as would beirayatheirs consiliuents on a question vital to the institutions of Freedomislative enactments, the most solumn and binding, after being enforced upon the country by the power and votes of slavery, are repealed under pretences false in fact, and insulting to our intelligence. Party platforms are erected at the bidding of Slavery, and when upon the faith of their honest observance its candidates are elected, they are treacherously violated, and new and more degrading tests of party fealty imposed.

I am a democrat—deeply imbued with the ideas and doctrines of that political school. iddas and doctrines of that political school.

My principles are safe. I have no fears of losing them. I know what they are, and whither they point; and when assailed shall defend them with the earnestness of a thorough conviction in their soundness and truth. I repel with scorn the insolent-mandates of the Administration, requiring adhesion to its the Administration, requiring adhesion to its the Administration, requiring adhesion to its that the same and measures as a test of democratic orthodoxy. Democracy had a life and history some time before this Administration abused its name and principles, and will survive its brief day of mischievous power. Not the least of the crimes of Slavery, is the attempt it has made to prostitute the name and principles of Democracy, in its assaults upon the Constitution and liberties of the country.

This Congressional District gave near 2500 majority for Gen. Pierce; and to this result I contributed by my vote. I trust the future will show how grossly he has outraged the principles of its intelligent and independent voters. Slavery demands entire submission to its policy, as a condition of its support, let candidates henceforth learn, that here at least in Pennsylvania, if nowhere else within the State, we require of them guaranties of fidelity to the principles and rights of Free-Very respectfully

Your ob't serv't D. WILMOT. WILLARD RICHARDSON, Esq., Harford, Susn'a Co., Pa.

School Directors.

The State appropriation cannot be paid untill the Annual Report, with the Certificate and Affidavil of the Board of Directors, are received by the County Superintendent. Blanks for the reports were forwarded to the Directors of all the Districts six weeks ago. Blanks for the certificate and affidavit of the President of the Board have also been forwarded. Yet only from about one-half of the districts have reports been received. A circular from the Department assures us that this report and affidavit are essential from every district before a warrant will be executed for the State appropriation. Again, theretore, we ask the Directors to bear with us in calling their attention to this business. There is no time to loose if you would have your papers in Harrisburg in time.

From some of the districts inquiries have been made respecting the examination of Teachers for the summer schools, which are now about closing. In a few cases I have visited such districts and examined teachers after their schools were nearly closed. This I have done for the purpose of making the best of a bad case. But I find it impossible to reach all the districts before the summer schools close. The fact is that no teacher should have been employed until he had soceived his certificate from the Board of Directors. Most of the summer schools had got fully in session before this new law commenced effectually, which was not till the middle of July. Some of the necessary papers are not even yet received from the Department by the County Superintendent. In every case where a school has been kept this summer by a teacher who had no legal certificate from the directors, such school was a was a private school and not a legal common school according to the School law-old or new-of this Commonwealth. To avoid this difficulty and rectify this mistake I have tried to reach all such districts as had illegal. schools, and examine their teachers. But the time is too short. I cannot get half round before nine-tenths of the schools are closed. The directors, therefore, will have to attend to those schools as their judgment and the law shall guide them in this exigencv. With their co-operation we will hope to commence all the schools right this winter. Schools generally in the villages of this counly commence, according to the best information your Superintendent can obtain, about the middle of September. Those in the rural districts commence about the first of December. It is desirable to obtain as great a uniformity as possible in the time of commencing our schools both in the full and spring. Over this the directors have the entire con trol. The Superintendent only speaks what he understands to be the general practice and desire of the directors on this subject, and therefore adopts the first of December as the general rule. Previous to this time, therelore, he will appoint a time and place in or

Boards of Directors throughout the county. The Superintendent has copies of the late School law, which he desires to furnish to all the officers of each Board of Directors, accompanied by a full digest and many decisions and opinions given by the Department A NEW and interesting Novel—"Flora Lyndsay," or Passages in an eventful Life—By Mrs. Moodie. For sale by POLEY & RICHARDS. on the minute and practical working of the law. These he will carry with him on his first visit to each district, as he is unwilling ! to burden the directors with the postage upon the same, and does not feel able to pay it all himself-first by express from Harrisburg, and secondly through the post-office to more than a hundred addresses. While upon this subject of postage the Superintendent desires to say to the directors, that in his correspondence with them he will continue to pay the postage on all matter sent to them, until he learns that those who have not thus far paid their postage have omitted to do so not thro' inadvertence but by design. Then taking i for granted that such directors as continue not to pay their postage, desire to do business in that way he will yield to their wishes. Aug. 16. J. F. CALKINS, Co. Sup'ti-

near every district, for the purpose of meet-

ing the directors and teachers of the same.

Of this time and place the directors and tea-

chers will receive notice through the papers

and also through notices sent by mail to all
