THE NEW YORK TRIBUNE DAILY 16, SEMIWEEKLY, 21 WEEK. T. 32 ALWAYS IN ADVANCE

อมาริ THE WEEKLY TRIBUNE commences

L its XIVth analysi volume with the month of, Soptember-commences it with a circulation (115, 000) larger than was over before accorded to any general newspaper whatever. This chroniation has been gradually and laboriously attained by concen-trating upon THIS TRIBUNE the best efforts of many editors and correspondents, and by a greater, liberality of outlay in each department than was probably lever before risked on any journal, ...It has been attained, not by salling smoothly in the current of Opinion before that wind and baaking in the amiles of majorities, but by an earnest, fearless de-votion to TRUTH and PROGRESS as above all partisan exigencies, all temporary interests, all momentary illusions of popularity and success: ITS THOROUGH ADVOCACY OF TEMPERANCE AND LIQUOR PROHIBITION, OF JUSTICE TO THE DESPISED AND DOWN-TRODDEN, AND OF THE EQUAL AND INALIENABLE RIGHTS OF THE HUMAN RACE IRRES-ECTIVE OF SEX OR COLOR, have from time to time repelled many sunshing friends, whose pre-judices or seeming interests were thereby contraven: ed, but have, combined to form a character which it will endeavor to maintain, and assign it a position among journals which we feel that it will be hence-forth a success not to impair. The leading ideas to which THE TRIBUNE is

levoted may be briefly set forth as follows: 1, FRBEDOM, to do whatever is essentially

ight-not slone for which Americans, or Angle Suxons or Caucasians even-not for one Race to letermine whether they will or will not hold another Race in abject bondage-but for every Race and Nation, and every adult rational human being .-This Freedom is rightfully absolute in the broad do-main of Opinion, and involves the equal and impera-

tive right to Political Franchises; 2. ORDER, or the necessary right of the legally indicated majority to interdict in the sphere of action all practices which it deems demoralizing, there fore prejudicial to the common weal;

3. BENEFICENCE, or the wisdom and policy of employing the resources and credit of the commanity to accomplish works of general and un-qoestioned utility to which individual means are indquate, or which, though eminently conductive to the public good, do not promise to relimburge, to their direct or indirect income the outluy required by their construction; 4. INDUSTRIAL DEVELOPMENT, as then

orner stone of a true and benignant National Policy, counting the naturalization of a new and valua ble art or produce of the soil as more important than the acquisition of a fresh province or island, and equality within the legitimate sphere of National oncern and National effort; 5. PEACE, as a vital condition of true Progress

be cherished by the most anxious, assiduous study to proffer as readily as we are prono to réquire redress for every wrong, and never to be sur-rendered except at the cull of endangéred Liberty-Such are the chief landmarks by which THE TRI-BUNE directs its course. But a small portion of THE TRIBUNE is alloted to what is currently distinguished as light reading: but reviews of New Books of decided interest. with choice extracts illustrating their quality are freely given, while the great body of uur paper is devoted to a lucid and careful digest of the NEWS OF THE DAY, with Editorial comments thereas. We have reliable Correspondents in each quarter of the-globe, and in nearly all the principal cities of Europe and America, and their letters will aid our

into one gigantic arena for the death-struggle of ri-

Daily, nor could our Daily be sustained at its price without the ald of our Country Editors. Large as our clroulation is, it would involve us in rainous loss but for the receipts of Advertising. We believe that in THE TRIBUNE is realized the largest variety Black Brown Dath and extension of solid information, concerning the events of the day which has been or can be combined will extreme cheaphies; and in that faith we, conneed it to the avorable regard; of the reading public.
