

A Carlisle gentleman has an Easter egg 53 years old.

Three boys were poisoned in Williamsport the other day, by eating wild parsnips. One died, but the other two, with the aid of emetics recovered.

A pocket book containing \$3,000 in United States bonds was found under the floor of a barn burned down last year at Rockester, Beaver county.

A few years since that cheerful individual, Foote, wanted the scalp of an abolitionist, for which he offered \$10,000. Last week he died with Wendell Phillips at the restaurant of a Washington darkey.

Charles Rose, a young man convicted of perpetrating an outrage upon the person of Miss Sarah E. James, aged nine teen, at a picnic near Baltimore last summer, was sentenced by the court to imprisonment in the penitentiary for seven teen years.

There is a farther beat Flushing, N. Y., who owns a Kentucky-bred mule that has, within the last thirty days, kicked in seventeen barn doors, unroofed a dozen chicken coops, and trampled the life out of 75 of his favorite pigs. He calls it Ben Butler.

A fire broke out in the immense lumber yards at Williamsport, Pa., on Sunday last, which destroyed 29,000,000 feet of lumber, and burned over thirty acres before it was subdued. The loss is estimated at half a million of dollars, upon which there is an insurance of \$150,000.

Philadelphia last week appropriated a million dollars to the centennial. It had previously voted \$500,000, and the citizens subscribed over a million. The million from the State and a million and a half from the railroads, and further subscriptions expected from the public, will make \$5,000,000—a nice little sum to start a show with.

The distilleries of the country, last year, produced over sixty-eight millions of gallons of spirits. There were 445 of them in which about \$70,000,000 capital was invested, 70,000 men employed, and nearly twenty millions of bushels of grain consumed, four fifths being corn. The spirits produced yielded nearly \$50,000,000 tax to the Treasury. Illinois is the chief producer, and the Western States distilled more than five-sevenths of all the spirits made.

The State election in Connecticut resulted in a triumph for the Democrats, who elected Ingersoll, for Governor by a about 2,500 majority, and a large majority of the Legislature. This victory will secure to the democrats a U. S. Senator in place of Mr. Buckingham. The new Senator from Connecticut, whoever he may be, will be the solitary one of the democratic faith from New England. That section of the Union has not had a demutrat in the Senate since the beginning of the war.

Helen Cflager, an attractive young school teacher, was kissed against her will by a conductor on the Chicago and North-western railroad. She caused him to be arrested on a charge of assault and battery, and he was fined and discharged from his position. She then went for the railroad company, and has just recovered one thousand dollars damages, the Circuit Court of Sauk county, Wisconsin, ruling as a matter of law that the company was liable to the plaintiff for actual damage, occasioned by the wrongful act of the conductor.

A correspondent describes the private box of Mr. A. T. Stewart at Niblo's Garden, New York, which is said to equal in style, size and convenience, the box of any crowned head in Europe. It consists of a suite of four rooms, a large parlor, dressing room, cloak room, and box. They are richly carpeted and curtained, and the parlor has immense mirrors and one of the finest cut glass chandeliers in the city. The dressing room has every appurtenance of the toilet, and his box is filled with luxurious Turkish chairs covered with crimson satin.

The prospect for higher prices for American grain this year is very good. The news from Europe is that there is a serious grain deficiency in that country, and the fact that the Old World must supply its lack almost from this country cannot fail to effect the market here. The shipments of all kinds of grain from this country since January 1st have been much larger than in former years, aggregating to March 7th, from the principal lake ports alone, 12,421,057 bushels against 6,275,186 in the same weeks of 1873. The shipments of flour during the same period were 1,334,180 barrels against 664,678 barrels, showing an increase in both instances of nearly 100 per cent. This marked increase is also noticeable from August 1st, 1873, to March 1st, 1874, the shipments aggregate 102,551,607 bushels of grain and 3,402,283 barrels of flour, against 88,046,473 bushels of grain and 2,467,240 barrels of flour in the same time in the year preceding.

And, this too, although the full effects of the short European crops are just beginning to be felt here.

Local News.

Colds and coughs prevail. Some street cleaning last week. Fine weather once more. Garden-making goes on. Counterfeit fifty cent notes of the new issue are in circulation. County Treasurer, White, is coming. See advt. Pailings and pump stock for sale. See advt. of George Stofer.

