this Machine just stands high above all its class. As a thresher it is equal to the best, as a cleaner it is superior to any existing Machine. This is admitted by all honest competitors. Indeed it is the only Machine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any oth er machine, settles the question of its superiority as a cleaner over all others. Imparriority as a cleaner over all others. Impartial judges at all the state and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily understood and operated by those unskilled in machinery—more durable—threshing as much and yet cleaning the tor—with less power and pages comfort. better-with less power and more comfort to hands than any other machine in useand besides all that is sold for less money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. Vinegar Bitters are not a vile Fancy Drink, snade of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors; doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," & c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy cond tion, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.

There are always more or less obstructions of the liver, a weakness and irritable state of the stomach, and great torper of the Lowels, being elogged up with vitated accumulations. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. Their Anti-Bilious properties stimulate the liver, in the secretion of bile, and its discharges through the biliary duets, and are superior to all remedial agents, for the cure of Bilious Fever, Fever and Ague, etc.

Fortify the body against disease by purifying all its fluids with Vinegar Bitters. No epidemic can take hold of a system thus forearmed. The liver, the stomach, the bowels, the kidneys, and the nerves are rendered disease-proof by this great invigorant.
