**DR. E. F. GARVIN'S
SOLUTION AND COMPOUND ELIXIR
OF
TAR**

THE FIRST AND ONLY SOLUTION ever made in one mixture of ALL THE TWELVE valuable active principles of the well known curative agent PINE TREE TAR.

SPECIFIC FOR CONSUMPTION!

This all-powerful vegetable preparation cures the lungs and all passages the mucus and mucous membrane by its natural action, cleanses the irritated membranes, and repairs every organ which utilizes the breath. It is a healthy remedy, in all cases, and is in all respects a healthful medicine. The rapidity and certainty with which it annihilates a cough is astonishing. It effects no fever than the more symptoms of pulmonary disease and discharges the cause from the system. It restores the lungs, chest and throat from their diseased state, and insures the most effective consumption and bronchitis in the most rapid manner. It is the most successful remedy.

ANNIHILATES A COUGH

It is a most reliable and powerful remedy in all cases of coughing, whether it be the result of colds, influenza, or any other cause. It is the only remedy that will cure a cough in the most rapid manner. It is the most successful remedy for a cough, and is in all respects a healthful medicine.

BATTLES FOR LIFE

With the most terrible scourge of our climate with which Dr. GARVIN'S TAR ELIXIR and Compound Elixir of Tar, will be successful in all cases of consumption, influenza, and all other diseases of the lungs, chest and throat. It is the only remedy that will cure a cough in the most rapid manner. It is the most successful remedy for a cough, and is in all respects a healthful medicine.

DR. GARVIN'S TAR REMEDIES,

accomplish these objects. The mucus and mucous membrane are the cause of all diseases of the lungs, chest and throat, and it is the only remedy that will cure a cough in the most rapid manner. It is the most successful remedy for a cough, and is in all respects a healthful medicine.

SEWING MACHINE

FOR DOMESTIC USE,
ONLY FIVE DOLLARS

with the New Patent
BUTTON-HOLE WORKER,

Patented June 27th, 1871. Awarded the 1st
Premium at the American Institute and
the Maryland Institute Fairs, 1871.

A most wonderful and elegantly constructed Sewing Machine for Family Work. Complete in all its parts, uses the straight eye pointed needle, self threading, direct up and down motion, new tension, self feed and cloth guide, operates by wheel and on a table. Light Running. Smooth and noiseless, like all good high-priced machines. Has patent check to prevent the wheel being turned the wrong way. Uses thread direct from the spool. Like the Elastic Lock Stitch, (finest and strongest stitch known) firm, durable, close and rapid. Will do all kinds of work, fine and coarse, from Cambrie to heavy cloth or leather, and uses all styles of thread. This machine is heavily constructed to give it strength; all the parts of each machine being made alike by machinery, and beautifully finished and ornamented. It is very easy to learn to use, and is in all respects a practical, reliable at all times, and a practical, mechanical invention, at greatly reduced price.

A good, cheap, Family Sewing Machine at last. The first and only success in producing a valuable, substantial and reliable low priced Sewing Machine. Its extreme low price reaches all conditions. Its simplicity and strength adapts it to all capacities, while its many merits make it a universal favorite wherever used. It is in all respects a rapid demand. It is all that is recommended. I can cheerfully and confidently recommend its use to those who are wanting a really good Sewing Machine, at low price.

M. E. PEOTONE, Will. Co., Ill.

Price of each Machine "Class A" "One" (warranted for five years by special certificate) with all the fixtures and everything complete belonging to it, including self threading needle, packed in a strong wooden box, and delivered to any part of the country, by express, freight collect, on receipt of price, only \$5. Safe delivery guaranteed. With each machine will send on receipt of \$1 extra, the new patent **BUTTON-HOLE WORKER**, one of the most important and useful inventions of the age. So simple and certain, that a child can work the finest button hole with regularity and ease. Strong and beautiful. Special terms, and extra inducements to agents, and agents, who keep on hand, who will establish agencies through the country and keep our New Machines on exhibition and for sale. County Rights given to smart agents free. Agents complete outfit furnished without any extra charge. Samples of sewing, descriptive circulars, combining terms, testimonials, engraving &c., sent free. We also supply Agricultural Implements. Latest patents and improvements for the farm and garden. Mowers, reapers, cutters, feed cutters, harrows, farm mills, planters, harvesters, and threshers and all articles needed for farm work. Rare seeds in large variety. All money sent in Post Office Money Orders, Bank Drafts, or by Express, will be our risk, and are perfectly secure. Safe delivery of goods guaranteed. **GEISER'S
PATENT SELF-REGULATING
GRAIN SEPARATOR
CLEANER, BAGGER AND POWERS!**

No implement more important to the farmer than a First-class Grain Thresher and Cleaner-for one pays him, so well and so speedily. The above cut shows the only Geiser Machine now built under the immediate eye of the inventor, and which has all the additional improvements made during the past 15 years, and now with FIRST-CLASS WORKMEN & MATERIAL this Machine just stands high above all of its class. As a thresher it is equal to the best, as a cleaner it is superior to any existing machine. This is admitted by all honest competitors. Indeed it is the only Machine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority as a cleaner over all others. Impartial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily understood and operated by those unskilled in machinery—more durable—threshing as much and yet cleaning better—with less power and more comfort to hands than any other machine in use—and besides all that is sold for less money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply your wants of all, we now make 4 sizes, viz: From a 2 Horse Railway or 3 Horse Lever Power, to a 10 Horse Lever Power, with prices ranging from \$190 to \$390, without power. We also make the latest improved triple-gear Horse Powers, suitable for each size machine, ranging from \$90 to \$135, and all fully and fairly warranted. For further information send for circular and price list. Responsible Agents in Territory not introduced. Address.

STEAM-ENGINE AND BOILER WORKS
ESTABLISHED 1853.

**STATIONARY AND PORTABLE
STEAM-ENGINES, BOILERS;
Portable Saw Mills,
and all other Machinery made to order.**

The above cut represents our Horizontal Engines on the Improved Slide Valve. This design makes it strong, neat and durable and upon which we have made some valuable improvements, especially upon the working parts making them durable and economical.
We build Horizontal Engines with box beds of different sizes and designs and upon the most improved plan.
We also make Upright Engines of different sizes and styles, and where economy of space is an object, they have some advantage over the Horizontal, also in the wear of the Cylinder, which is always equal in an Upright Engine.

A special point of advantage in these Engines is our (A. O. Frick's) recently invented and patent self-adjusting BALANCED SLIDE VALVE, suited to all Steam Engines and Locomotives. It leaves the Engines as simple in operation as those of the ordinary plain slide valve class. We direct special attention to this superior valve, and in vite correspondence.
We give special attention to Portable Engines and Saw Mills; also Agricultural Engines for threshing grain and for farm purposes generally. Also
STEAM BOILERS,
of all sizes. Further information may be obtained from the manufacturers,
