**GEISER'S PATENT SELF-REGULATING GRAIN SEPARATOR CLEANER, BAGGER AND POWERS!**

No implement more important to the farmer than a First-class Grain Thresher and Cleaner—for none pays him so well and so speedily.

The above cut shows the only Geiser Machine now built under the immediate eye of the old inventors themselves, with all the additional improvements made during the past 18 years, and now with

**FIRST-CLASS WORKMEN & MATERIAL.**

This Machine just stands high above all others of its class. As a thrasher it is equal to the best, as a cleaner it is superior to any existing Machine. This is admitted by all honest competitors. Indeed it is the only Machine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority as a cleaner over all others. Impartial judges at all the State and County Fairs where it was thoroughly and practically tested, in competition with other leading machines, always agree that it is more simple—more easily understood and operated by those unskilled in machinery—more durable—resisting rust and yet cleaning better—with less power and more comfort to hands than any other machine in use—and besides all that is sold for less money according to capacity. These facts are further attested by the thousands of purchases, some of whom have had them in use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz: From a 2 Horse Railway or 3 Horse Lever Power, to a 10 Horse Lever Power, with prices ranging from \$190 to \$380, without power. We also make the latest improved triple- and four-roller, suitable for each size machine, ranging from \$20 to \$125, and all fully and fairly warranted. For further information send for circular and price list.

**REMINGTON FAMILY SEWING MACHINE!**

THE subscriber announces to the public that he has the agency for the sale of the "Remington Family Sewing Machine" in Franklin county. Having tested its working qualities and capacity for several months he can safely recommend it as the very

**BEST MACHINE IN USE.**

Its construction is such that it can be run at a higher rate of speed than any shuttle machine now in use. In factories where the speed has been registered, over 1000 stitches per minute have been attained with ease. It is strong in all its parts, and free from the harsh and jarring movements, and friction, common in inferior machines. A simple change of the needle and thread and it will sew the finest cambric or the coarsest of any other. The speed carries on a quantity of thread thus saving in a great measure the trouble of filling the bobbins. The Remington has no rotary cams, cog-wheels or lever arms to make a noise, run hard, or to get out of order. The speed is in fact a lively not to be surpassed by any in order without the least difficulty.

**HOW IS THIS FOR HIGH.**

JOHN FORD in returning thanks to the public for their patronage announces that he intends removing his shop to the Basement of Walker's Building, (and not leaving town as is the belief of many) where he intends carrying on the BOOT AND SHOE BUSINESS as usual.

All persons knowing themselves indebted to him will please call and settle their accounts immediately, for I pay cash for my stock and must have my money. Don't want to see the face of that unwelcome visitor, the Deputy from Port Fletcher, prowling about my shop seeking whom he may devour, &c.

Customers will therefore find me at the Basement referred to after the first of April next.

JOHN FORD.

**NEW TIN STORE**

THE undersigned would most respectfully inform the citizens of Waynesboro' and vicinity that he has opened a new Tin Store on East Main street, opposite St. George's and Wolf's Dry Goods Emporium, and keeps constantly on hand a good supply of

**COOK & COAL STOVES,** MORNING GLORIES, etc., at prices to suit the times. All kinds of work done in his line with neatness and dispatch, such as roofing, spouting and repairing. You will find it to your interest to give him a call before purchasing elsewhere. The sign of the Big Red Coffee Pot, Always on the post—thankful for past favors he hopes for a continuance of the same.

Yours Respectfully,

CLAYTON M. FREY
