REMINGTON

FAMILY SEWING MACHINE THE subscriber announces to the public that he has the agency for the sale of the "Remington Family Sewing Machine"

in Franklin county. Having tested its working qualities and capacity for several months can safely recommend it as the very BEST MACHINE IN USE.

Its construction is such that it can be run at a higher rate of speed than any shuttle machine now in use. In factories where the speed has been registered, over 1000 stitches perminute have been attained with ease. It is strong in all its parts, and free from the harsh and jarring movements, and friction, common in inferior machines. A simple change of the needle and thread and it will sew the finest cambric or the heavie-t leather. The shuttle carries a large quantity of thread thus saving in a great measure the trouble of filling the bobbins. The Remington has no rotary cams, cog

wheels or lever arms to make a noise, run hard, or to get out of order.

Any girl of ordinary intelligence can keep it in order without the least difficulty. The subscriber also informs his customers and the public that he has just opened out

THE ALDINE,

An illustrated monthly journal universal dmitted to be the handsomest-peri-dical in the world. A representative and cham pion of American tasto.

Not tor Sale in News or Book Stores. THE ALDINE while issued with all the regularity, has none of the temporary or interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light, and graceful literature, and a collection of pictures, the rarest specimens of artistic skill, in black and white. Altho each succeeding number affords a fresh pleasure to its friends, the real beauty and alne of The Aldine will be most appreciated after it is has been bound up at the close of the year. While other publications may lay claim to superior cheapness, as compared with rivals of a similar class, The Aldin is a unique and original conception—alone and unapproached absolutely without competion in price or character,

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkan-sas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Antumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no eathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the darkcolored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.
