

Is widely known as one of the most effectual remedies ever discovered for eleansing the sys-tem and purifying the blood. It has stood the test of years, with a con-

stantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great cor-ruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked-in the system for years, soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of Scrofula, and all scrofulous diseases, of Scroiula, and all scroiulous diseases, Uicers, Eruptions, and cruptive disorders of the skin, Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, and internal Uicerations of the Uterus, Stomach, and Liver. It also cures other complaint to which it would not seem especie.

and Liver. It also cures other complaints, to which it would not seem especially adapted, such as Dropsy, Dyspepsin, Fits, Neuralgin, Heart Disease, Female Weakness, Debility, and Leucorrhoea, when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people, feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of on with renewed vigor and a new lease of

In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.
