It was first published in 1847, since which time

FIVE HUNDRED THOUSAND COPIES baye been sold, of which there were upwards of ONE HUNDRED THOUSAND SENT BY MAIL. attosting the high estimation in which it is held as a re-liable popular Medical BOOK FOR EVERY FEMALE

the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter. Here every woman can discover, by comparing her own symptoms with those described, the nature, character,

causes of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would becasion anxiety or alarm as all the peculiarities incident to her situation are described.

How many are suffering from obstructions or irregularifies peculiar to the female system, which unforming the health, the effects of which they are ignorant, and for which their delicacy farbids seeking medical advice. Many suffering from prolapsus uters (falling of the womb), or from fator albus (weakness, debility, &c.) Many are in constant agony for many months preceding confinement. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are hazarded during such time, will each find in its pages the means of prevention, amelloration and relief.

It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage. Reader, are you a husband or a father? a wife or a mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and hap-

piness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, incapacitating the mind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advertised nostrums which otherwise would provide for declining years, the infirmities of age and the proper education of your children.

In consequence of the universal popularity of the work, a ovidenced by its extraordinary sale, various imposias ordericed by its extraordinary sale, various imposi-tions have been attempted, as well on booksellers as on the public, by imitations of sitle page, spurious editions, and surreptitious infringements of copyright, and other derices and deceptions, it has been found necessary,

CAUTION THE PUBLIC to buy no book unless the words "Dr. A. M. MAURICEAU, 129 Liberty Street, N. Y.," is on (and the entry in the Clerk's Office on the back of) the title page; and buy only of respectable and honorable dealers, or send by mail, and address to Lr A. M. Mauriceau.
