

The monthly debt statement of Aug. 1, show a reduction of the national debt amounting to \$1,282,866.13.

John Leopold whose wife and four children were drowned in the late flood at Pittsburg, has become insane from the bereavement.

Lord Gordon-Gordon, the famous English swifdler who had a brilliant career in the United States three or four years ago, blew his brains out in Manitoba on Saturday. It was a dark ending to an ill-spent life.

Last Monday night a man named John Wolfensinger, fell from the third story window of his house in Baltimore, to a street below, receiving no other injuries than a sprained ankle. He dreamed he was stepping into a hack to take a ride when he stepped out of the window.

A little boy named Willie Gray, 8 years of age, ascended to the roof of an unoccupied three-story house in Baltimore one day last week, for the purpose of flying his kite. While thus engaged, he backed over the edge of the roof and fell to the sidewalk below, breaking his neck. When picked up life was extinct.

They are trying to build the largest hotel in the world in San Francisco. It is to be known as the Palace Hotel, and will contain 700 rooms. There will be 320 bath-rooms and 374 bay windows. Accommodations will be furnished for 1,200 guests. The hotel is to be completed in August, 1875, and will cost altogether \$2,750,000.

The Western railroads do not intend to submit tamely to the laws regulating fares and freights. The Northwestern Railway Company, in consequence of the conflict with the Wisconsin State courts in the regulation of the rate of carriage, is greatly reducing its expenditures in Wisconsin. It has entirely abandoned all improvements or extensions in construction or in rolling stock and equipment, and during the past two weeks greatly curtailed its operations and work in the machine, construction and repair shops, involving the discharge of no less than 1,800 men.

The result of the election in North Carolina was a sweeping Democratic victory. The majority is estimated at anywhere from ten to twenty thousand, and the Democrats elect seven out of the eight Congressmen. Two years ago the Republicans carried the State at the August election by two thousand, returning four Congressmen; and in the succeeding November they gave Grant twenty-five thousand majority over Greeley. The western counties saved the State for the Republicans in 1872, but now even they seem to have been revolutionized.

A woman was arrested near Bennington, Vermont, on Monday with a boy who may very possibly turn out to be the kidnapped Charley Ross. He answers to the description, and even to the name, while the accounts which she gives concerning him are confused and contradictory. The police are holding him until some of his relatives can come on from Philadelphia to identify him, if he is really the lost child. The woman who has him is the wife of an employee of Barnum's Circus, and there is no explanation as to how the child came into her hands.

One of the beauties of Lynch law is shown by an incident which recently happened in Kansas. A mob went to the house of a man who they supposed had stolen a horse, and dragging him from his bed, hung him to a tree, and then shot twenty-two bullets into him. The next morning they found they had got the wrong man (this one being a hard-working laborer, with three children) and that the right man lived just next door. The law's delay may sometimes be very vexatious, and its judgments are not always in strict accordance with justice. It would be far preferable, however, that ten guilty persons should escape its punishment than one innocent person should suffer the crime of another.

The Indianapolis Journal says that Messrs. Johnson & Lilly, manufacturing chemists of that city, recently received an order from an eastern drug house, for one thousand pounds of potato bugs, which experiment had demonstrated were capable of filling the place of Spanish flies in medication. Messrs. Johnson & Lilly have a number of Illinois farmers engaged in supplying them with the necessary amount of bugs to fill the order, and the price received by the farmer for the bugs pays more and better than the crop would do if left unmolested, it is probable the Legislature of that State will not find it necessary, as was supposed, to pass an act making it a penal offence for a potato bug to remain within the border of the State.—Brownsboro, Ind. Banner.

At this season of the year cramps and pains in the stomach and bowels, dysentery, diarrhoea, &c., are quite common, and should be checked at once. Johnson's Anodyne Liniment is the best article that can be used in all such cases, and should be kept in ever family.

Plenty and cheap—water-melons and cantaloupes.

