

Waynesboro Village Record.

Thursday, November 5, '14.

West Virginia has 110 Granger Lodges.

George Reynolds, of Salt Lake City, has been indicted for polygamy under the congressional law of 1872 and held to bail.

On Sunday week, while three sailors were walking along Thames street Baltimore, conversing with each other, one of them named D. R. English pulled out a pistol and placed it against the head of one of his comrades, named Crowley, to illustrate a story he was telling, when the pistol went off, instantly killing Crowley.

A Shoemaker has just died in a lunatic asylum in England, in whose stomach was found, after death, one pound ten ounces of iron nails, several pieces of strap iron, and an awl without a handle. There were 1,639 nails. Take warning ye crispins who take your pegs and jacks in to your mouths.

Active measures are being taken in the West for the relief of the unfortunate farmers in Nebraska whose crops have been eaten up by grasshoppers. There is great destitution in some localities, and probably the appeal for aid will be sent across the mountains to the benevolent people of the East. It is asserted that the deplorable condition of the people has been concealed by land speculators and immigrant agents who feared that if the whole truth was known their business would receive a serious check.

It is estimated that of 12,000,000 of women in America, 11,000,000 wear calico dresses, more or less; that the spirit of economy has, during the past year, induced them to forego one dress apiece from their usual outfit; that the average calico dress contains eleven yards, and that, consequently, there has been a loss to the trade by this retrenchment of 121,000,000 yards. This is nearly the entire product of all the mills of Massachusetts for a year.

The fanatic Kullman, who attempted to assassinate Bismarck, was convicted and sentenced to fourteen years imprisonment and the deprivation of his political rights for ten years. The comparative leniency of the punishment is to be attributed to the fact that on medical testimony Kullman's mind was judged to be so tainted with insanity that he was only partially responsible for his acts. But for this mitigating circumstance the sentence would have been much heavier.

On Thursday, President Grant issued the regular annual Thanksgiving proclamation, appointing Thursday, Nov. 26th, as a day of rest, thanksgiving and praise. He says "We are reminded by the changing seasons that it is time to pause in our daily avocations and offer thanks to Almighty God for the mercies and abundance of the year which is drawing to a close. The blessings of free government continue to be vouchsafed to us, the earth has responded to the labor of the husbandman, the land has been free from pestilence, internal order is being maintained, and peace with other Powers has prevailed. It is fitting that at stated periods we should cease from our accustomed pursuits and from the turmoil of our lives and unite in thankfulness for the past, and in the cultivation of kindly feelings toward each other."

Mr. Joseph F. Perdue, one of Underbrook's counsel, had a long interview on Saturday with the prisoner, during which the latter manifested the utmost coolness with reference to the scene in which he is to play the most important part on November 12th. He spoke of all the arrangements with perfect indifference and when asked when he would see his wife, he replied he had no desire to meet her at present, alleging that she might disturb his preparation for the other world, which he considered would monopolize all the time he had left. As to the disposal of his body, his wish is, that it be handed to the order of American Mechanics; and second, if they refuse it, that it be deposited in the Willistown church yard.

He also referred to the fact that the bed-clothing he had in his cell belonged to his mother, and said he would have plenty of time on the morning of the execution to box it up and direct it to her. He has no hope of a respite and still maintains that he is innocent of the crime of which he was convicted.

Thousands of people are reported suffering in Southwestern Nebraska owing to the grasshopper ravages. Many have lived for several weeks on pumpkins and salt, and others on baked flour and water, one meal a day. Ten thousand people in Nebraska will need aid sufficient to keep them from starvation and cold during the winter. Hundreds of people are naked and on the verge of starvation, and without means to leave the State.

We are glad to see that in one case, at least, friendship has not interfered with the prosecution before the courts of one friend for carelessly aiming a pistol at another friend and letting it go off supposing all the time it was not loaded. One Lewis Kruman, of Baltimore, has gained a verdict of \$5,000 against Nicholas Reich for injuries thus received.

Local News.

Thanksgiving, Thursday, 26th.

Swelling—our subscription list.

Wild pigeons have departed from fields and pastures new.

Boys save your pennies—Christmas is only 50 days off.

Postmaster Nevin has recovered from his recent illness and is again at his post.

Hickory Wood.—A couple of loads of hickory wood will be taken at this office on account.

Large Cabbage.—Mr. Abram. Short of this place brings a head of cabbage which weighs 19 1/2 pounds.

Seeds.—The "old miller" across the way, Pap Elden, is still actively engaged in the purchase and sale of seed, timothy and clover.

The hog disease is prevailing with great fatality in different sections of the country. A number of cases are reported in this vicinity.

Sudden Death.—Mr. Jacob Shank, a well-known farmer and much esteemed citizen, after a brief illness expired at his residence near this place on Tuesday morning. His disease is said to have been rheumatism of the stomach.

Deceased.—Mr. Joseph Frey an aged and much respected citizen died suddenly of heart disease at his residence in Chambersburg on Wednesday morning of last week.