Closed.—The public schools of this township. The Antrim Hotel, Greencastle, has been closed for the present. Our office force this week has been one compositor, which will account for doubling matter, etc.

Mr. Samuel King, formerly of Ringgold, has commenced the shoemaking business near the Toll-gate west of town.

LES BROKEN.—Simon Shank who resides near Brown's Mill, this county, was thrown from a spring wagon one day last week and had one of his legs broken.

John Long, convicted of horse-stealing in the Washington county, Md. Court was sentenced to the penitentiary for nine years.

New Goods.—Mr. O. F. Summers, of Quincy, has received his first supply of new goods for the spring trade. See advertisement in another column.

PREACHING.—Rev. William Shaffer of Franklin and Marshall College will preach for St. Paul's Reformed Congregation on next Sunday morning and evening. Public are invited.

New Stock.—Mr. M. H. Jacobs, of the Town Hall Store, it will be seen by reference to our advertising columns, has opened up a stock of new boots and shoes, hats, caps, &c.

ENLARGED.—Rev. Jacob Snider, has enlarged his business quarters in the Oellig Building, and opened out a stock of boots, shoes, hats, caps and notions. See advt.

COURT.—Court commenced at Chambersburg on Monday last. From all accounts the present week will prove a warm one for the landlords, brewers and restaurant keepers in that quarter.

We call attention to an interesting communication in another column addressed to the School Directors of the county, by the Superintendent, Jacob S. Smith, Esq.

DEAD.—Mrs. Benedict, whose extreme age we noticed sometime since, died at the residence of her son, near Quincy, on Monday last. Had she lived until October next she would have attained her one hundredth year.

TONIC BEER.—Our neighbor, Mr. H. Henneberger, has the agency to sell Dr. Bates' Baltimore Tonic Beer, which is pleasant to the taste, besides being highly recommended for its medicine properties.

MEMORIAL MEETING.—At a memorial service held by the Sabbath School of the M. E. Church on last Sunday afternoon, the following resolutions were unanimously passed: WHEREAS, Since we last met, it has pleased our Heavenly Father, to permit death to invade our school, and by his icy touch, destroy the life of our worthy and beloved brother Peter Dock; and whereas the loss we have sustained by his death, is of such a character as to render it proper that we give some formal expression of his Christian character, and our sorrow on account of his death, Resolved, Therefore that in the death of brother Dock, we feel that our school has lost one of its most honored and useful members.

Resolved, That we recognize in the mysterious Providence which so suddenly and unexpectedly separated our brother from us, the hand of Him whose wisdom is infinite, and whose goodness we cannot question.

Resolved, That as a member of this school, his attendance was perfect, his labors in the different positions filled by him earnest and efficient, his love for the school intensely ardent, his intercourse with the officers, teachers and scholars always pleasant, and his estimate of the Sabbath School work in promoting the cause of Christ in saving souls, of the highest importance.

Resolved, That we shall ever cherish a joyous remembrance of his sweet notes of song as he led us and our children in worship; and that we pledge ourselves anew to that precious faith, which enables us to look far beyond the river, to the "Home of the Soul" where we fondly hope to meet him again, and mingle our voices with his, in the "Sweet By and By" in songs of redeeming love forever and forever.

Resolved, That we tender to the bereaved family, in their sorrow, our warmest sympathies; and humbly pray, that they may receive abundantly of that grace, which is able to sustain, under all circumstances in life; and that they may yet realize, that this sad affliction is but one of the "All things that work together for good to them that love the Lord."

Resolved, That this room remain draped in mourning for thirty days, in respect to the memory of the deceased.

Resolved, That these resolutions be published in the Record; that a copy be sent to the family of the deceased, and that they also be entered upon the School Register.

S. S. ANNIVERSARY.—On last Sabbath evening in the Presbyterian church, were held the anniversary exercises of 10th year of the existence of their Sabbath School. The exercises consisted of addresses by the superintendent—W. S. Amerson, Esq., by the pastor, Rev. R. F. McClean, and reports of the treasurer and the secretary, with a review of the lesson from the international series for that day, interspersed with choice music, several pieces being sung quite prettily by the little children. The school passed a creditable examination on the Westminster Shorter Catechism, and the little folks were very prompt in answering their questions. From the secretary's report the whole number of names on the roll is 145; and the collections for the past year \$161.

