

**WALKER'S CALIFORNIA VINEGAR BITTERS**

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable Preparation, made chiefly from the native herbs found in the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of WALKER'S BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of WALKER'S BITTERS in healing the sick of every disease man is heir to. They give a gentle Energy, act as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases.

The properties of Dr. WALKER'S VINEGAR BITTERS are: They cure the Liver, Gallstones, Catarrhs, Laxative, Diuretic, Sedative, Constipant, Scurvy, Alternative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system. No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

**Bilious, Remittent, and Intermittent Fevers**, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Kentucky, Arkansas, Louisiana, Missouri, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the action of the liver, and generally restoring the healthy functions of the digestive organs.

**Fortify the body against disease** by purifying all its fluids with WALKER'S BITTERS. No epidemic can take hold of a system thus fore-armed.

**Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Pain in the Side, Inflammation of the Lungs, Pain in the Region of the Kidneys, and a hundred other painful symptoms**, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

**Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Glands, Scars, Eruptions, Itching, Indurations, Mole-like Growths, Pimples, Old Sores, Eruptions of the Skin, Sore Eyes, etc.** In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

**For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, etc.** these Bitters have no equal. Such Diseases are caused by Vitiating Blood.

**Mechanical Diseases**—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

**For Skin Diseases, Eruptions, Itching, Salt Rheum, Scalds, Eruptions, Pimples, Freckles, Blisters, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, etc.** Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are hereby cured and eradicated out of the system in a short time by the use of these Bitters.

**Pin, Tape, and other Worms**, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuge, no anthelmintics will free the system from worms like these Bitters.

**For Female Complaints**, in young or old, married or single, at the dawn of womanhood, or the turn of the life, their benefits display so decided an influence that improvement is soon perceptible.

**Cleanse the Vitiating Blood** whenever you find its impurities bursting through the skin in Pimples, eruptions, or Sores; cleanse it when run and obstructed, and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

**GEISER'S**  
**PATENT SELF-REGULATING**  
**GRAIN SEPARATOR**  
**CLEANER, BIGGER AND POWERS!**

No implement more important to the farmer than a First-class Grain Separator and Cleaner—for none pays him so well and so speedily.  
The above out shows the only Geiser Machine now built under the immediate eye of the old inventors themselves, with all the additional improvements made during the past 18 years, and now with  
**FIRST-CLASS WORKMEN & MATERIAL**  
this Machine just stands high above all of its class. As a thrasher it is equal to the best, as a cleaner it is superior to any existing Machine. This is admitted by all honest competitors. Indeed it is the only Machine that really can, by one operation, thoroughly thresh and clean grain fit for market. But the fact that grain direct from this machine commands from 2 to 3 cents a bushel more than grain direct from any other machine, settles the question of its superiority as a cleaner over all others. Imparticular three-hing and much yet cleaning better—with less power and more comfort to hands than any other machine in use—and besides all that is sold for less money according to capacity. These facts are further attested by the thousands of purchasers, some of whom have had them in use for the last 18 years. To supply the wants of all, we now make 4 sizes, viz—From 2 Horse Railway or 3 Horse Lever Power, to a 10 Horse Lever Power, with prices ranging from \$100 to \$300, without power. We also make the latest improved triple-geared Horse Power, suitable for each size machine, ranging from \$80 to \$135, and all fully and fairly warranted. For further information send for circular and price list.

The above cut represents our Horizontal Engine with Improved Slide Bed. This design makes it strong, neat and durable and upon which we have made some valuable improvements, especially upon the working parts making them durable and economical.

We build Horizontal Engines with box beds of different sizes and designs and upon the most improved plan.

We also make Upright Engines of different sizes and styles and ere economy of space is an object, they have some advantage over the Horizontal, as in the wear of the Cylinder, which is always equal in an Upright Engine.

A special point of advantage in these Engines is our (A. O. Frick's) recently invented and patented self-adjusting BALANCED SLIDE VALVE, suited to all Steam Engines and Locomotives. It leaves the Engines as simple in operation as those of the ordinary plain slide valve class.—We direct special attention to this superior valve, and invite correspondence.

We give special attention to Portable Engines and Saw Mills; also Agricultural Engines for threshing grain and for farm purposes generally. Also

**FAMILY SEWING MACHINE!**

THE subscriber announces to the public that he has the agency for the sale of the "Remington Family Sewing Machine" in Franklin County. Having tested its working qualities and capacity for several months he can safely recommend it as the very  
**BEST MACHINE IN USE.**  
Its construction is such that it can be run at a higher rate of speed than any shuttle machine now in use. In factories where the speed has been registered, over 1000 stitches per minute have been attained with ease. It is strong in all its parts, and free from the harsh and jarring movements, and friction, common in inferior machines. A simple change of the needle and thread and it will sew the finest cambric or the heaviest leather. The shuttle carries a large quantity of thread thus saving in a great measure the trouble of filling the bobbins. The Remington has no rotary cam, cog-wheels or lever arms to make a noise, run hard, or to get out of order.  
Any girl of ordinary intelligence can keep it in order without the least difficulty.