Local News.

Fall clover is promising.

The "heated term" is about over.

Choice apples are selling at 40 cents.

5,000 gallons Gettysburg Katalysine water was recently shipped in one day.

Meteor showers during the present month are predicted.

Old John Robinson's show is coming this way.

The Church of God campmeeting near Mowersville, Camb. Co., commences to-day.

Pic Nic.—The Union Sabbath School Pic Nic comes off to-day in Gilbert's woods, on the old Hagestown road, about one mile from town.

Solomon Stern of Hagerstown, the "rag man" was married in Baltimore on the 26th ult. The lucky damsel was Miss Sarah Knapp.

Court commenced on Monday.—Our town is well represented with witnesses for the enforcement of the local option law.

CORNER-STONE LAYING.—The cornerstone for the new Methodist Episcopal church at Funkstown will be laid on next Saturday, August 15th, at 2 1/2 p. m.

REAL ESTATE SALE.—Attention is called to the sale of valuable real estate advertised in this issue by Messrs. Benedict & Walk, of Quincy township, assignees of Henry Reed.

Col. Geo. B. Wiestling having declined the nomination for Congress tendered him by the late Republican County Convention, Hon. John Stewart has been nominated in his stead.

NOT DEAD.—Wm. Givler, formerly of this vicinity, is not dead as announced in our local column last week. The deceased person it appears was a cousin to Mr. G.

RELIGIOUS.—Harvest Festival services will be held in Salem church by the members of the Waynesboro' Reformed charge next Sunday morning. In the evening preaching in Trinity Reformed church.

CAMP MEETING.—Cumberland Valley Campmeeting near Oakville, will commence on Wednesday next, the 19th.—The grounds have been much improved since last year, a large circle of tents formed in the centre, etc. The price of boarding has been fixed at \$6.50 for the term.

FESTIVAL.—We are requested to announce that a number of ladies purpose holding a Festival in this place on the evenings of the 20th, 21st and 22d of this month, the proceeds to be used for the benefit of the Waynesboro' Band. No exertions will be spared to make the occasions interesting to all who may be pleased to favor them with their patronage.

USEFUL CONTRIVANCE.—Our friend L. C. Brackbill, is general agent for the sale of a recently patented and useful article, an iron for ruffing, &c., combining four irons in one. He purposes calling on the ladies of our town in person. He has also the power to sell territory. It would be well for young men out of employment to call on him and learn terms, etc. See advt. in another column.

DICKENSON SEMINARY.—We notice that James Elden, A. M. a graduate of Allegheny College, and recently a teacher of Natural Science and the Classics in the Cumberland Valley State Normal School at Shippensburg, has resigned his place there and accepted the Professorship of Mathematics in Dickenson Seminary, at Williamsport, Pa.

Pic Nic.—Trinity Reformed Sabbath School will hold its pic nic at Beautiful View Springs, of which Mr. V. B. Gilbert, is proprietor, on Thursday next, the 20th inst. It will be a basket pic nic. The friends of the school and the public generally are cordially invited to accompany them. They will assemble in front of Trinity church in the morning at 7 o'clock. If Thursday is an unfavorable day they will pic nic the day after (Friday).

At last accounts the Beecher-Tilton investigation had not been concluded, and there is a strong probability that when it is brought to a close and a decision rendered by the committee that it will be carried to the courts. Should this prove to be the case, the slang will be re-kashed and dished out to the country at large.—According to the evidence so far produced it is hard to determine as to the guilt or innocence of the famous Brooklyn divan.

FIVE FORKS PACKAGE.—This package of papers is mailed here regularly on Wednesday evening and should be received at Five Forks the following (Thursday) evening, but we understand it very often does not reach there until Saturday, and last week even failed to be received with Saturday's mail. The P. M. says it is regularly forwarded from this office.—Where does the fault lie? We hope it is not with our friend of the Shady Grove office.