At a meeting of the Town Council on the 10th inst., the following paper was adopted: WHEREAS, By the dealings of an all-wise Providence, Mr. PETER DOCK, a fellow member, has been removed by death; Resolved, That we bear testimony to the memory of the deceased, as a man of high character, honest and conscientious in the discharge of public duty. Resolved, That we deeply sympathize with the family of the deceased in their bereavement; and that a copy of these resolutions be sent to the family and request publication in the Record.

SAMUEL RIDER, Pres. Town Council. A. B. STOLER, Secretary.

A Letter to School Directors. To the Directors of Franklin county: We are in a great measure the guardians of the moral and intellectual culture of twelve thousand youths. It is a duty we owe to our God and to our country faithfully to guard the moral and intellectual culture of those to whose care this great Republic, with all its benign institutions, will be shortly entrusted.

In view of the great responsibility devolving upon us, by virtue of our several offices, let us inquire what are our duties: One of our most important duties is to employ teachers of high Moral and Intellectual attainments to take charge of our several schools. No teacher ought to be employed whose moral attainments are not equal to those of a worthy minister of the Gospel. Employ no teacher, who makes the low, vulgar class his associates, or such who are seen intoxicated or making use of profane language; otherwise we cannot expect to use the high moral principles developing in the bosoms of those Youths, which are so essential to qualify them for usefulness in their day and generation.

A few whose moral attainments are not such as to qualify them for the honorable profession of teacher, were employed last session. They must be dispensed with the coming session. The moral culture of the Pupils are too sacred to be entrusted to the care of those whose characters are such as if our own children were to emulate, we would shed tears of sorrow.

Directors should meet with the humble Superintendent in their respective townships, on the day of examination, and confer with him in regard to the moral character of the applicants; and if any be found lacking that high moral character which we would be proud to have our own children emulate; such ought to be rejected. It is also our imperative duty to raise the standard of intellectual qualifications in our county. We are compelled to employ some whose intellectual attainments are not such as they should be. This is not a wonder when we learn from the Superintendent's Report, for 1873, that forty-nine counties pay a greater salary to their teachers than Franklin. This ought not to be. Franklin county ranking among the wealthy counties of the State; a county in which investigation has recently developed that untold millions lie embedded in her bosom, should emulate the noble example of some of her sister counties—pay a living salary to teachers, and employ none but those who are in every respect qualified. Without an advance in salary we can expect our country to be drained of some of our most efficient teachers. Last session, thirty-three teachers of Franklin county, eminently qualified in every respect, taught in other counties.

Let us, as Superintendent and Directors, endeavor to employ no teachers but such as are qualified morally and intellectually, and we may receive the rich reward of seeing those who are entrusted to our care, grow up to be good citizens and bright lights in the several branches of the Christian Church.

NOT THE RIGHT MAN.—We learn that the colored man, Samuel Wilson, who was arrested near Upton, a few weeks ago for operating an illicit distillery, returned to his home one day last week. The reasons alleged for his release, were, that he was not the owner of the distillery, but was only employed to manufacture the ardent, by parties who reside in the neighborhood and that he was illiterate and unacquainted with the sinuous workings of the law. On these grounds, we believe, he was discharged from custody, and the individuals who knew the law, and made a cat's-paw of him to manufacture whiskey unlawfully, were arrested and will be taken to Philadelphia for trial. We have not learned the names of the parties arrested.—Opinion.

The Washington correspondent of the Troy (N. Y.) Times says that he has taken pains to ascertain the position of the President on the currency question, and believes he has got at the truth.—Grant is opposed to inflation, and greatly desires to see the day for specie redemption fixed. But he will not interpose a veto, except in a clear case of increase of legal tenders, but then it will be, if such a contingency arises, on the ground of doubtful constitutionality; and further, betwixt, in his opinion, a new issue of legal tender notes in time of peace would be a great national calamity.

ACCIDENTS.—A son of Mr. John Snively of this vicinity, aged about 10 years, on Friday last had one his hands so severely crushed by getting it into a straw cutter that the removal of one finger was found necessary.

On Monday a small child of Mr. Ged. Mowers received a full breaking one of his arms.
