Dr. E. F. GARVIN'S SOLUTION AND COMPOUND ELIXIR

FIRST AND ONLY SOLUTION ever made in one maxture of ALA THE TWELVE valuable active principles of the well known curative agent,

PINE TREE TAR. SPECIFIC FOR CONSUMPTION! This all-powerful vecetable preparation expels from the lungs and air passages the mucus and muco-pus produced by pulmonary inflamination, hosts the irritated membranes, and ranovates every organ which unilizes the breath of life. It contains no superlying poison, and is in all respects a healthful medicine. The rapidity and certainty with which it

ANNIHILATES A COUGH is astonishing. Its effects go deeper than the mero symptoms of pulmonary disease and discharre the cause from the system. It relieves the lurgs, chest mid throat from the burdens which optices them, thus aircsting Consumption and Bronchitis in the garm before they reach the more dangerous stages. The emaciated sufferer

EATTLING FOR LIFE with the most terrible scourge of our climate will find Dis. GARVIN'S TAR REMEDY a porent ally, and will assuredly win the fight by alnering strictly to this baleamic medicine. By its VITAL-IZING, PURIFYING and SITMULATING effects upon the general system, its remarkably officacious in all

DESELASES OF THE ELOOD,
Including Scrottle and Emptions of the Skin, Dyspopsia, Diseases of the Liver and Kidneys, Heart Disease, and General Debility. The CASES NOW ON RECORD in which it has been administered with entire sur cers as a remody for every variety of maladies which affect the respiratory functions, amount to

THOUSANDS at the present date, and yet the preparation is only in the intancy of its usefulness. The great detect of all Expectorants introduced is that they are of all expectorant introduced is that the region simply expulsion. Hence they are useless; for unless the causes of the acrid secretions which are coughed up are removed and the ruprured, inflamed or materated surfaces helled and restored to their natural tone, a cure is impossible.

accomplish these objects. The mueus and muco-pus which are the consequences of Lung Discuses, are thrown off by them, while at the same time they sootho and invigorate the weakened tissues. As STERLING REMEDIES for coughs, colds, influenzs, bronchial difficulties, catarrh, asthma, diseases of the heart, liver, stomach and bowels, all femaio weaknesses, diseases of the skin, inflammation of the lungs, and all disorders of a pulmonary nature, they have never been consider. equalled. Celebrated Blood Cleanser or Panacea.

As a medicine for children, the Panacca is, in every way, calculated to take the place of the endless variety of drugs which are annually sold for that purpose, and which are often very injurious. A medicine with the possesses the qualities of a cathartic as well as a mind afterative, and which is capable of arresting disease without the least injury to the child, is of included by the covery mother. As a cathartic, it is very elective, yet it does not, if given in proper quantities, cause nause a distress to the stomach or bowels. It is very pleasant to the taste, which is a very important feature as a medicine for children as a presenting to discuss the common to children as a property of the property of the public; and, if given regularly and perseverincy, those cruptive diseases to common to children may be entirely cradicated.

FIRST-CLASS WORKMEN & MATERIAL

this Machine just stands high above all o its class. As a thresher it is equal to the best, as a cleaner it is superior to any exists ing Machine. This is admitted by all honest-competitors.—Indeed—it is the only flachine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel-more than grain-direct from any other machine, settles the question of its superiority as a cleaner over all others. Impartial judges at all the State and County Fairs tial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily understood and operated by those unskilled in machinery—more durable—threshing as much and yet cleaning better—with less power and more comfort to hands than any other machine in use to hands than any other machine in use—and besides all that is sold for less money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply tou wants of all, we now make 4 sizes, viz:—From a 2 Horse Railway or 3 Horse Lever Power, to a 10 Horse Lever Power, with prices ranging from \$190 to \$360, without power. We also make the latest impproved triple-geared Horse Powers, suitable for each size machine, ranging from \$90 to \$135, and all fully and fairly warranted.
