Tho great American Remedy for Fever & Ague, Rheumalism, Dysentery, Cholics, and Griping Pains, Bruises and Strains, Burns & Scalds, Fresh Wounds, Dyspepsia, Coughs & Colds.

AND ALLOTHER KINDRED DISEASES. THIS Medicine has proved, and will prove an unconditional PAIN DESTROYER in all cases, whether External or Internal. Hence it has received the appropriate name of "Death to Pain." It has, by being kept on hand by families who know its value, been the means of saving money, and of-ten life, by its timely use in sudden attacks, and in case of accidents. In all bruises and flesh wounds this Death-to-pain is the best embrocation that can be found. The soreness is immediately extracted -swellings reduced-and profuse bleeding stopped A single dose will case the most severe griping pains in the bowels, and a few applications will ease the severest rheumatic and nervous pains. Dyspepsia and: its train of diseaser is driven from its strong hold. "Fever and Ague," in the language of a western agent "can't stand before old Leddy and live." Indeed it is so with nearly every disease in the gatalogue. A Medicine for the Million!

The remedy is composed of a large number of articles, all entirely vegetable, each a remedial agent in itself, yet so united as to form a most powerful combination, and to take away one of these agents would materially detract. from its merits. One, and the most powerful, of these articles, is a root procured for this medicine only from the island of Taumago, in the South Pacific, called