Here is a simple remedy for diphtheria, which is said to be very efficacious: One teaspoonful of table-salt and one teaspoonful of powdered alum in a cup of water sweetened with honey, used as a gargle every half hour or oftener.

TAKE TIME TO REST.—An exchange says most men and women must keep in the traces, and keep pulling, the year round. All the more, therefore, is it their duty to take things easier as the hot weather comes on. Take longer rests at noon. Put on less steam when you are at work. Snatch a Sunday now and then from the middle of the week. You can't? You can. People find time to be sick and to die. They can just as easily find time to rest and keep well. Everything does not depend on finishing that dress or fencing that field; on "putting up" so much fruit or catching so many customers. Better that the children should wear old clothes than that their mother should be laid aside by a fever.—Better that the corn crop be a little lighter than that there be no one to harvest it. Let us have shorter sermons and fewer of them on Sunday; longer recesses for the children at school on week days. Put up the store shutters earlier at night; prepare plainer meals in the kitchen. Take a noon-day nap yourself, and give your employees a chance to go a fishing of an afternoon now and then. That only duty which the Lord lays upon us and he is not so hard a master as we sometimes suppose.

MOUNTAIN HOUSES.—We recently visited the mountain, stopping for a short time at Monterey and Beautiful View Springs. As usual, we were treated with the utmost kindness and hospitality by the proprietors, Messrs. Yingling and Gilbert, partaking, by invitation, of a fine supper at the latter place.—Both houses are crowded with city boarders. An opportunity to visit the Clermont House was not afforded, but we were told it was also filled to its utmost capacity with boarders. It affords us pleasure to be able to announce that all the Mountain Houses—friend McIntire's of Fountain Dale included—are so liberally patronized this season. These summer resorts seem to grow in popularity with each succeeding season.

FINE RAINS.—Since our last issue this section of country has been favored with the most timely and refreshing rain showers. For two or three hours on Saturday morning last rain continued to fall in such quantities as to thoroughly saturate the ground, and on Monday evening we had a similar out-pouring. Another week or ten days of dry weather would have seriously damaged the growing corn and potatoes. The prospects now for abundant crops of both were never more encouraging. Not only farmers, but everybody, have cause to rejoice and be thankful.

THRASHING WHEAT.—On Friday last we witnessed the operation of thrashing wheat by steam power at barn of Mr. L. S. Forney in this place. A twelve-horse power Geiser Separator was attached to one of Frick & Co's. eight horse-power portable engines. It was something we had not witnessed before and presented a striking contrast with the old or more common mode of operating with horse-power. Under favorable circumstances we were told they could thresh, clean and bag about five hundred bushels per day. The separator and engine were purchased by Messrs. Christian Frantz, Jacob Shank and Ephraim Snider who purpose continuing the business of thrashing in the neighborhood.

The season for improving side-walks, crossings, etc. is passing by again and but few of these much-needed improvements are noticeable. We don't think the last twenty years witnessed a worse condition of affairs in this respect than the present. The North side of West Main street, or a portion of it at least is scarcely "navigable" in wet or muddy seasons. There are other parts of the town where the pavements are about in the same condition, but we do not wish to particularize or be personal. The authorities should require such pavements to be relaid or so far repaired as to be passable.

SHERIFF SALES.—On Friday last the Pateison property, near this place, 80 acres of land, with fine mill and other improvements, was sold to the Pittsboro National Bank, for the sum of \$7,100. A few years since Mr. P. purchased the farm and mill for \$32,500. We understand the purchasers hold judgements against the property amounting to upwards of \$20,000.

At the same time a mill, house and lot, the property of John K. Bemisderfer of Quincy, was sold to John F. Hess, for the sum of \$3,500.

