby, Dr. Thomas, Mr. A. B. Meacham, and Mr. Dyer with Frank Riddle and his squaw for interpreter, started for the place appointed. The party arrived at the appointed place, and were closely watched by the signal officer Lieutenant Adams, from the signal station on the hill overlooking our camp. About a half and hour after the party had arrived a cry from the signal station was heard, saying that the Indians had attacked the Peace Commissioners, and that an engagement had taken place between the Indians and Colonel Mason. In a moment the troops were under arms and deployed as skirmishers, under command of Col. Green, and orders were given to forward double-quick.

Very shortly after Mr. Dyer returned and told us that the Indians had attacked them and that he thought he was the only one who had escaped. But in a few moments after Riddle and his squaw were seen within the picket line. From him we gather the following account of how the massacre commenced: Mr. Meacham made a short speech to the Indians, followed by General Canby, and then Dr. Thomas. Then Captain Jack made a speech asking for Hot Creek and Cottonwood, places now occupied by Fairchild and Dorris for reservations. Mr. Meacham told Captain Jack that it was impossible to give him what he asked. Schonchin told Meacham to say no more, that he (Meacham) had said enough on that subject, and while Schonchin was speaking Captain Jack got up and walked behind the others, turned back and exclaimed, "all ready." He then drew his pistol and snaped the cap at General Canby.—He then cocked his pistol again and fired, and General Canby fell dead, shot under the eye. Schonchin then shot Meacham in the shoulder and head, but he is still alive. Boston Charlie another Indian shot and killed Dr. Thomas.
