

ENOCH MORGAN'S SONS'
SAPOLIO
is a substitute for soap for all household purposes, except washing clothes.
SAPOLIO
for cleaning your house will save the labor of one cleaner. Give it a trial.
SAPOLIO
for windows is better than water or whitening. No removing curtains or carpets.
SAPOLIO
cleans paint and wood, in fact the entire house, better than soap. No slopping. Saves labor. You can't afford to be without it.
SAPOLIO
for scouring knives is better and cleaner than bath brick. Will not scratch.
SAPOLIO
is better than soap and sand for polishing tinware. Brightens without scratching.
SAPOLIO
polishes brass and copper utensils better than acid or oil and rottenstone.
SAPOLIO
for washing dishes and glassware is invaluable. Cheaper than soap.
SAPOLIO
removes stains from marble mantels, tables and statuary, from hard-finished walls, and china and porcelain.
SAPOLIO
removes stains and grease from carpets and woven fabrics.
There is no one article known that will do so many kinds of work and do it as well as Sapolio. Try it.

HAND SAPOLIO
a new and wonderfully effective toilet soap, having no equal in this country or abroad.
HAND SAPOLIO
as an article for the bath, "removes the foundation" of all dirt, opens the pores and gives a healthy action and brilliant tint to skin.
HAND SAPOLIO
cleanses and beautifies the skin, instantly removing any stain or blemish from both hands and face.
HAND SAPOLIO
is without a rival in the world for curing or preventing roughness and chapping of either hands or face.
HAND SAPOLIO
removes Tar, Pitch, Iron or Ink Stains and grease; for workers in machine shops, mines, etc., is invaluable. For softening the skin white and soft, and giving it a "blow of beauty" it is unsurpassed by any Cosmetic known.
HAND SAPOLIO
costs 10 to 15c. per cake, and everybody should have it. You will like it.
Don't Fail to try these Goods.
Buy it of your merchant if he has it or he will procure it for you. If not, then write for our pamphlet. "All about Sapolio," and it will be mailed free.

STEAM-ENGINE AND BOILER WORKS
ESTABLISHED 1853.

STATIONARY AND PORTABLE
STEAM-ENGINES, BOILERS,
Portable Saw Mills,
and all other Machinery made to order.
The above cut represents our Horizontal Engine with Improved Side Bed. This design makes it strong, neat and durable and upon which we have made some valuable improvements, especially upon the working parts making them durable and economical.
We build Horizontal Engines with box beds of different sizes and designs and upon the most improved plan.
We also make Upright Engines of different sizes and styles, and where economy of space is an object, they have some advantage over the Horizontal, also in the wear of the Cylinder, which is always equal in an Upright Engine.
A special point of advantage in these Engines is our (A. O. Frick's) recently invented and patent self-adjusting BALLANCED SLIDE VALVE, suited to all Steam Engines and Locomotives. It leaves the Engines as simple in operation as those of the ordinary plain slide valve class. We direct special attention to this superior valve, and invite correspondence.
We give special attention to Portable Engines and Saw Mills, also Agricultural Engines for threshing grain and for farm purposes generally. Also
STEAM BOILERS,
of all sizes. Further information may be obtained from the manufacturers,