LUCKY AGAIN.—In addition to the presents already announced we this week make mention of two more. A large and delicious water-melon from Mr. H. Henneberger of the Waynesboro' Bakery and Confectionery, and a mess of fine roasting ears from our neighbor, D. B. Russell, Esq. The former during the season will continue to supply the market with the choicest melons, and the latter with green corn having made different plantings with this view.

RESPIRED.—Taliaffero, the colored man convicted of the murder of little Annie Butler, near Falling Waters, and sentenced to be hung, was respited at the last moment, to await a decision of the Supreme Court of West Virginia in a case similar to his own.

It has been discovered by a Hanover man, who counted them, that there are 727 blackberries to the quart.

BLACK LIST.—The following individuals have swindled us out of the sums annexed to their names, or so far, at least, have refused to settle any part of their accounts, and in order that they may not successfully play the part of "dead beats" in other localities, we give the public their names, and will continue to add "a few more of the same sort" from week to week, and as they appear their names will be dropped from our list as subscribers: HENRY L. BROWN, \$30.00; SOLOMON BITNER, 6.90; DR. JOHN M. PEDDICORD, 19.90; HENRY L. SVITZER, 12.00; DAVID CARBAUGH, 20.00; DR. J. A. HATTON, 14.00; JOHN MENTZER, 15.00; GEORGE CORDELL, 14.00; JAMES B. SECKIST, 12.75; JOHN D. BARR, 10.50; ISAAC H. BREWBAKER, 9.75; S. A. FOUTZ, 10.00; A. N. STALEY, 5.00; L. SCHILDNECHT, 9.00; AARON BECK, 9.00; JACOB BURGER, 20.00; GEO. ZENTMYRE, 13.00; J. M. LESE & CO., 30.00; JOHN UHLER, 15.00; SAMUEL HELLER, 10.00; BENJ. F. FITZ, 6.00; H. M. JONES, 8.00.

DEATH OF JUDGE PAXTON.—Hon. W. V. Paxton, late Associate Judge in this district, died at his residence in this place, on Wednesday morning, after a brief but severe illness. Seldom has our community been more startled with the suddenness of an event. The announcement of his decease was the first intimation many of our citizens had that he was not at his usual place of business in his ordinary health. Mr. Paxton was, as is well known, a local preacher in the M. E. Church. On Friday or Saturday he went to Gettysburg with the view of seeing his old friends, and filling some appointment in one of the churches there, which he did with markedunction on Sunday morning and evening. But while engaged in this duty, he was seized with an attack of a malady that has long been afflicting him. He persisted in coming home on Monday, and the long, rough ride in the stage so aggravated his disease as to place him beyond medical help, and after suffering excruciating pain for about thirty-six hours, he "fell asleep." The deceased was born in Adams county, in 1811, and was at the time of his death in the 63d year of his age. He has long been identified with this community, where he held positions of honor and trust, and his loss will be sadly felt, especially in the church with whose communion he spent so large a part of his life.—Opinion.

FIRE.—On Wednesday morning about 8 o'clock, the residence of the late Dr. Richards, east of town, was discovered to be on fire, and the alarm was soon carried to town. W. B. Gilmora, Esq., apprised of the fire, gave the alarm at the railroad, and workmen were dispatched to the scene, having in their hands several of the Babcock fire extinguishers. They were not long in entering the building which was found to be burning rapidly in the attic. The extinguishers were used with great success, and the flames were extinguished in a short time after their arrival, and before the steamer was in readiness to play before the building.—Tl.

A NEW COMET.—A new comet has made its appearance. On Sunday night a week M. Borelli at Marselles discovered it in position "right ascension, 15 hours, 52 minutes and polar distance 30 degrees." It can be seen in our latitude and it is described as "moderately brighter," and having a movement toward the northwest. Borelli is a very industrious astronomer and, like his colleague, Coggia, has made heretofore some important astronomical discoveries. Whether his present comet will rival Coggia's is it yet to be demonstrated. It may be found with a small telescope seven degrees south of Gamma, the upper guard or pointer of the Little Bear. It will be between 9 and 10 o'clock in the evening almost directly to the left of that star. Its small size and slow motion indicate that it is yet probably not less than 100,000,000 miles from us, but neither its distance nor the direction of its motion can be certainly known until after another observation.