Religious.—Rev. Mr. Schaeffer, who has been absent for several weeks is expected home this week and will preach as usual on Sunday next, morning and evening, in St. Paul's Reformed Chapel.

The eccentric traveling street preacher, Rev. Andrew Jackson Kearny, reached our town on Saturday last and in the evening held forth on the diamond for an hour or more, to a respectable audience, so fat at least as numbers were concerned.

Lecture.—The Rev. Jesse B. Young will deliver his famous lecture, entitled "Echoes from Round Top," in the Methodist Church of this place, Friday evening, November 20th. Tickets of admission will be sold at reasonable rates.

Farm for Sale.—The mansion farm belonging to Henry Besore, dec'd, is offered at public sale in to-day's paper by the administrators, Messrs. Lecon & Besore. This is a very desirable homestead.

Hagerstown Almanacs were never plentier or cheaper. The standing price it seems is five cents, with enough in market to supply every man, woman and child in town and neighborhood.

About two o'clock on Saturday morning last the Sash and Door Factory of Wm. A. Hazlet, in Chambersburg, was entirely destroyed by fire involving a loss of \$21,500.00 upon which there was but \$1000 insurance.

The Election.—The election held on Tuesday passed off quietly, but little interest apparently was manifested as to the result. The vote was light only 592 having been polled. The Republican majority on the State ticket is 15. We will give the result officially in our next issue.

Selling.—We understand Mr. L. C. Brackbill, general agent for the King Plating Iron has recently made some important sales of territory to several responsible citizens of this place and vicinity. The Iron where introduced has so far given general satisfaction.

Sunday Nov. 8th has been set apart as a day of special prayer in behalf of the Y. M. C. Association throughout the world. A meeting for that purpose will be held in the Lutheran church next Sunday at 3 o'clock. A general attendance is requested.

Sunday School Convention.—The Second Annual Session of the Union Sunday School Convention of Franklin county, will be held in Chambersburg, on the 17, 18th and 19th insts. The place of holding the sessions will be the First M. E. Church.

The Valley Register, published at Middletown, Md. says a colored man named Benj. McCloud, charged with stealing hogs in the vicinity of Waynesboro' and selling them to parties at Mechanicstown, was arrested at the latter place on Sunday night a week and committed to jail. We understand the hogs belonged to Samuel Nicodemus.

Bad Boys.—There has been more or less rowdiness on our streets of Saturday nights for some time. We understand the Council have determined that this state of things shall not be longer tolerated.—High Constable Miller, with assistants will therefore be regularly on duty hereafter, and we advise mischievous chaps and "big boys" for whom the Lock Up has any terror to be on the alert.

The Weather.—A sudden change in the weather took place on Saturday last, and instead of an atmosphere so spring-like which we had enjoyed for a couple of weeks, a cold north-west wind prevailed with snow flakes flying at times in the air. During Saturday night ice formed to the thickness of a quarter of an inch. The weather has since moderated, but is still quite chilly of mornings and evenings rendering warm fires indispensable.

Mr. Blair.—We visited the Grammar School in Waynesboro' on the 29th Oct. '14, long enough to form an opinion of it. We see a great contrast between the condition of schools as they were in 1870 and as they are now. Your readers know what miserable houses were used over a quarter of a century ago, and what a good building has supplanted them. To go in to details of the disadvantages both in the instruments and in the plan of teaching then enjoyed would cover a page of your paper. My mind is carried back to that picture and then to this. If children will not learn enough of that which is necessary to enable one to get along in this world, then it is because nature has not bestowed upon them sufficient mental capacity, or the parents have not given due restraint and instruction in the nursery, or the parents and children have not valued punctuality as they should. Although the school is not supplied with sufficient teachers, yet the youth of to-day has advantages which should make them feel thankful to Providence. As the school now is, we will venture to put it up against any in Franklin County, and gain the medal.

We next passed to Secondary where the children had just come in from recreation. The first exercise was Object Lessons in Nat. History. Our attention was divided by the sweet soul stirring music in the adjoining, or primary school. How many of my readers who are near the zenith of life, looking towards the setting sun, can recall the lovely days, never to return, when they attended school, and can think of the joys that they had in singing of "The love of Jesus!" Nay, the hickory or the white oak rod coming in contact with the pupils back was the timekeeper, while the song of the "objective case" was like the lamentations of Jeremiah the Prophet. The brimstone furnace prepared for the disobedient, and the schools of those days were objects not much different in their effects produced upon the fearful and timid minds of children. Darkness has passed away to give place for bright or light.

Railroad Talk.—One of our most prominent citizens who returned from Hanover a few days since informs us that he was told there upon undoubted authority that it is the purpose of the Hanover Railroad Company to extend the Gettysburg Road as far as Fairfield next season and if sufficient encouragement in stock subscriptions is given East of the Mountain and along the route it will be brought to this place, and that the company finally contemplate a connection with the Baltimore and Ohio Railroad. He is under the impression, however, that if these subscriptions are withheld a connection will be made with the W. M. Railroad, for a time at least, when the extension will be made to tap the B. & O. R. R. at or near Cumberland. This is about the import of the conversation to which we refer and we give it because it is reliable, and further to encourage those who have been looking so long for a railroad in that direction.

