

county superintendent of common schools... against Madison county; also, remonstrance against repeal of law creating county superintendent of common schools.

Mr. Fry moved the House take up the Senate Bill, relative to the final adjournment of the Legislature; which was agreed to.

The resolution being before the House, Mr. North offered a substitute, providing for the re-assembling of the two Houses in joint convention, on the 1st day of April, to proceed to the election of a United States Senator.

Mr. McCombs raised a question of order upon the relevancy of the substitute.

The Speaker decided the substitute to be out of order.

The question recurring on the resolution for a final adjournment, Mr. Thompson moved to postpone the further consideration of the resolution until this day one week.

Mr. Fry would have no objection to postpone for one week, if business would thereby be forwarded. It was due to the people that a day for adjournment should be fixed, and by postponing one week, the House would be no nearer a decision than now.

Mr. Frailey said, that the most important business was not matured, and often, when it had been carefully matured, had to be entirely altered when brought before the House, as in the case of the bill for the sale of the main line.

So it would be with the appropriation bill, and all the important business of the session.

The constituents of gentlemen were not uneasy at the length of the session; other Legislatures had remained before, as he predicted this would do, until the middle of May.

Mr. McCombs thought that all experience had demonstrated that the longer the session, the more business accumulates.

The motion to postpone the resolution for one week, was then withdrawn.

Mr. Frailey moved to amend, by substituting the first Monday in May, as the day for final adjournment.

Mr. McCombs moved to amend the amendment, by substituting the fourth Tuesday in April, the 24th.

The discussion was continued by Messrs. Cummings, Stewart, Ball and Dunning.

The amendment to the amendment, fixing Tuesday the 24th of April, was agreed to, as follows:—Yeas 51, nays 25.

It is observable that in making appointments to office, Governor Pollock has almost entirely, if not altogether, overlooked the members of the Free Soil party.

Whigs have received favors, and old line Democrats who voted for Pierce, but no Free Soilers.

We do not complain of this. It may be accounted for in one or two ways. We are not aware of a single Free Soiler being an applicant for place.

This class of politicians has been long contending for great principles of reform, and have not courted either the honors or emoluments of office; else they could have had them.

Then the Whigs and Democrats, that used to be, having been long used in turns to the article of diet called treasury paper, which they say tastes morish.

It is said to be the case, and our private belief is that it is true; that men used to roast beef and eat ceteras for common, lose their relish for hog and hominy; and that those accustomed from youth to the latter diet, have no unpleasant hankering after the former.

The Free Soilers therefore may console themselves with the benediction of the old black preacher in the South—"blessed am those who don't expect nothin, kase they aint a gwine to be disappointed."

PREPAY YOUR LETTERS.—On and after the first of April, all letters for places in the United States, passing through the Post Office, must be prepaid, or they will remain in the office where they are dropped.

There is an old lady in Troy so full of sympathy, that every time her ducks take a bath in the mud gutter, she dries their feet by the fire to keep them from catching cold.

SPENCER & THOMSON, Attorneys & Counselors at Law, CORNING, Steuben County, New York.

STARTLING, BUT TRUE! WHAT EVERY WOMAN SHOULD KNOW. How often it happens, that the wife lingers from year to year in that miserable condition as not even for one day, to feel the happy and exhilarating influence of the enjoyment of health.

THE BLOOMING BRIDE. But a few years ago, in the flush of health and youth, and buoyant of spirits, rapidly, and apparently inexplicably, became a feeble, sickly, sorrow, debilitated wife, with frame emaciated, nerves unstrung, and countenance bearing the impress of suffering, and an aching, painful neural prostration, arising from ignorance of the simplest and plainest rules of health as connected with the marriage state.

HEREDITARY COMPLAINTS UPON THE CHILDREN. "UNTO THE THIRD AND FOURTH GENERATION." Transmitted CONSUMPTION, SCROFULA, RHEUMATISM, GOUT, GRAVEL, KING'S EVIL, and other such worse Diseases, as a DREADFUL INHERITANCE FROM THE PARENTS.

THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION, BY DR. A. J. MAURICAUCO, PROFESSOR OF DISEASES OF WOMEN. One Hundredth Edition, (500,000), 18mo., pp. 250. [25 Cts.]

ONE HUNDRED THOUSAND COPIES. have been sold, of which there were upwards of ONE HUNDRED THOUSAND SENT BY MAIL, attesting the high estimation in which it is held as a reliable popular Medical.

BOOK FOR EVERY FEMALE the author having devoted his exclusive attention to the special needs of the female sex in respect to which he is largely consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character, causes, and the proper remedies for, her complaints.

The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all the peculiarities incident to her situation are described.

How many are suffering from obstructions or irregularities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicate forbids seeking medical advice.

Many suffering from prostrating uteri (falling of the womb), or from brain (weakness, debility, &c.) Many are in constant agony for many months preceding confinement. Many have difficulty if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are hazarded during such time, will find in it the means of prevention, amelioration and relief.

It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage. Reader, are you a husband or a wife? or a mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will avail you and your years, as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, incapacitating the mind for its ordinary avocations, and exhausting those means for medical attendance, medicines and advertised nostrums which otherwise would provide for declining years, the infirmities of age and the proper education of your children.

In consequence of the universal popularity of the work, as evidenced by an extraordinary sale, various impositions have been attempted, as well on bookellers as on the public, by imitations of style, spurious editions, and other unscrupulous and dishonest practices, and other devices and deceptions, it has been found necessary, therefore, to

CAUTION THE PUBLIC to buy no book but the work "Dr. A. J. MAURICAUCO'S PRIVATE MEDICAL COMPANION" in the original title, and in the hands of only of respectable and honorable dealers, or send by mail, and address to Dr. A. J. MAURICAUCO.

Upon receipt of One Dollar "THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION" is sent (mailed free) to any part of the United States, the Canada and British Provinces. All payments must be made in advance to Dr. A. J. MAURICAUCO, Box 1224, New-York City. Publishing Office, No. 129 Liberty Street, New-York.

MECHANICS, INVENTORS & MANUFACTURERS! \$70 In Cash Prizes \$70. VOLUME X of the "SCIENTIFIC AMERICAN" commenced on the 15th of September.

It is chiefly devoted to the advancement of the interests of MECHANICS, INVENTORS, MANUFACTURERS & FARMERS, and is edited by men practically skilled in the Arts and Sciences.

Probably no other journal of the same character is so extensively circulated, or so generally esteemed for its practical utility. Nearly all the valuable Patents which issue Weekly from the Patent Office are illustrated with Engravings, and the claims of all the Patents are published regularly in its columns as they are issued, thus making it a perfect SCIENTIFIC and MECHANICAL ENCYCLOPEDIA of information upon the subjects of Mechanical improvements, Chemistry, Engineering and the Sciences generally.

It is published weekly in quarto form, suitable for the best of all the valuable Patents which issue Weekly from the Patent Office are illustrated with Engravings, and the claims of all the Patents are published regularly in its columns as they are issued, thus making it a perfect SCIENTIFIC and MECHANICAL ENCYCLOPEDIA of information upon the subjects of Mechanical improvements, Chemistry, Engineering and the Sciences generally.