DEATH OF GEORGE BERGNER.—Mr. Bergner, proprietor of the Harrisburg Daily and Weekly Telegraph, died at his home in Harrisburg, on Wednesday of last week, after an illness of four weeks. He was a prominent politician of the Republican party, and held the position of postmaster of the city, besides other responsible public trusts. A successful business man, he had amassed great wealth, and he will be greatly missed, not only by the city of Harrisburg but throughout the State.

ARM BROKEN.—While running to the fire on Wednesday last, Eed Kurtz, son of Major Luther Kurtz of this borough, fell and broke his left arm between the wrist and elbow.—Valley Spirit.

An old sardine of an editor says that in looking over an old ledger we see a long array of names of former subscribers who are indebted to us. Some of them have moved away, and are lost to sight although to memory dear. Others are carrying the contribution boxes in our most respectable churches, and others again have died and are now angels in heaven, but they owe us just the same, with interest added.

CIRCUMSTANTIAL EVIDENCE.—The last Jersey City murder, as it has been called, makes a romantic story. The body of a man, named James McCann, was found on the road with two bullet-holes in the head. The police arrested one Frank Wagner of being the murderer. The circumstantial evidence against him was strong. He had been on the road at the time the pistol shots were heard. He bore a bad character. He betrayed signs of fear when arrested. He denied having been out, which was proved at once to be an untruth. He had that night exhibited a pistol at a saloon close by the spot where McCann's body was found. Finally, the bullet taken from McCann's head fitted the chambers of the revolver discovered in Wagner's room. What stronger case could be made out against a prisoner? But suddenly a man comes forward, a harmless and innocent fish dealer, Thomas Brooks by name, who tells how McCann met his death. Brooks was driving into New York for a load of fish, when McCann sprang into his wagon and attacked him. Brooks fired at him twice and passed on, ignorant that he had hit him and thinking he had jumped from the wagon.—The mystery is solved, but if Brooks had not told the truth, would Wagner have escaped hanging?

The discussion in the Chicago newspapers as to the best means of re-building the waste places so as to prevent the recurrence of another such catastrophe, has brought out an instructive calculation from one of the Chicago journals that the difference between the cost of wood and brick buildings, sacrificed in the end \$5,000,000. The original cost of the wood buildings destroyed in the fire of July 14 was \$150,000. The same class of buildings could have been put up in brick (which is the best fire-proof material that can be used) for \$220,000. These inflammable wooden buildings contained furniture, merchandise and machinery worth nearly \$5,000,000. It is not too much to say that a large part of these goods would not have been lost had they been covered by slate and brick. The lesson will hardly be lost on the people of Chicago, and it may be well studied with advantage elsewhere. Another great saving in the use of brick for building purposes is the lower rate of insurance thereby gained.—The difference in the premiums to be paid is often more than the interest on the difference in cost between wood and brick.

The secret of the high price paid in Cambridge, Md., says the Westminster Advocate, for peaches last week, came about in this wise: A speculator in peaches some time ago bought a farmer's orchard for \$100, the peaches to be delivered in Cambridge. Last week the farmer delivered his crop, eight peaches.—Hale's Early—to the speculator, and received his \$100, making the peaches cost the purchaser just \$12.50 apiece. It is said he sat down and ate the whole of them, in order to be enabled to say he had eaten \$100 worth of peaches at a mesa.

The steamship Henry Ames, with a full cargo from St. Louis for New Orleans, struck a snag on Friday night near Watershoff, in the Mississippi, and sunk in twenty-five feet water. Four lives are known to have been lost. The boat had about 1,200 tons assorted merchandise.—A German woman and two children going to Bayou Sara, and a French woman, going to Cook's landing, were lost, and probably others, but no cabin passengers are missing. The boat and its cargo were valued at \$130,000.