Premiums.—Among the premiums awarded at the recent Frederick county (Md.) Agricultural Fair we notice the following were awarded Messrs. Stewart & Price of that city, formerly of this vicinity: Best Cultivator, \$5; best Horse Rake, \$5; best Reaper and Mower combined, \$15; best Sweep Horse Power, \$10; best Thresher, Cleaner and Separator, \$15; best Straw Carrier-Separator, \$5; best Hay or Straw Cutter, Horse Power, \$5; best Hay or Straw Cutter, hand power, \$3; best Corn Sheller, hand power, \$3; best Corn Cob Crusher, \$5; best Fanning Mill, \$5; best Seed Cleaning Screen, \$3; best lot of Hay and Dung Forks, \$2; best Cider Mill and Press, \$3; Stover Wind Mill and Pump; Eclipse Portable Steam Engine, (Frick & Co's) best Rye Thresher; best Reaper and Mower; best Cultivator; best Horse Rake.

Indian Summer.—Indian Summer, with hazy skies, smoky atmosphere, reddening sun, and tinted lights and shadows, has come once more on its annual round, and forest, field and landscape lie dreaming in its romantic and half-melancholy glow. The summer is dead; the songs of birds are hushed; the many fingered zephyrs that lately toyed with the roses and whispored sweet love-tales to the brightening leaves are stilled, as if Nature pauses to muse for a while, and to gaze fondly back upon the bright world she had made for us in the "flush of the year," and seems to be touched with a gentle sorrow for the winter's desolation that must soon come.

An Aged Citizen.—Mr. John Benchoff, an aged and respected citizen of this township, died at his residence near Monterey, on the 24th ult., being in the 95th year of his age. He was born near Monterey, on the 4th day of January, 1780, and died on the 26th day of October, 1874, thus making his age 94 years, 9 months and 22 days. He was the father of 14 children; had 77 grand-children, and 45 great-grand-children—making a total of 136.

He was the oldest male citizen in the township, except Mr. David Stoner, sen., of this vicinity, who is in the 98th or 97th year of his age. His funeral was largely attended, and the funeral services were conducted by Rev. Mr. Keedy (Lutheran) and Rev. Mr. Gould, (Methodist). His remains were interred on the home farm.

See advt. T. H. Hollingsworth.

Fire on the Mountain.—On Thursday afternoon last the South Mountain was fired near Zantmyre's old tan-yard by sparks from a passing engine. Everything being very dry the fire by evening had extended a distance of four or five miles, and before morning had reached the other side of the mountain. The loss of young timber, rails, wood, etc. has necessarily been very great, but as to this we are without any particulars. Up to Monday evening last the work of destruction was still going on.

A Local Convention, under the direction of the Executive Committee of the Y. M. C. Association of Pa. will be held in Greencastle on the 10th and 11th of November, all the associations of this county and Hagerstown Md., will send representatives. The State Secretary and several members of the State Executive committee will be present. All persons who may feel interested in the cause are cordially invited to be present.

Smithburg Treas.—The recent fire on the South Mountain, along the line of the W. M. R. R., consumed a large amount of fencing for Jno. Welty, Esq., on his farm lying on the line of the road near the Stouffer Water tank. It is said these fires originate through carelessness on the part of the Engineers, neglecting to use their fire screens and thereby prevent burning coal flying from the smoke stack. Several of the sufferers from the fire contemplate prosecuting the R. R. Road Company to recover damages caused by their negligence.

As Mr. Daniel Lecrone, living near this place, was driving toward Hagerstown on Saturday the 24th day of Oct. on the Marsh Turnpike his horse took fright near the Paradise school house, and ran away throwing him from the buggy. The shafts becoming detached the horse ran a considerable distance before he was caught. The buggy was badly broken but Mr. Lecrone escaped with very little personal injury.

In Smithsburg on the 31st ult., of injuries received on the W. M. R. R. two years ago, Mr. Edward Houck aged 48 yrs. 11 months and 29 days. The Smithsburg Sunday School (Lutheran) has appointed Rev. X. J. Richardson and J. W. Barkdoll, delegates to the Maryland State S. Convention to meet in Fred'k. city on the 17th, 18th, and 19th of November.

Duff's Mercantile College.—The name "Duff" is synonymous with the very idea of book-keeping in this community. Over thirty-four years ago this highly successful Institution opened its doors for the education of young men in the science of book-keeping, &c. Since that time hundreds, yes, even thousands, hailing from all sections of the country have graduated from the College, until the name of "Duff" has become engrained on the minds of almost every business firm throughout the Union.

Duff's System of Book-keeping, published years ago by Harper Bros., and subsequently republished, until many editions have appeared, is still acknowledged as the best work of the kind ever offered to the public. It has been adopted as the standard throughout the country, and its completeness is confessed by all who have used it. The Messrs. Duff have brought to its management a thorough understanding of general business. We would advise our readers to write for circular to P. DUFF & Sons, Pittsburg, Pa.
