CHERRY PECTORAL For the rapid Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION

THIS remedy has won for itself such aotoriety from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evi-dences of its virtues in any community where it has been employed. So wide is the field of its usehas been employed. So wide is the field of its use-fulness, and so numerous the cases of its ourea, that almost every section of the country abounds in persons publicly known, who have been restored from alarhing and even desperate diseases of the lunge by its use. When once tried its superiority over every other medicine of its kind is too appa-rent to escape observation, and where its virtues are known, the public no.longer hesitate what antidote to employ for the distressing and dangerous affec-tions of the pulmonary organs which are incident to our climate: And not only in formidable at-tacks upon the lungs, but for the milder varieties of Colubi Ocudity, Hoansavzas, &c.; and for CHILDERY it's file pleasantest and safet medicine that can be obtained.

Children to be obtained. As it has long been in contant use throughout this section, we nich not do more than assure the people its quality, is kept up to the best that it ever has been, and that the genuine article is sold by ---