Great harm and discomfort is caused by the use of purgatives which gripe and rack the system. Parsons' Purgative Pills are free from all impure matter, and are mild and health-giving in their operation.

The Crusaders, at Franklin, Ohio, recently commenced operations, after a temporary suspension. During the period of rest, the saloons are said to have increased from one to nine.

BUSINESS LOCALS.

NOTICE.—I hereby notify the party who stole a melon from my Confectionery window on Saturday evening last that I will expose them through the Record next week if it is not settled for before that time aug13 1t H. HENNEBERGER.

We have just received another large supply of the celebrated Bay State Suspenders. We have the exclusive sale of these goods in Waynesboro', and recommend them as being the very best in market. aug2 2t PRINCE & HOEFELICH.

Sin is often the result of physical ill-health and feeble stomachs. During one-third of our time the process of digestion continues. To be dyspeptic is to be miserable; dyspepsia is the foundation of fevers and all the diseases of the blood, liver, skin and kidneys. Dyspepsia yields to the virtues of vegetable ingredients in that great purifier of the blood and restorer of health, Dr. Walker's Vinegar Bitters. July25 4t

DEATHS.

On the 31st ult., at Alto Dale, HANNA CATHARINE, consort of Geo. Mehlhoff, aged 24 years, 1 month and 10 days. Near Greenacastle, August 2, CHARLES EDGAR, son of Mr. Chas. Unger, aged 1 year. Near Greenacastle, July 29, 1874, Mr. CHRISTIAN KOEHLER, aged 88 years, 11 months and 14 days. Near Shady Grove, RACHEL GETS, aged 22 years, 7 months and 29 days. In Hamilton township, Aug. 3d, JOHN HENRY, aged 77 yrs, 7 months and 33 days.

MARKETS.

STRIKE WHILE THE IRON IS HOT!

THE KING IRON! FOUR complete Irons in one, combined smoothing, glossing, band and finishing iron. 1st. It will flute any depth of ruffle from one quarter inch to three feet or more, and the whole front of the morning w upper, which is now done.

VALUABLE REAL ESTATE AT PUBLIC SALE. WILL be exposed to public sale, at the residence of Henry Reed, On FRIDAY the 18th SEPTEMBER, the following valuable Real Estate, situated on the road leading from Quincy to Funkstown, mid-way between the two places, viz:—

The Mansion Farm, containing SEVENTY-SIX ACRES, Limestone and Freestone Land, in a high state of cultivation, about one-half of which has been limed. The improvements are a LOG DWELLING HOUSE,

(weather-boarded) Log Barn, and all necessary outbuildings in good repair. There is also close to the house one of the finest Springs in the neighborhood, a FINE YOUNG APPLE ORCHARD on the premises, besides other fruit.

No. 2—A Tract of Limestone and Freestone Land, containing TWENTY-TWO ACRES, about 8 acres of which are Timber Land. On this tract there is a FINE LIMESTONE QUARRY.

No. 3—A Tract of Mountain Land, containing FOUR-TEEN ACRES, well set with thriving young chestnut timber. The above unimproved tracts are convenient to the Mansion Farm, and will be sold separately or together to suit purchasers.

SALE to commence at 2 o'clock, P. M., on said day, when terms will be made known by JOHN WALK, Assignee of Henry Reed, Geo. V. Moug, auct.

STRAYS.

CAME to the premises of the subscriber near Tomstown, on the 9th inst. two light bay Mare Mules and an iron-gray Horse. One of the mules is shod in front. The owner is requested to prove property, pay charges and take them away. aug13 3t GEO. ROCK, (of Thos.)

PUBLIC SALE!

