Later from Europe. The Spanish Revolution Triumphant-Queen Christina a Fugitive.

The United States Mail steamer Atlantic from Liverpool Wednesday forenoon, 28th, arrived at this port on Saturday evening at 7

o'clock. There is a little from the seat of war. Every thing is apparently deferred to await the action of Austria. The hopes of Prussia supporting the western alliance becomes daily fainter. The fleets and armies remain as at last advices.

The news from Spain is interesting. Queen Christina and her infamous minions have been hunted out of the country. The insurrection has triumphed. Queen Isabella has been compelled to send for Espartero, and to instruct him to form a Government, the Rivas Ministry having resigned. It is not the intention of France or England to interfere in these Spanish dissensions .- N. Y. Tribune.
