Extraordinary Counterfeit.

Some months since the Secretary of the Treasury gave instructions to the United States Mint to collect specimens of counterfeit coins in circulation, for the purpose of examination and report. This has led to the discovery of one of a very singular character. The Washington Union, which makes the affair public, states that the piece purports to be a Mexican dollar, coined at the city of Mexico in 1851. Two pieces have been assayed, and give an average fineness of 776 thousandths, and a consequent value of 911 cents in silver; but, strange to say, the amount of gold contained in them is sufficient to add 12 cents to the value of each, after. paying the charge of separating, making a net value of 1034 cents; and if to this the usual premium on silver is added, the worth of this counterfeit coin is actually 109 cents. The quality of the silver in these dollars proves them to be a spurious issue. There is also an irregularity in the letters MEXICA-NA, which is regarded as a test for throwing them out, as we learn from a source familiar with them in Mexico, where they appear to have had at times a considerable circulation. The silver produced by the Mexican mines is understood to contain gold, but generally too small an amount to defray the expense of parting. In making the coins in question, it would seem that silver more auriferous than usual had fallen into hands capable of the double dishonesty of cheating the public and themselves at the same time. Though there are probably some specimens of this singular counterteit among the Mexican dollars in circulation, it is not at all probable that they are sufficiently numerous in this country to excite attention other than as curiosities.

Slavery Restriction Not Repealed.

In the Joint Resolution for Annexing Texas to the United States, passed by Congress and approved by John Tyler, May 2, 1845, (see Whig Almanac, 1846, p. 55-6,) we read as follows

" Third : New States, of convenient size, not exceeding four in number, in addition to the said State of Texas, and having sufficient population, may hereafter, by the consent of said State, be formed out of the Territory thereof, which shall be entitled to admission under the provisions of the Federal Constitution; and such States as may be formed out of that portion of said territory lying south of thirty-six degrees thirty minutes north-latitude, commonly known as the Missouri Compromise line, shall be admitted into the Union with or without Slavery, as the Peopie ol each State asking admission may desire. And in such State or States as shall be formed out of said territory north of said Compromise line, Slavery or involuntary servitude (except for crime) shall be prohibitež

As this arrangement has never, to our knowledge, been repealed, we do not see how Slavery is to be got into New Mexico this side of the Rio Grande, even if the people should ever desire :.

# GENERAL TEMPERANCE MOVEMENTS.

CHOLERA ON THE LAKES .- On Tuesday morning, the brig Virginia was towed into the port of Cleveland, Ohio. The brig left Toledo on Saturday night, with a crew consisting of captain, mate, and five seamen. Shortly after leaving, the captain and three of the crew died of cholera, and the others deserted the vessel. They took the yawl boat and rowed ashore, and reported the facts to the proper authorities, when he steam tug was despatched as above.

tion for it, is working well. Jackson, the Capital of the State, is in the hands of the temperance people. It is said that Natchez and Vicksburgh will both soon interdict all license. The Liquor Traffic is extensively carriec on between America and Africa. Freetown and Sierra Leone, towns in Africa, are very much injured by the importation, from America, of intoxicating drinks and tobacco. A writer in one of the American papers bitterly deplores the fact, that the same vessels that carry missionaries to foreign lands, carry out cargoes of rum to demoralze the heathen. Grogshops are very comimon in those towns, and hundreds of American whiskey barrels may be seen marked Cincinnati, Syracuse, &c. At Port Elizabeth, Africa, the temperance people are very active in favor of temperance. In Australia intemperance is terribly on the increase-society is quite demoralized by it. Societies are being formed to check i.

COST OF GOING TO EUROPE .---- To cross the ocean to Europe at the present increased rates colts about \$13 a day, and is about 31 cents 5 mile. This is in a first class steamer. In a packet, with good state room accommoda tions, it costs from \$2 to \$2,50 a day, which is about within a fraction of 2 cents a mile.

To cross, therefore, in a first class steamer, costs a monied man about what it would cost him in board and extras to remain in a first class hotel in New York; and to cross in a packet, costs one what it would cost without extras, to remain in a second class hotel in 'New York.

People who have plenty of money and leisure, can make their choice, between summering it or just seasoning it in New York, and going to Europe. What is strange, once in Europe, you. can live cheaper, upon the same table accommodations, than you can in New York. The hotels, however, are not the Palaces they are in New York .- Exchange Paper.

THE LIQUOR LAW IN RHODE ISLAND .-An amendatory anti-liquor bill has passed the House of Representatives of Rhode Island. it provides for the punishment of drunkards by a fine of five dollars, or imprisonment in nail for a term not exceeding thirty days. It provides 'further, that if he, the offending party, shall, while in the custody of the officer or the court, or after conviction and while imprisoned, disclose the name of the person, place, &c., of whom he obtained his liquor, and shall give evidence therefore upon complaint and warrant, he may be discharged. It provides further that any person who shall have furnished or given away intoxicating inquor of any kind to any person found intox. icated, he shall be subject to the penalties of the law. This bill passed the House by a vote of forty-five to twelve.

POPULAR SOVEREIGNTY .- This is the doctrine of the Nebraskaites, but Senator Tov-(ev, of Connecticut, having been instructed to vote against the swindle, refused to comply, says the Legislature are humbugs, and that he feels highly complimented by their censure. I