BY virtue of an order of the Orphans' Court of Washington county, Md., the undersigned Executor of Susan Stewart, dec'd, will sell at public sale, at her late residence in Kingwood, Washington county, Md., On THURSDAY the 21th of AUGUST, 1874, the following property, to wit: 1 BUREAU AND BOOK-CASE,

beds and bedding, chairs, 1 safe, 1 sink, 1 table, 1 wood chest, 2 parlor coat stoves, (one) 1 eight-day clock, Hick nut table cloths, a number of quilts, coverlets, carpeting, a lot of applibutter, a lot kitchen utensils, barrels, boxes, and many other articles not necessary to mention.

TERMS OF SALE.—A credit of 6 months will be given on all sums of \$5 and upwards, the purchaser to give notes with approved security; sums under \$5 cash, and no property to be removed until settled for. Sale to commence at 1 o'clock, P. M.

There will also be offered at public sale, at the same time and place, the real estate of said deceased, consisting of a substantial LOG HOUSE AND KITCHEN, with out-building, formerly occupied as a dwelling, but now used as a shop and wash-house, and other necessary out-buildings. The lot

CONTAINS SIXTY-FOUR PERCHES, is in good order, under good fencing, and well stocked with fruit trees, such as peaches, plums, apples, cherries, Grapes, &c. TERMS OF SALE.—One half of the purchase money is to be paid on the 1st of April, 1875, and the remainder in one year thereafter, the purchasers giving notes for both payments with approved security, bearing interest from the day of sale or the ratification thereof. Possession given when the sale is ratified. aug 13t W. B. STEWART, Ex'r.

KEARNEY'S

FLUID EXTRACT BUCHU is the only known remedy for BRIGHT'S DISEASE, and a positive remedy for Gout, Gravel, Strictures, Diabetes, Dyspepsia, Nervous Debility, Dropsy, Female Complaints, Non-Retention or Inconvenience of Urine, Irritation, Inflammation, or Ulceration of the BLADDER AND KIDNEYS, Spontaneous, Lencorrhoea or Whites, Irregular or Painful Meneses, Bearing Down, Chlorosis, Sterility and all complaints incident to females.

KEARNEY'S EXT. BUCHU for stone in the Bladder, Calculus Gravel or Brick-red Deposit and Mucus or Milky Discharges, and diseases of the Prostate Gland.

KEARNEY'S EXT. BUCHU cures diseases arising from imprudences, habits of dissipation, etc., in all their stages, at little expense, little or no change in diet no inconvenience and no exposure. It causes a frequent desire, and gives strength to Urinate, thereby removing obstructions preventing and curing Strictures of the Urethra, allaying pain and inflammation, and expelling all poisonous matter. Used by persons in the decline or change of life; after confinement or labor pains, etc.

Prof. Steele says: 'One bottle of Kearney's Extract Buchu is worth more than all other Buchus combined.'

KEARNEY'S EXT. BUCHU permanently cures all affections of the bladder, kidneys, and dropsical swellings existing in men, women and children, no matter what the age. Ask for Kearney's. Take no other. Price One Dollar per Bottle, or Six Bottles for Five Dollars.

DEPOT, 104 DUANE STREET, N. Y. A physician in attendance to answer correspondence and give advice gratis. Send stamp for pamphlets free.

For Sale by Druggists everywhere.

Avoid Quacks & Impostors.

No Charge for Advice or Consultation. Dr. J. B. Dyott, graduate of Jefferson Medical College, Philadelphia, author of several valuable works, can be consulted on all diseases of the Sexual or Urinary Organs (which he has made an especial study of) in male or female, no matter from what cause originating or how long standing. A practice of 30 years enables him to treat diseases with success. Cures guaranteed.—Charges reasonable. Those at a distance can forward letter describing symptoms and enclosing stamp to prepay postage. Send for Guide to Health. Price 10 cts. J. B. DYOTT, M. D., Physician & Surgeon, 104 Duane street, New York.
