

FOR THE FARMER

The fruit of the vine is universally admired. Its pleasant sub-acid flavor renders it peculiarly excellent for infants and the aged...

In setting currants, the soil in the first place should be well prepared by plowing, digging, and reduced to a very fine tilth...

The plants should be kept well weeded, and be watered the first year, if the season be dry. By removing all the leaf buds except some few...

Use ALL YOUR LAND.—How often do we see men adding acre to acre, for the mere sake of having a large farm to cultivate...

Apple Trees from the Seed.—Mr. Geo. W. Peters, an old settler in Washington county, in the town of Scio, informs us that in 1827, he procured from Detroit, a bushel of very good, large, red, fall apples...

OATS.—The sooner this crop can be got in after the frost is out of the ground the better. It is futile to attempt any particular time to sow oats, as the time must be determined by the locality.

Important, Very.—ALL PERSONS knowing themselves indebted, for subscriptions to the "Wellborough Advertiser," or otherwise, either by Note or Book Account, are requested to make immediate payment...

LADIES, just drop in at J. E. Bowen's cheap store and examine his Bargain Baggies, Delaines, Lawns, Black Silks, Ginghams, Crapes and Silk Shawls, and save your ten per cent.

ROLLING CLOVER SEED IN PLASTER.—It is said that if clover is moistened with water and then dried by rolling it in plaster, the effect is decidedly beneficial.

BUSINESS DIRECTORY

THE AGITATOR is published every Tuesday Morning, and furnished to subscribers at the rate of one year in advance...

From A. Woodward, M. D., of Penn University Philadelphia.—It gives me pleasure to add my testimony to the professional ability of the author of the Medical Manual. Numerous cases of Disease of the Genital Organs, some of them of long standing have come under my notice, in which his skill has been manifest in restoring to perfect health in some cases where the patient has been considered beyond medical aid.
