P. M. Circulars will be sent to each Board of Directors, notifying them of the appointment

with them. Will the Teachers from all parts of the county, who intend to teach in this county the coming winter, take particular pains to meet the Superintendent in some of these appointments through the, county, as the law is very definite, that no Teacher shall be employed in any common school in this State who has not a certificate from the County Superintendent: Private examinations at the house of the Superintendent, or anywhere, are hardly legal.

The Superintendent will carry with him a supply of blanks for reports of Teachers, of which the Directors can avail themselves if they choose.

He deems it proper, also, to state that by a recent decision of the department of schools, each Board of Directors have a right to furnish themselves with a copy of the Common School Journal, paying one dollar for the same out of the funds of the District. As their services are entirely gratuitous, it is right they should have this means of informing themselves respecting this whole subject, also gratuitously. The Superintendent will be pleased to order this Journal to the officers o' all such Boards of Directors as furnish him with the means, or they can order the same by sending one dollar to Hon. Thos. H. Burrows, Lancaster, Pa.

that the Directors pay all postage from the treasury of the district for their official communications both to and from the County Superintendent. Will the Directors please notice this, as hereafter all communications wil go to them unpaid, and all received from them unpaid, will be charged to the District whence they come.
